COUNTY DEPARTMENT AGENDA REQUEST

Department:	Health Department	Presenter(s):	Jack Krakeel
Meeting Date:	Wednesday, August 3, 2011	Type of Request:	Old Business

Wording for the Agenda:

Consideration of further information related to the relocation of the Office of Women, Infants, and Children (WIC).

Background/History/Details:

Currently the District 4 WIC Program is located inside the Health Department in the Administrative Complex. Efforts have been underway for many months to find a new location for this service. Health District 4 submitted a funding request to the state WIC office which was approved to pay for the relocation of a WIC building purchased from Coweta County to house the Fayette County WIC Program. The funds can be used for moving the building, relocation costs, and site preparation. Once the building is in place, local District 4 WIC funds will pay the ongoing monthly expenses (utilities, janitorial services, telephone, internet, etc.).

Efforts thus far to find a suitable site on which to locate the WIC Office have not worked out. At the Board's July Workshop there was discussion about a site belonging to the County off Long Avenue inside the Fayetteville City Limits. Staff was asked to investigate the feasibility of that site and to report back to the Board.

What action are you seeking from the Board of Commissioners?
