Consideration of staff's recommendation for a designated vendor to provide the County's employee health insurance services.

Background/History/Details:

At the February 4 Workshop, the Board of Commissioners heard from the County's current providers of employee health insurance who outlined options the County may want to consider, including a self-insurance option. The Board directed staff to investigate means by which the County could save money in this area and to development recommendations for how to keep costs down as much as possible and a recommendation for a vendor or vendors to provide coverage or to administer a self-funded program.

The County's employee health insurance renews on June 1 each year so a decision is needed.

NEW BUSINESS:

D. Discussion with Blue Cross/Blue Shield consultant on issues pertaining to health insurance.

Mr. Al Jones, Mr. Brad Dumon, and Mr. David Paulk, representing the Association County Commissioners of Georgia (ACCG) and Fayette County's health insurance provider, Blue Cross/Blue Shield, gave a presentation to the Board concerning healthcare insurance options available to Fayette County and the different structures the County may consider regarding the delivery of healthcare services and insurance coverage for Fayette County employees. Discussion followed Mr. Al Jones' initial presentation. Mr. Dumon agreed to provide a list of all the various options available to the Board for its review.

The Board further directed staff to continue investigating the self-funded aspect of health insurance, and for County Administrator Jack Krakeel to meet with ACCG representatives in the following week to further discuss the issue. A copy of the request and presentation material, identified as "Attachment 4", follow these minutes and are made an official part hereof.

BOARD REPORTS:

Healthcare Consultant: Commissioner Maxwell returned to the topic of self-funded health insurance, thought Fayette County needed help investigating the issue, suggested that the County engage local consultant Scott Burrell to help in the matter, and indicated that Mr. Burrell had offered to help Fayette County for one dollar. Some discussion followed.

The Board directed staff to engage Mr. Burrell for the purpose of assisting staff in developing a Request for Proposals (RFP) for soliciting vendors who provide self-insured employee health plans.
