COUNTY DEPARTMENT AGENDA REQUEST

Department:	Fayette County Water System	Presenter(s):	Tony Parrott
Meeting Date:	Thursday, January 27, 2011	Type of Request:	Consent

Wording for the Agenda:

Approval of staff's recommendation to award annual Bid #767 Water Distribution Parts to six companies which were the low bidders on items used by the Water System for water distribution system installation and repair, in an aggregate budgeted amount not to exceed $295,182.

Background/History/Details:

Bids are solicited each year for vendors that can provide parts and maintenance items used by the Water System in the distribution system. Vendors are chosen and items are purchased as needed. Quantities ordered vary depending on the need, so exact quantities cannot be predetermined. Enough stock is kept in inventory at the Distribution Shop to avoid water customers being without water for long periods of time when there is a main break that needs emergency repair.

Because no single vendor sells every item needed, and because per unit pricing varies considerably among the bidders, several suppliers are chosen each year.

Funds are budgeted in the Water System's budget each year for these items under a line item account set up for this purpose.

What action are you seeking from the Board of Commissioners?

Motion to approve staff's recommendation to award Bid #767 Water Distribution Parts to six companies for items used by the Water System for water distribution and repair: Consolidated Pipe & Supply Co., Inc., Delta Municipal Supply Co., Inc., Ferguson Waterworks, Hayes Pipe Supply, H.D. Supply Waterworks, and Vellano Bros., Inc., in an aggregate budgeted amount of $295,182.

If this item requires funding, please describe:

Funding is budgeted in the Water System Repairs to Water Meters and Lines Budget Account at $295,182.05.

Has this issue come before the Commissioners in the past?	Yes	If so, when?	Annually
Do you need audio-visual for the presentation?	No	Back-up Material Submitted?	Yes

STAFF USE ONLY

Approved by Finance	Yes	Reviewed by Legal	Yes
Approved by Purchasing	Yes	Approved by County Clerk	Yes
Administrator's Approval			

Staff Notes:

Where Quality Is A Lifestyle

To: Jack Krakeel

From: Tim Jones TJ

Date: January 5, 2011

Subject: Bid #767, Water Distribution Parts

Sealed bids were requested for the subject item. A bid tally sheet is attached for your review.

In Tony Parrott's attached recommendation, the lowest bidder that meets the specifications for each item is recommended.

Six different companies are being recommended for award. Those companies are Consolidated Pipe & Supply Co., Inc., Delta Municipal Supply, Inc., Ferguson Waterworks, Hayes Pipe Supply, Inc., HD Supply Waterworks and Vellano Bros., Inc.

There are 225 line items, and since the parts are ordered as needed, it is impossible to determine the exact quantity of every item that will be needed during the year. Therefore, a total dollar amount for each company can not be predetermined. Per Tony's attached email, the not too exceed amount for water distribution parts is $295,182.05. I concur with Tony's recommendation.

If this recommendation meets your approval, please place this item on the next available consent agenda. If any additional information is needed, please let me know.

SUBJECT: Award Recommendations for Bid #767 – Water Distribution Parts – 2011

DATE: December 28, 2010

The Water System is recommending awarding Bid # 767 to the six companies that were low bidders on items used by the Fayette County Water System for water distribution and repair:

Consolidated Pipe & Supply Co., Inc.
Delta Municipal Supply Co., Inc.
Ferguson Waterworks
Hayes Pipe Supply
H. D. Supply Waterworks
Vellano Bros., Inc.

Attached is the low bid for each vendor. We specified domestic brass on items 13-52, and Vellano Bros. bid a brand named Cambridge which is a Canadian company so we ask that they not to be awarded the bid on those items. Delta Municipal bid an alternate for the 6-inch and 8-inch meter.

All of these items are used by the Water System for repair and maintenance and are purchased as needed. Quantities ordered vary depending on the need, so exact quantities cannot be predetermined. Our stock is kept up-to-date at the Distribution Shop to avoid customers being without water for long periods of time when there is a main break that needs emergency repair.
