COUNTY DEPARTMENT AGENDA REQUEST

Department:	Road Department	Presenter(s):	Andy Adams
Meeting Date:	Thursday, December 15, 2011	Type of Request:	Consent

Wording for the Agenda:

Approval of staff's recommendation to award annual Bid # 809 to Faultless Business Center, Inc. as the primary vendor and to Liberty Truck Hauling, LLC and C&J Carriers LLC as secondary vendors for dump truck hauling services for calendar year 2012, in an aggregate amount not to exceed $150,000.00.

Background/History/Details:

The intent of this annual contract is to identify a vendor to provide on-call dump truck hauling services. These services are intended to be used only when additional services over and above the capabilities of the Road Department are needed. Typically the materials hauled would be gravel, soil or asphalt on various projects undertaken by the Department.

Of the seven (7) bids received the Department recommends the lowest bid be identified as the primary vendor. We also recommend identifying the next lowest bid (Liberty Truck Hauling) as secondary vendor. Since both of the lowest bids used a consistent hourly rate instead of indexing their hourly rate to the Georgia Department of Transportation fuel index, we feel it will be prudent to identify an additional secondary vendor that correlated their price to the fuel index. For this reason we are recommending the third lowest bid as submitted by C&J Carriers LLC as the second secondary vendor.

Based on prior years, a not to exceed contract of $150,000 is recommended for calendar year 2012.
If approved, this contract will expire on December 31, 2012.

Subject: IFB #809, Hauling Services

The Purchasing Department released Invitation for Bids (IFB) #809 to procure an annual contract for tandem axle dump truck hauling services, as needed by the Road Department. Seven vendors responded with bids.

Since the price of fuel has a history of fluctuating significantly over the course of a year, the IFB allows responding vendors to bid prices according to incremental changes in the cost of diesel fuel, based on the Fuel Price Index (Georgia Average Price) calculated by the Georgia Department of Transportation.

Seven vendors submitted bids (please see the attached tally sheet). The most recent purchase of diesel fuel, on 11/18/2011, cost $3.52 per gallon. At this price increment and the next one, which can reasonably be anticipated to be the relevant ranges in the near future, the lowest bid was offered by Faultless Business Center, Inc. The next lowest bids in this range were from Liberty Truck Hauling, LLC and C&J Carriers, LLC. The Road Department has recommended that Faultless Business Center be selected as primary contractor, and Liberty Truck Hauling and C&J Carriers be selected as secondary contractors. The Purchasing Department concurs with the recommendation.
