## Apprentice/Master Camp for Ages 7-14 (June 12 - 16)

**Engineer Investigators** “Forensics Science” (9 a.m. - 12 p.m.): Become a forensics engineer and help Kelvin find out who stole the blueprints for his secret, new design. Using principles of investigative science and forensic engineering, students will analyze evidence in the simulated crime scene using math, science, and technology.

Embark on a new journey each day to decipher cryptic clues and biological codes, and help us identify the thief through chemical and mechanical analysis. Time is running out, and Kelvin needs your help!

**MinecraftEDU** - “Traveling into the Future” (1 p.m. - 4 p.m.): This camp will immerse students in the expansive world of Minecraft, and will challenge student’s ingenuity and problem solving skills as they navigate through several engineering challenges. Dates and times may be subject to change depending on the trip. Due to the economy, some trip locations adjust their open/close days after the brochure has been published. Arrive 15 minutes prior to departure time.

## MIND UP

Understanding our brains can make a huge difference! Kids love seeing the "brain" (cauliflower) and learning about the amygdala that helps us when in danger, but often is in "overdrive" even when there is no danger around. (Thus making us feel anxious and upset.) The concept of mindfulness (paying attention to the here and now and being nonjudgmental) will be introduced and practiced. Learn these skills through games, role-playing and movement. "MindUp" is an evidenced based, social and emotional program of The Hawk Foundation built upon neuroscience, positive psychology, mindful awareness training, and optimism. The "MindUp" curriculum uses research-based lessons with the latest information about the brain to improve behavior and learning. It is shown to enhance perspective taking, empathy, and kindness, as well as fostering complex problem solving skills.

## AUNTIE MAME

This fabulously successful hit hardly needs introduction. Besides being the source from one of American's most popular musicals, Auntie Mame set a standard for Broadway comedy that's been sought after ever since. Through fortunes that rose and fell and a pleasant but brief marriage to a likable Southerner, who had the bad luck to tumble down the Matterhorn, Auntie Mame's chief concern was that nephew, who she raised.
