### **4. Discuss Birdhouse Project.**

Heather Cap made motion to discuss Birdhouse Project. Martha Akin seconded.

Heather Cap said that Tyrone has all they need to install the donated birdhouses they have. She said it would be great to get publicity on those after they are installed to kickstart the project again. She suggested doing this project similar to how the Kindness Rocks project is done by placing samples around the County and inviting people to participate. She wants to make it visible again. There is the possibility to put them up on golf cart paths, either in greenspace or the yards of people we know. Heather spoke with someone at the Library about doing a display with information. There was discussion about how to fund the poles/posts to install the birdhouses, locations for placement and registering. All agreed we would continue to monitor the birdhouses once installed.

Heather suggested doing a press release on the Tyrone birdhouses. Donna Thompson has some birdhouses that need painting and will bring to the members to paint. Donna will also contact Peachtree City about placing some birdhouses. Heather will work on collecting some of the birdhouses that are completed to make the display.

No vote required.

### **5. Update on Five Senses PopUp Art Events.**

Roger Sibaja made motion to discuss Five Senses PopUps. Heather Cap seconded.

Donna Thompson said we need to reassess the project since the project leader resigned. Roger Sibaja said he did not have any new information on the project. There was discussion about the

overall project and how to move forward. Donna suggested doing a few of the generic PopUps, which would be easier to set up and require no budget. There was discussion about how to get people involved and that the Committee needs to have any volunteers attend our meetings to have the discussions all at once.

Heather Cap made a motion to table the project until we have our open positions filled. Martha Akin seconded.
