Needs Assessment

The Woolsey Project

Background: The historic Woolsey Mercantile Building was gifted by Ms. Josephine Ballard to the Town of Woolsey to be used for the good of the community. The building is located on Highway 92 South, in downtown Woolsey, and had over time served as a store and a general gathering place for the residents.

The Woolsey Mayor and Town Council received estimates and bids on the restoration of the building. Barnard & Associates Remodeling, Inc., who has restored a good many historical homes in Fayette County, was chosen for the project. The total project cost will be approximately \$223,000, which will include total interior and exterior restoration – landscaping and furnishings. Barnard & Associates Remodeling, Inc. plans to preserve the original look and feel of the building in a cost effective manner.

Objective: The historic Woolsey Mercantile Building will serve the community at large and the residents of Woolsey, while focusing on the values and future vision of the Town of Woolsey.

Need for The Woolsey Project

The mercantile building will serve the community at large through:

- Community Center: There are few places available in the County to use for meeting space. Proceeds will be used for ongoing upkeep and expenses.
 - Meeting place for civic groups, social organizations and clubs
 - Hub for Woolsey events and fundraisers
 - Affiliations may rent the facility

- Fayette County Museum: Displays for groups and individuals to tour. There is only one other museum in Fayette County.
 - Artifacts, archives, artwork
- Visitor's Welcome Center: Visitors can stop by for information on the Town of Woolsey and other historic Fayette County sites of interest. There is not a visitor's center on the south end of the County.

The mercantile building will serve the residents of Wooley through:

- Town Hall: Woolsey Council meetings and Town Hall meetings will be held in the restored building providing plenty of room for the public to attend. At this time, the meetings are in a very small space with very little capacity.
- Growth and Sustainability: With new landscaping, flowers, and shrubbery, the newly restored building will beautify the downtown area, which will draw potential new residents to Woolsey and help maintain property values.
- Pride and Honor: The restored building will give the Woolsey residents a sense of pride in their community; therefore honoring its place in history, original Woolsey residents, and roles they served in making Fayette County what it is today.

Vision and Values

The smallest town in Fayette County, Woolsey was the original boom town. The Town of Woolsey desires to once again be a gathering place for residents and the County at large. This restoration project will create a place for people to meet, observe history, and enjoy a restful environment. This will give the south part of Fayette County a destination for residents and visitors.

Community Impact

Community spaces are needed in all economic development plans. The restoration project will bring a diverse group of people working together towards a goal of preserving history and creating gathering spaces. Boy Scout groups, Rotary and other civic clubs, church groups, school groups working on projects, Rose clubs, Master Gardener clubs, and historical societies will be invited to play a part in completing the project. The media exposure that Woolsey, Fayette County, and residents receive will establish an excellent public relation and rapport for living in Fayette County.

The Woolsey government will have an appropriate place to conduct business, and the residents will have a place where they feel comfortable attending and participating in Town Meetings.

Long term, The Woolsey Project could deepen relationships in the community and pave the way towards other restoration and community projects.
