30. **Severability:** The invalidity of one or more of the phrases, sentences, clauses or sections contained in the contract shall not affect the validity of the remaining portion of the contract. If any provision of the contract is held to be unenforceable, then both parties shall be relieved of all obligations arising under such provision to the extent that the provision is unenforceable. In such case, the contract shall be deemed amended to the extent necessary to make it enforceable while preserving its intent.
31. **Delivery Failures:** If the Contractor fails to deliver contracted goods or services within the time specified in the contract, or fails to replace rejected items in a timely manner, the County shall have authority to make open-market purchases of comparable goods or services. The County shall have the right to invoice the Contractor for any excess expenses incurred, or deduct such amount from monies owed the Contractor. Such purchases shall be deducted from contracted quantities.
32. **Termination for Cause:** The County may terminate the contract for cause by sending written notice to the Contractor of the Contractor's default in the performance of any term of this agreement. As appropriate, the County will compensate the Contractor for completed performance, and for any partially completed performance as determined by the County to be adequately performed. Termination shall be without prejudice to any of the County's rights or remedies by law.

A. PURPOSE, INTENT AND PROJECT DESCRIPTION

Fayette County (**COUNTY**) requests all qualified contractors to submit formal sealed bids. The **CONTRACTOR** will bid on Hot-In-Place Recycling (HIR) in Smokemont Subdivision, Coventry Estates Subdivision, Rolling Meadow Estates, Kenley Park Subdivision and Brogdon Road . The **CONTRACTOR** will be responsible for providing the clean-up, traffic control and hauling off the material debris. Except as noted, this project will follow current Georgia Department of Transportation (GDOT) Specifications and GDOT English Standards and Details except as noted.

A **COUNTY** will be placing a driving surface on top of the HIR pavement with another contract procured and managed by the **COUNTY**. All HIR will be covered with Micro Surfacing.

B. PROSECUTION AND PROGRESS

The **CONTRACTOR** must begin work within thirty (30) days of receiving the Notice to Proceed. It is anticipated that the Notice to Proceed will be issued in the middle of October. The **CONTRACTOR** will mobilize with sufficient forces such that all work is completed by **June 11, 2027**, and all other construction (shoulder work, striping, etc.) identified as part of this contract shall be complete by **30 Calendar Days after paving is completed**.

The normal workday for this project shall be 8:30 AM to 7:00 PM with active construction activities to be completed daily by 6:00 PM and the normal work week shall be Monday through Saturday. The **COUNTY** will consider extended workdays or work weeks on a case-by-case written request by the **CONTRACTOR**. No work will be allowed on the following Fayette County observed holidays: Thanksgiving, the day after Thanksgiving, Christmas Eve, Christmas Day, New Year's Day, MLK Day, Memorial Day, Juneteenth, Independence Day, Labor Day, Veteran's Day and the associated weekends with these holidays. The **CONTRACTOR** shall submit a schedule every Thursday detailing which roads will be worked the following week. The schedule must be emailed to the **INSPECTOR**. The **INSPECTOR** reserves the right to prohibit work on any roads not included in the weekly schedule. This schedule must accurately represent the intended work and cannot be vague or broad such as listing every road in the contract.

The **CONTRACTOR** shall be assessed liquidated damages in the amount of \$500.00 per calendar day (except for weekends and county holidays) for any work not completed by **June 11, 2027**. The **CONTRACTOR** and **COUNTY** recognize that time is of the essence in completion of the work included herein, and that the **COUNTY** will suffer financial and other losses if not completed by the date specified. These liquidated damages are not established as a penalty, but as agreed upon in advance by the **COUNTY** and the **CONTRACTOR** due to the uncertainty and difficulty of making accurate estimation as to the actual and

consequential damages which would be incurred by the **COUNTY** and the general public as a result of the failure on the part of the **CONTRACTOR** to complete the work on time.

The **CONTRACTOR** is granted twenty (20) days available to complete all items on the punch list once the punch list is issued by the **INSPECTOR**. During this time no liquidated damages will be assessed. If the **CONTRACTOR** is already in liquidated damages prior to beginning the punch list then liquidated damages will be postponed for twenty (20) available days. Once the twenty (20) available days expire then liquidated damages will continue to accrue if **CONTRACTOR** fails to complete the punch list.

C. AUTHORITY OF THE ENGINEER

COUNTY INSPECTOR will be onsite for the duration of the construction activities. The **INSPECTOR** will be responsible for the day-to-day monitoring of the construction contract in the field, assuring that the **COUNTY** and **GDOT** specifications are adhered to and that the construction work is in conformance with the intent of this document.

D. PERMITS AND LICENSES

The **CONTRACTOR** shall provide all permits and licenses, pay all charges, taxes and fees, and give all notice necessary. This work shall be considered incidental and not paid for separately.

E. MATERIALS

The **CONTRACTOR** will be responsible for quality control testing of materials incorporated into the project. The **INSPECTOR** will be responsible for QUALITY ASSURANCE testing of materials incorporated into the project. Materials test frequency will, at minimum, meet GDOT specifications or as noted in the special provisions. Copies of ALL test results and documentation will be provided to the **CONTRACTOR**. All materials will meet appropriate **GDOT Specifications** unless otherwise noted.

F. DEVIATION OF QUANTITIES

The quantities given are estimates only and may vary from those indicated by the contract. It is the responsibility of the **CONTRACTOR** to inspect the project site before submitting their bid. The **COUNTY** reserves the right to add, delete, increase, decrease or substitute items at any time. The **CONTRACTOR** will notify the **INSPECTOR** if additional quantities or line items are needed that are not identified in the contract quantities. At no time will the **CONTRACTOR** proceed with work outside the prescribed Scope of Services for which additional payment will be requested without the written authorization of the **COUNTY**. The **CONTRACTOR** will not be entitled to an adjustment of the unit price on items which increase or decrease from the original plan quantity.

G. UTILITIES

The **CONTRACTOR** shall contact utility companies to identify adjacent utilities prior to beginning construction operations. If any utility identified conflicts with construction operations, the **CONTRACTOR** would notify the onsite inspector prior to commencement of construction operations in the affected area.

H. TRAFFIC CONTROL

The **CONTRACTOR** shall, always, conduct his work to ensure the least possible obstruction of traffic. The safety and convenience of the public, the residents along the roadways and the protection of persons and property shall be provided for by the **CONTRACTOR** as specified in the **State of Georgia Department of Transportation Standard Specifications, Sections 104.05 and 107.09.**

Mailboxes and fire hydrants shall not be obstructed from access.

Two-way traffic shall be always maintained, utilizing certified flaggers as necessary, unless otherwise specified or approved by the **COUNTY**. Certain subdivision streets are of width that will require closing the road temporarily during operations which will need to be coordinated with the **COUNTY**. In the event of an emergency, the **CONTRACTOR** shall provide access to emergency vehicles and/or emergency personnel through or around the construction area.

The **CONTRACTOR** shall furnish, install, and maintain all necessary and required barricades, signs, and other traffic control devices in accordance with the **MUTCD** and **GDOT** specifications, and take all necessary precautions for the protection of the workers and safety of the public. All personnel and equipment required for maintaining public convenience and safety will be included in the Hot In Place (HIP) pay item. Due to the temporary nature of this work, traffic control signs can be placed on tripods.

All existing signs, markers and other traffic control devices removed or damaged during construction operations will be reinstalled or replaced at the **CONTRACTORS's** expense. At no time will the **CONTRACTOR** remove regulatory signing which may cause a hazard to the public.
