

# **911 Communications Board**

## **Meeting Agenda**

January 30, 2025

10:00 AM

I. Call to order – 1006 PCPD / Turned over to Chief Murphyt

In attendance: Chief Hill (FCFD), Chief L. Miller (FCMO), DC Mask (FPD), Capt. Myers, ?? FIRE (PCFD), Katye, Amber, Derek, Chet, Sharon, ?? (PCPD)

II. Election of New Vice- Chair (Law) – Miller nominates TPD (Munday) – Motion, miller, second, Hill. Unanimous.

III. Approval of Last Meeting Minutes - :Hill, Miller - unanimous

IV. Old Business

- a. Held Traffic Procedure (see last meeting minutes) – Katye – ran out of time, law enforcement changes have been implemented regarding dispatching medical calls. Did not complete discussion on held traffic. Derek – stop holding on dispatch 1 for planned events, or anticipated events (clearing a house, warrant service, etc...). Easier to move the involved units to a secondary channel. A brief discussion of tones on held channel was had, previously we did that, but it created an issue for units being able to transmit. Emergency issues (active shooter on arrival, 10-10...) would be okay to hold 1. Chief Mask agrees we should be doing anticipated holds traffic on a secondary channel. Per Katye, Chief Rhodes had some concerns at the last meeting and we may table a vote. Miller motions tabling the vote until a meeting with more participants. Second Chief Hill. Unanimous to table the vote.

V. Adjournment – no other items to discuss. Motion Hill, Second Miller. 1017.
