**Subject: RFQ 26098-A: Water System Envelope Package
Addendum #1**

Gentlemen/Ladies:

Below, please find responses to questions, clarification, or additional information for the above referenced Request for Quotes. You will need to consider this information when preparing your quote.

1. Can you confirm if all the envelopes print with the 2 PMS colors? It does say that, but it also states black print only on each of the specs.

Only the logo will be additional colors.

2. Can you also confirm if the number nine envelope has printing on the back and is the number nine envelope printed black or two colors?

Yes, the number nine envelope has printing on the back flap. Only the logo will be additional colors.

3. And that little line that states there could be text printed on the back of the number 10 for each delivery is that something that usually does occur and should be accounted for?

Yes, there will always be text printed on the back of the number 10 for each delivery. No pre-printing of the envelopes shall be allowed. When we order a new shipment, we will update the text accordingly.

4. Do you have samples of the previous printed envelope you could send scans of?

Please see Attachment 1 and Attachment 2.
