- B. Consideration of Petition 1208-08 D. Brent, L.L.C., Owner and Billy Brundage of Brundage Engineering, Inc., Agent, to request to rezone 43.26 acres from R-78 to C-S to develop a single-family residential subdivision consisting of 18 single-family dwelling lots. This property is located in Land Lots 8 and 16 of the 6<sup>th</sup> District and fronts on SR 85 South. STAFF RECOMMENDED APPROVAL. THE PLANNING COMMISSION RECOMMENDED APPROVAL 5-0.**

Ms. Donna Black with D. Brent L.L.C. spoke in support of the petition, informed the Board that the Conservation Zoning change does not affect the number of lots that would be allowed on the property, and said that a previous yield plan demonstrated the property would support 18 lots. She said the purpose of asking for rezoning is to allow for smaller lots on the same amount of property. She said the property would be served by County water, the lots would have individual septic systems, and on-site stormwater detention would be provided and maintained by the homeowners association.

No one else spoke in support of the petition, and no one spoke in opposition to it.

Commissioner Frady motioned to approve Petition 1208-08 to rezone 43.26 acres from R-78 to C-S to develop a single-family residential subdivision consisting of 18 single-family dwelling lots with no conditions. Commissioner Horgan seconded the motion. Some discussion followed. The motion passed unanimously. **PUBLIC COMMENT:**

**Gordon Furr:** Mr. Furr apologized to those who thought he was doing wrong in Tyrone, said he was only trying to save the taxpayers \$750 weekly, and gave an explanation of what he attempted to do at Fire Station Three during a recent visit there. He said he was hurt when he was asked by someone in the County not to return to the site. He apologized once again, and said that he is a person with over 30 years of experience in installing and repairing septic tanks, and further stated that as a taxpayer he had volunteered his help at no cost to the County.

**Edward L. Cagle:** Mr. Cagle spoke about Fire Station Three in Tyrone, and said he was under the impression that the fire station was going to be torn down and another station would be built to replace it. He said his opinion was that the fire station was serviceable if a solution could be found to the problem with the septic tank. He told the Board he was instrumental in having the station built approximately 35 years ago, and that he had spent 10 years of his life in it. He said the people who worked in that station honored him by naming the station after him, and he was very proud of that station. He asked the Board to do everything possible to save Fire Station Three, if for no other reason, for historical purposes since it was the first fire station in Fayette County. He added that the station was staffed by volunteer firefighters who found direction while serving there. He reiterated his request to the Board that they take all of the appropriate measures to save the fire station. Chairman Smith publically thanked Mr. Cagle for his service to Fayette County on behalf of both the current Board and prior Boards, and said people like him made Fayette County the great place that it is.

Commissioner Maxwell asked for Consent Agenda Item 2 to be excluded from the motion in order to be discussed. Commissioner Horgan amended his motion to approve Consent Agenda Items 1-9 with the exception of Consent Agenda Item 2, and Commissioner Pfeifer seconded the motion. No further discussion followed. The amended motion passed unanimously.

Commissioner Maxwell motioned to approve Consent Agenda Item 2 before explaining the reason he asked for that item to be removed from the Consent Agenda. He said he wanted to disclose that Cherry, Bekaert & Holland had been his CPA firm for 25 years, and that it appeared they had been working with the County before he was elected. He said he would vote on Consent Agenda Item 2 if the Board approved, but if the Board thought he should not vote then he would abstain. He stated Cherry, Bekaert & Holland did not contribute to his campaign so he did not believe he was technically precluded from voting on this item. Chairman Smith asked Commissioner Maxwell if he thought the amount he paid to Cherry, Bekaert & Holland was significant in regard to their total revenue, and if he had a relationship with any personnel who are directly involved with the County audit. Commissioner Maxwell answered "no" to the first question, and said he knew who his CPA was but did not know who any of the County auditors were. Chairman Smith said as long as the County auditor and Commissioner Maxwell's CPA were not one and the same person he would have no objection to Commissioner Maxwell voting on Consent Agenda Item 2. Commissioner Maxwell said he did not think they were one and the same person. Commissioner Horgan then seconded Commissioner Maxwell's motion to approve Consent Agenda Item 2. Chairman Smith stated that he also is a CPA, but has no relationship with Cherry, Bekaert & Holland. No further discussion followed. The motion to approve Consent Agenda Item 2 passed unanimously.

He said the work is scheduled to begin next week, and should be completed prior to the commencement of the County's auction. He said it would be a tremendous benefit to limiting the disruption to the Public Works facility that has been historically witnessed by locating all of the surplus items in current maintenance bays.
