Director of Recreation Anita Godbee remarked that the Recreation Department's therapeutic division involved more than 200 intellectually disabled individuals who are citizens of this community. She said because of the support they receive from the Board of Commissioners and staff, recreation can be provided for these individuals which helps them achieve a quality lifestyle that they can enjoy and expect.

PUBLIC HEARING:

RESOLUTION NO. 2008-10 - ADOPTING THE BUDGET FOR FY 2009:

- D. Public Hearing and final consideration of Fayette County's proposed annual budget for fiscal year 2009 beginning July 1, 2008 and ending June 30, 2009.

Chief Financial Officer Mary Holland remarked that staff was asking the Board for consideration to adopt the proposed FY 2009 budget by adopting Resolution No. 2008-10. She read the Resolution for the Board and the audience.

Chairman Smith remarked that this was a public hearing and anyone wishing to speak on this item could do so at this time.

Alice Jones commented that she was highly disappointed that zero dollars had been appropriated to the Phase II of Kenwood Park and not even call boxes being considered for the park given the location of its construction. She noted the recommendations by the Recreation Commission and staff to appropriate \$1.4 million and \$10,000 for the call boxes. She said the homeowners in that area had fought hard to make sure that there were accountable measures given in the entire County's operating budget considering the percentage of tax dollars that come from the North side of the County. She felt that most individuals did not have all of the County at heart and it was evidenced here. She said she was speaking to the Board not just on her behalf but on behalf of all of the residents of the North Fayette area. She remarked that Phase I of the park was completed and there was not even a building for the staff to operate out of. She said she did not feel that this was futuristic. She noted that there was not really anything that would generate revenue for this park except for the pavilion and the cost therein was very minimal. She said she did not know if the budget was a "done deal" but she felt this was not right considering the percentage of revenue that was generated from the North side of the County.

Chairman Smith asked if anyone else wished to speak on the proposed budget.

Gary Swilley said he wanted to thank the Board for all of their effort and everything they have done for the County. He said he also wanted to remind the Board of the responsibility that each member carried in representing the citizens of this County. He said the budget was one of the major issues that was in his heart tonight and he wanted to encourage the Board to give it a lot of thought. He said with the situation that this Country was in, what he was facing due to his lack of income and the burden that all of the other citizens of this County were facing, he just wanted to remind the Board of Commissioners that they were here to serve the citizens and the citizens were not here to serve the Board of Commissioners. He asked the Board to really give this budget some thought and he pointed out that this starts with him coming forward tonight to speak his honest feelings and also starts with the Board of Commissioners and the accountability that all of us will have to bear. He said the Board could spend all of the money this year leaving none for next year, or it could spend a little this year and leave some for next year's budget.

Chairman Smith asked Mr. Swilley if there was a particular area of the budget where he had some concern.

Mr. Swilley replied no, that he had not seen or read the budget other than what he had read in the newspaper and comments he had heard. He said he knew for a fact that the budget was high figures.

Chairman Smith interjected that the proposed budget was a 6.1% decrease from last year's budget.

Mr. Swilley said he was aware of that fact but pointed out that the Board still needed to keep in mind the increasing costs for everything.

Commissioner Frady interjected that the 6.1% decrease in the budget equated to approximately \$7 million. He said the Board would do everything it could to keep costs down for the citizens.

Chairman Smith asked if there were any more comments. Hearing none, he asked for the Board's pleasure on this issue.

Commissioner Frady made a motion to authorize the Chairman to execute Resolution No. 2008-10 adopting the budget for FY 2009 beginning July 1st in the amount of \$79,526,262. Commissioner Horgan seconded the motion, discussion followed.

Commissioner Pfeifer said he would be voting against the budget because in his opinion the personnel costs were too high and this was due to the salary increases that were given by this Board. He pointed out that salary increases would be a permanent and growing part of the budget. He said the increases were too much and done in the wrong year.

Commissioner Maxwell commended Ms. Holland, the Finance staff as well as the Interim County Administrator Jack Krakeel for all of their hard work on preparing this budget for the Board's review and knowing that times were tough right now. He said he would be remiss if he did not respond to the comment made previously that the majority of the members of this Commission did not have the entire County in its heart. He said for someone to say that this Board did not have the interest at heart for this entire County made him furious. He said just three months ago this Board was faced with a decision regarding an issue in North Fayette County. He said the Board voted 5-0 because it was the right thing to do for that part of the community. He said he just could not allow the comment made tonight to go unchallenged. He encouraged Mr. Swilley to continue to monitor this Board and call any of the Commissioners with any questions. He said every Commissioner on this Board takes their job very seriously. He commented on the funding for Phase II of Kenwood Park and said that would involve millions of dollars that would have to be spent if and when that occurred. He said it was an incredible feat that staff was able to return a budget that was 6.1% less than last year and typically did not occur in government. He said he would encourage anyone to monitor this Board and also attend the budget hearings that were held every year discussing the budget.

Commissioner Frady interjected that no money was budgeted for the South side recreation either.

Chairman Smith remarked that he would like to make some comments concerning the budget as well as the wage and compensation study. A copy of his remarks, identified as "Attachment No. 2", follow these minutes and are made an official part hereof. He also commended Ms. Holland, the Finance staff, the Interim County Administrator Jack Krakeel, and the entire Fayette County leadership team including the constitutional officers for a job that he considered to be very well done.

The motion carried 4-1 with Commissioner Pfeifer voting in opposition. A copy of Resolution No. 2008-10, identified as "Attachment No. 3", follows these minutes and is made an official part hereof.

PETITION NO. 1209-08, PETITION NO. 1210-08, RDP-009-08 AND RP-042-08:

- E. This is a land exchange of 1.03 acres between Heron's Landing Homeowners Association, Inc. and Jamie Oden. This land exchange will involve a rezoning from C-S to A-R; a rezoning from A-R to C-S; and a Revised Development Plan and a Revised Final Plat, both to remove 1.03 acres and to add 1.03 acres.

Consideration of Petition No. 1209-08 Heron's Landing Homeowners Association, Inc., Owners, and Eddie Wilkerson, Agent request to rezone 1.03 acres from C-S to A-R to add to an adjacent lot zoned A-R and Petition No. 1210-08 Jamie Oden, Owner, and Eddie Wilkerson, Agent request to rezone 1.03 acres from A-R to C-S to add as Conservation Area to Heron's Landing Subdivision. These properties are located in Land Lot 29 of the 5th District and fronts on Old Senoia Road; and consideration of Petition No. RP-042-08 and Petition No. RDP-009-08 Heron's Landing Homeowners Association, Inc., Owners, and Eddie Wilkerson, Agent request to revise the Recorded Final Plat and the approved Development Plan of Heron's Landing Subdivision to remove 1.03 acres and to add 1.03 acres to Heron's Landing Subdivision. These properties are located in Land Lots 4 and 29 of the 5th District and fronts on Old Senoia Road. Staff recommended approval subject to two (2) recommended conditions. The Planning Commission recommended approval subject to two (2) recommended conditions 5-0.

Zoning Administrator Dennis Dutton read the rules for public hearings. A copy of the rules, identified as "Attachment No. 4", follows these minutes and is made an official part hereof.

Chairman Smith asked if the petitioner was present.

Eddie Wilkerson remarked that he was the agent for the petitioners. He said when Heron's Landing Subdivision was developed, a five-acre parcel was left close to the detention area. He said after discussing this with the Heron's Landing Homeowners Association, he asked if exactly one acre could be swapped from their green space to this piece of property. He said this would give the Homeowners Association room all the way around in case the property flooded. He said he had already received approval from all thirteen homeowners in Heron's Landing Subdivision and they had signed off on the plat. He said he was representing both sides of this application and this was a land swap for a piece of land in the green space for a piece of untouched property and the square footage of the green space was exactly as it was before. He noted that this was a completely equal land swap. He asked for the Board's consideration to approve this request.

Chairman Smith asked if anyone wished to speak in favor of these petitions. Hearing none, he asked if anyone wished to speak in opposition. Hearing none, he declared the public hearing closed. He asked for the Board's pleasure in this matter.

Commissioner Horgan made a motion to approve the applicant's request for all of the petitions listed in their entirety as requested including the two conditions as recommended by the Planning Commission and staff. Commissioner Frady seconded the motion, discussion followed.

Commissioner Maxwell asked for clarification from Mr. Wilkerson that he had definitely received unanimous approval from every homeowner on this request. Mr. Wilkerson replied yes, that every homeowner had signed off on this request and witnessed by a notary public.

The motion carried 5-0. A copy of the recommended conditions, Staff's Analysis and Investigation, identified as "Attachment No. 5", follow these minutes and are made an official part hereof. A copy of the Ordinance and Resolution approving Petition No. 1209-08 with two conditions, identified as "Attachment No. 6", follow these minutes and are made an official part hereof. Zoning Administrator Dennis Dutton reviewed the amendments for the Board and remarked that this was basically a housekeeping item addressing the porte cochere portion of the ordinance. He remarked that this was a text amendment.

Chairman Smith asked if anyone wished to comment on this item. Hearing none, he declared the public hearing closed. He asked for the Board's pleasure in this matter.

Commissioner Pfeifer made a motion to approve the proposed amendments to the Fayette County Zoning Ordinance regarding Article III. Definitions, Carport and Porte Cochere and Article V. General Provisions, Section 5-9. Single Family Dwelling, B. Carport and Porte Cochere as recommended by the Planning Commission. Commissioner Horgan seconded the motion. The motion carried 5-0. A copy of Ordinance No. 2008-05, identified as "Attachment No. 8", follows these minutes and is made an official part hereof.

CONSIDERATION OF PROPOSED AMENDMENTS TO THE LAND USE ELEMENT OF THE FAYETTE COUNTY COMPREHENSIVE PLAN REGARDING THE S.R. 54 WEST OVERLAY DISTRICT:

- G. Consideration of proposed amendments to the Land Use Element of the Fayette County Comprehensive Plan regarding the S.R. 54 West Overlay District as presented by the Planning and Zoning Department. The Planning Commission recommended approval to recommendation #1 with revisions 4-1. The Planning Commission recommended deleting recommendation #2 in its entirety 5-0.

Assistant Director of Planning and Zoning Tom Williams reviewed the proposed amendments to the Land Use Element of the Fayette County Comprehensive Plan regarding the S.R. 54 West Overlay District. He said

since the adoption of the Overlay District in 1995 there had been three rezoning requests for rezoning from residential to office/institutional for lots within recorded subdivisions. He said one of these requests had been approved and two were denied. He said on March 5th the Board of Commissioners had approved an initiation of a work effort to amend the overlay district to clarify the County's position for rezoning requests within recorded residential subdivisions. He said the proposal before the Board was approved and recommended by the planning staff and the Planning Commission.

Commissioner Frady asked if a lot less than five acres should not be considered for change from residential to O-I.

Mr. Williams replied if a lot was part of a recorded subdivision, it would be considered for rezoning under that circumstance.

Commissioner Frady said he would not be in favor of any residential lot going to O-I zoning under any conditions.

Chairman Smith questioned the difference in the planning staff's recommendation and the recommendation of the Planning Commission.

Chairman Smith asked if anyone wished to comment on this item.

John Allen Bell commented that he was not in favor of either staff's recommendation or the Planning Commission's recommendation. He felt this needed more discussion before a decision was made.

Chairman Smith asked if anyone else wished to speak. Hearing none, he declared the public hearing portion closed. He remarked that the County has a long standing policy that the County will not take a lot in an existing subdivision and change the zoning. He noted that staff had determined that there were some lots in the County that did not have subdivision access and this was an attempt to address those lots.

After a brief discussion, Commissioner Maxwell remarked that since Mr. Bell had voiced some objection to the recommendations, he did not want to move forward and suggested this matter be placed on the July 2nd Board of Commissioners' Workshop for further discussion. He said he would like to have staff as well as the County Attorney address these issues.

Commissioner Frady said he agreed with Commissioner Maxwell and felt the Board needed further discussion. He expressed concern that a business might be located in someone's backyard.

Commissioner Pfeifer said he also agreed with Commissioner Maxwell and felt this issue was not clear enough for the Board to vote on tonight.

Commissioner Maxwell made a motion to table this item to the Wednesday, July 2nd Board's Workshop meeting for further discussion. Commissioner Horgan seconded the motion. The motion carried 5-0.
