COUNTY AGENDA REQUEST

Department:

Presenter(s):

Meeting Date:

Type of Request:

Wording for the Agenda:

Consideration of Petition No. 1353-24, The Estate of Richard N. Cates/Carol Denise Cates Mercer, Executrix; request to rezone 4.86 acres from A-R (Agricultural-Residential) to C-C (Community Commercial) for the purposes of constructing a convenience store w/fuel pumps. Property is located in Land Lot 151 of the 5th District, fronts on Banks Rd and Hwy 54. Tabled at the October 24, 2024 meeting.

Background/History/Details:

The property is a legal, nonconforming lot. It does not contain the minimum required acreage for the A-R zoning district, but it is a lot of record based on the ordinance criteria. The reduction in lot area was a result of right-of-way acquisitions for road improvements. The property was the subject of a request to rezone from A-R to C-H in 2003. On June 26, 2003, the BOC voted 5-0 to deny that request.

The Future Land Use Plan in the Comp. Plan indicates Low-Density Residential (1 unit / 1 acre) as the planned use for this area.

On September 5, 2024, the Planning Commission voted 4-0 to recommend DENIAL of the request to rezone from A-R to C-C.

Note: At the September 26, 2024, Board of Commissioners meeting, petitioner was granted a request to table because a full board was not present. The request was tabled until October 24, 2024. Prior to the October meeting, the petitioner requested to table to the November 14, 2024, due to a scheduling conflict. Due to resident concerns regarding the 2:00 PM November meeting time, the Board tabled the petition until January 23, 2025, at 5:00 PM.

Staff recommends DENIAL of the request because it is not in conformance with the Future Land Use Plan.

What action are you seeking from the Board of Commissioners?

Staff recommends DENIAL of the request to rezone form A-R to C-C because the C-C zoning does not conform with the Future Land Use plan. Should the Board approve this petition, there are 4 (four) conditions recommended by staff. Please refer to the staff report for the recommended conditions, which are related to right of way dedication and sidewalks.

EXISTING USE: Vacant land

LOCATION: Banks Road and SR 54 East

DISTRICT/LAND LOT(S): 5th District, Land Lot 151

ACREAGE: 4.86 acres

OWNER(S): The Estate of Richard N. Cates/Carol Denise Cates Mercer, Executrix

APPLICANT(S): Sudesh Dhingra

AGENT(S): Jim Kelly, Agent; Newton Galloway, Attorney

PLANNING COMMISSION PUBLIC HEARING: September 5, 2024

BOARD OF COMMISSIONERS PUBLIC HEARING: October 24, 2024

Note: At the September 26, 2024, Board of Commissioners meeting, pursuant to Sec. 110-298, the petitioner was granted a request to table because a full board was not present.

APPLICANT'S INTENT

Applicant proposes to rezone 4.86 acres from A-R (Agricultural-Residential) to C-C (Community Commercial) for the purposes of constructing a convenience store with fuel pumps.

PLANNING COMMISSION RECOMMENDATION

On September 5, 2024, the Planning Commission voted 4-0 to recommend **DENIAL** of the request to rezone from A-R to C-C.

STAFF RECOMMENDATION

As defined in the Fayette County Comprehensive Plan, Low Density Residential (1 unit/1 acre) is designated for this area, so the request for C-C zoning is not appropriate. Based on the Investigation and Staff Analysis, Planning & Zoning Staff recommends **DENIAL** of the request for a zoning of C-C, Community Commercial District.

If the rezoning is approved, staff recommends the following **CONDITIONS**:

1. Applicant to provide a minimum of 40 feet of ROW as measured from the existing road

centerline or at least 10 feet beyond edge of payment for acceleration / deceleration lanes, whichever is greater.

2. Submittal of all warranty deed(s) and legal descriptions for right-of-way dedications shall be provided to the County within 90 days of the approval of the rezoning request, or prior to the final plat approval, whichever comes first.
3. Entrance location on Banks Road shall be limited to a right in right out and as recommended by GDOT the driveway shall be a minimum of 200ft from the return radius of Banks Road and SR 54.
4. Applicant shall extend existing sidewalk along Banks Road for the length of the property.

INVESTIGATION**A. GENERAL PROPERTY INFORMATION**

The property is a legal, nonconforming lot. It does not contain the minimum required acreage for the A-R zoning district, but it is a legal lot of record based on the ordinance criteria. The reduction in lot area was a result of right-of-way acquisitions for road improvements.

The property has access on Banks Road and SR 54 East. Georgia DOT will review and approve access engineering & construction plans within their jurisdiction. Please refer to GDOT comments in the Departmental Comments section.

This property is located in the General State Route Overlay Zone. All developments are required to meet the Overlay criteria.

B. REZONING HISTORY:

The property was the subject of a rezoning application in 2003 (Petition No. 1109-03). The owner(s) requested to rezone from A-R to C-H. The Planning Commission recommended a rezoning to R-40 rather than C-H, as that was in alignment with the Future Land Use Plan. The Board of Commissioners heard the request to rezone to C-H on June 26, 2003, and voted 5-0 to deny the request.

C. CURRENT DEVELOPMENT HISTORY:

The property is currently vacant land.

D. SURROUNDING ZONING AND USES

Near the subject property is land which is zoned A-R, R-20, and R-40. See the following table and the attached Zoning Map.

The subject property is bounded by the following adjacent zoning districts and uses:

Direction	Acreage	Zoning	Use	Comprehensive Plan
Northwest	7.6	R-40	Single Family Residential	Low Density Residential (1 Unit /1 acre)
East (across Hwy 54)	2.0 3.75	R-40 A-R	Single Family Residential	Low Density Residential (1 Unit /1 acre)
Southwest (across Banks Rd)	2.8	R-45	Single Family Residential	Low Density Residential (1 Unit /1 acre)
South (across intersection)	1.1	R-40	Single-Family Residential	Low Density Residential (1 Unit /1 acre)

E. COMPREHENSIVE PLAN

Future Land Use Plan: The subject property lies within an area designated for Low Density Residential on the Future Land Use Plan map. This request **DOES NOT** conform to the Fayette County Comprehensive Plan.

F. DEPARTMENTAL COMMENTS

- Water System** – FCWS has no objections to the rezoning.
- Public Works**
 - **Road Frontage Right of Way Dedication** -- Banks Road is a **collector road**. Applicant to provide a minimum of 40 feet of ROW as measured from the existing road centerline or at least 10 feet beyond edge of payment for acceleration / deceleration lanes, whichever is greater. Please refer to the Fayette County detail "Typical Decel Lane". SR 54 is a state route and GDOT controls right of way along the existing frontage.
 - **Traffic Data** -- According to the GDOT on-line traffic data, the annual average daily traffic for SR 54 is **16,660 vehicles per day (2023)**. Banks Road traffic data by Fayette County Public Works was **12,751 vehicles per day (2022)**.
 - **Sight Distance and access** -- Minimum sight distances will have to be satisfied for the proposed new road intersection on Banks Road. GDOT will provide access to SR 54 and sight distance requirements.
 - **GDOT Comments** -- The GDOT right way stops just beyond the radius of Banks Road; however, an access on Banks Road should be a minimum of 200' from the radius return of SR 54 and an access on SR 54 should be a minimum of 350' from the radius return of Banks Road. *Stanford Taylor*
- Environmental Management**
 - **Floodplain Management** -- The site **DOES NOT** contain floodplain per FEMA FIRM panel 13113C0108E dated September 26, 2008, or in the FC Flood Study.
 - **Wetlands** -- The property **DOES NOT** contain wetlands per the U.S. Department of the Interior, Fish and Wildlife Service 1994 National Wetland Inventory Map.
 - **Watershed Protection** -- There **ARE NO** state waters located on the subject property per Fayette County GIS.
 - **Groundwater** -- The property **IS NOT** within a groundwater recharge area.
 - **Post Construction Stormwater Management** -- This development **WILL BE** subject to the Post-Development Stormwater Management Ordinance if re-zoned and developed with more than 5,000 square feet of impervious surface and be classified as a hotspot per the stormwater ordinances.
 - **Landscape and Tree Replacement Plan** -- This development **WILL BE** subject to the Nonresidential Development Landscape Requirements and Tree Retention, Protection and Replacement Ordinances.
- Environmental Health Department** – This office has no objection to the rezoning. This does not constitute approval or agreeance of usable soils for septic purposes.
- Fire** – No objections to the requested rezoning.

STANDARDS

Sec. 110-300. - Standards for map amendment (rezoning) evaluation.

All proposed map amendments shall be evaluated with special emphasis being placed on the relationship of the proposal to the land use plan and related development policies of the county. The following factors shall be considered by the planning and zoning department, the planning commission and the board of commissioners when reviewing a request for rezoning:

- (1) Whether the zoning proposal is in conformity with the land use plan and policies contained therein;
- (2) Whether the zoning proposal will adversely affect the existing use or usability of adjacent or nearby property;
- (3) Whether the zoning proposal will result in a use which will or could cause an excessive or burdensome use of existing or planned streets, utilities, or schools;
- (4) Whether there are other existing or changing conditions affecting the use and development of the property which give supporting grounds for either approval or disapproval of the zoning proposal.

STAFF ANALYSIS

1. The subject property lies within an area designated for Low Density Residential Uses. This request does not conform to the Fayette County Comprehensive Plan in terms of the use.
2. The area around the subject property is an area that already has various residential uses. It is staff's opinion that the zoning proposal might adversely affect the existing or future uses of nearby properties.
3. It is staff's opinion that a commercial use would generate a greater number of daily vehicle trips than would a residential use situated on this same parcel. Staff does not think this development will have an adverse impact on utilities or schools.
4. The proposal is not consistent in character and use with the surrounding uses as low density residential.

ZONING DISTRICT STANDARDS

Sec. 110-143. C-C, Community Commercial District.

- (a) *Description of district.* This district is composed of certain lands and structures providing for convenient community shopping facilities having a broad variety of sales and services.

5. Plats
 - a. Final Plat for Wright Chancey McBride LLC. Approval of the Final Plat for Wright Chancey McBride LLC. Ms. Sims explained the first final plat is McBride Estates, Mr. Rod Wright is subdividing these lots on McBride Road. It has been reviewed and approved by staff, she showed the plat and explained he is making 5 lots and I think the board approved the rezoning so he could do the neighborhood in that area. Mr. John Culbreth asked the board if they had any questions.? Jim Oliver asked if staff had approved it.? Ms. Sims replied staff had reviewed and approved it. The plat shown on display was not the correct one, she apologized to the board, and they showed the plat before. Mr. Thomas asked if there were any conditions.? Ms. Sims responded no, there were no conditions on the final plat. *Jim Oliver made a motion to APPROVE the Final Plat for Wright Chancey McBride LLC. Boris Thomas*

seconded the motion. The motion carried 4-0.

- b. Minor Final Plat for 385 Snead Road. Approval of the Minor Final Plat for 385 Snead Road. Ms. Sims states the board also reviewed when we had the rezoning and these were discussed before, they had subdivided it into three lots, so you don't have the strangely configured lot, each lot is still the 5-acre. Mr. Culbreth asked what changes were made.? Ms. Sims responded this was one lot and subdivided into three, they just rezoned it, so they have weird lots so the line lots were way back. Mr. Culbreth asked the board for a motion. ***Danny England made a motion to APPROVE the Final Plat for 385 Snead Road. Jim Oliver seconded the motion. The motion carried 4-0.***
- c. Minor Final Plat for Riverbend Overlook Phase III. Ms. Sims commented to the board they already approved Phase I & Phase II; this is Phase III, and it has been reviewed and approved by staff. Mr. Culbreth asked the board if they had any questions.? No one responded. ***Jim Oliver made a motion to APPROVE the Minor Final Plat for Riverbend Overlook Phase III. Danny England seconded the motion. The motion carried 4-0.***
- d. Final Plat for Liberty North. Ms. Sims explained to the board they had seen this plat several times since 2006 with preliminary plats and staff had approved it. Mr. Culbreth asked the board if they had any questions.? No one responded. Then he asked for a motion. ***Danny England made a motion to APPROVE the Final Plat for Liberty North. Jim Oliver seconded the motion. The motion carried 4-0.***

PUBLIC HEARING

- 6. Consideration of Petition No. 1353-24, The Estate of Richard N. Cates/Carol Denise Cates Mercer, Executrix; request to rezone 4.86 acres from A-R (Agricultural-Residential) to C-C (Community Commercial) for the purposes of constructing a convenience store with fuel pumps. Property is located in Land Lot 151 of the 5th District and fronts on Banks Road and Highway 54. Ms. Sims asked the petitioner would like to proceed without a full board present, the petitioner said yes.

Ms. Sims stated that the property is located at the corner of Banks Road and Highway 54 staff is recommended denial. However, should the planning commission decide they would like to approve that, staff recommends the following CONDITIONS:

- 1. The applicant provides a minimum of 40 feet of ROW as measured from the existing road centerline or at least 10 feet beyond payment for acceleration/deceleration lanes whichever is greater.
- 2. Submit all Warranty deeds and Legal descriptions for ROW dedications shall be provided to the county within 90 days of the approval of the rezoning request or prior to the final plat approval whichever comes first.
- 3. Entrance location on Banks Road shall be limited to a right in right out and as recommended by GDOT the driveway shall be a minimum of 200ft from the return radius of Banks Road and SR 54.
- 4. Applicant shall extend the existing sidewalk along Banks Road for

the length of the property.

This is surrounded by residentially zoned properties there is not any floodplain or that concerned, they are asking to go to C-C (Community Commercial) so they can have a convenience store, the lot is located in the eastern part of the county. This is an A-R (Agricultural-Residential) is a legal lot of record, there are no rezonings that have been approved for this property.

Mr. Culbreth asked the petitioner to proceed with his presentation. Mr. Newton Galloway- Attorney, stated he was representing The Estate of Richard N Cates/Denise Mercer's daughter, Owner; Mr. Sudesh Dhingra is the applicant who desires to do the convenience store, and Mr. Jim Kelly, who is a real estate professional. They provided a printed PowerPoint presentation that staff distributed to the board, he said he worked with Ms. Bell in Spalding County with her before she came to work for Fayette County, but Ms. Bell was not present at tonight's meeting.

He explained in the presentation that the first page shows where the proposed store will be; the next page is a picture shown on qpublic.net lot diagram this is a request to go to Community Commercial from A-R on 4.6 acres and at its corner on Highway 54 and Banks Rd., which is a key element in this zoning. He explained how and where the building would be located, this is a triangular piece of property. Mr. Galloway said it is surrounded by residential zonings and it's been sitting there ever since Fayette County had a zoning ordinance. You condemn property, and the state condemns property, for the expansion of Highway 54 and also improvements on Banks Rd., so what started as a 5 acres tract it's now a 4.8 acre tract, a significant reduction.

He stated a real problem with this property is the traffic, it is at the corner of a thoroughfare. Traffic is a problem for a piece of property that has a funny shape and is sitting undeveloped in the middle of a residential developments around it. He stated another problem is the A-R zoning; everything else around changed except for that lot. He doesn't think you will be allowed to build since the lot doesn't have the A-R zoning acreage. You might be able to rezone to R-20 or R-40 one-acre lots, but people will not buy houses on a busy intersection. He states that the property in 2003 requesting a change in zoning to an R-20 or R-40; it went up to the BOC and they said no, they keep it as A-R. How long it has been zoned undeveloped? 21 years. Ms. Bell has covered some conditions if approved but there are other things you can do such as lighting, and the rear buffer and we will be open to discussion with staff in order to get this property functional and useful.

Mr. Jim Kelly has been with TrueMark Realty, the listing broker for the property since 2023 spoke. He stated when they listed the property over 300 prospects contacted them for commercial and were able to narrow it down to two offers. Both were convenience store operators and chose the lower offer amount. They chose someone local, Sam, owner of BP station west of town on Veterans Highway and Highway 54. We want to present this to the community and the neighbors to make the best attempt and best effort. He explained how they contracted to present the plans for this meeting and went to the neighbors on that street offering a copy of the plans and letting them know if they had any questions regarding the plans to contact him or the owners, they were very approachable.

Ms. Denise Mercer states she is the oldest daughter of Richard Cates, and she was born and raised in this county. She spoke about the property expansions, and they are left with a little bit over 4 acres, she said they will secure a 60-foot natural wooded buffer for the adjacent

homeowners, a buffer that will be lost if they do not develop this property and will be forced to sell off the timber in order to do so, that will eliminate that natural buffer.

Mr. Culbreth asked if anyone was in opposition.?

Arnold Martin has lived in the Deer Glen subdivision for over 20 years. He states he sent opposition letters, and that this convenience store will be very disruptive, this proposed zoning is not in the comprehensive plan, and the future land use plan and it's surrounded by residential zones. He spoke about traffic in the area and it's very dangerous for the community if they allow this convenience store.

Mr. Darryl Hicks lives at Oak Manor and he represents The Oaks HOA. He spoke about the environmental harm through soil, groundwater contamination, and air pollution given the proximity of the site to residential homes. He stated they are deeply concerned about the long-term impact on our community.

Mr. Griffin Root he is the secretary and treasurer for Wellington Place HOA. He has resided here for about 13 years, and he states they have 45 families in the subdivision. He has two concerns about this rezoning request. The first is the noise and light pollution we know if we put a gas station in that corner will be a lot more traffic, making it a lot noisier and a lot of light pollution in the evenings, especially for the neighbors across the street from where this property supposed to be built. Mr. Root added that if you look around there are already gas stations near our residential neighborhoods. It doesn't make any sense to add another one.

Ms. Sandra Lee Quiry lives 500 or 600 feet from the subject property. She talked about health concerns about living near a gas station. Ethanol is a compound in petroleum which is a solvent used to turn petroleum into something to use in your car to use gasoline and another associated with it and is carcinogenic. She explained different types of substances that will harm your health and the air. She asked the board to deny the petition to the danger to the people to reside in these homes.

Mr. Leroy Brown lives in Deer Glen Forrest subdivision, they own two of the 7 lots in the neighborhood, he states the value of the properties will devalue and the pace they have now will not be there anymore, and there will be a lot more foot traffic and crime concerns the neighbors.

Mr. Culbreth asked Mr. Galloway if he wanted to say anything in rebuttal. He said the owner has to be able to have that opportunity to use the property and have the use and have a reasonable economic return and there are no uses on that property that has developed as zoned in 21 years, which sends the signal that the zoning isn't appropriate. This is a difficult piece of property because of its size and location..

Anonymous opposition speaker stated that he has lived in Deer Forest Road since 2011 and explained if this petition is granted it will destroy this person's driveway. There is water that flows down the area where this will be located.

Mr. Culbreth stated to the public present that the planning commission's vote is a recommendation to the Board of Commissioners for final adoption, and they will need to follow up with the next meeting. Mr. Culbreth asked the board for any questions.

Mr. Jim Oliver asked Mr. Galloway how he would address the fact that the property presently doesn't comply with the comprehensive land use plan? Mr. Galloway responded that the comp plan is used as a guide and that there are sometimes oversights between what the comp plan should provide for a piece of property and what it does provide. The comp plan is not subject to constitutional standards; they apply to zoning because is it an action of the local government to affect land uses.

Mr. Oliver responded he did think no one is denying the use of the property and I have been on both sides, of the commissioners and attorneys. The comprehensive plan many times has been used as a sword both ways, “don’t come here and ask us to rezone this because it doesn’t apply” or “it’s only a guide.” There are, perhaps, other reasonable uses for the property, not necessarily C-C; O-I it comes to mind, some other less invasive less disrupted use. Mr. Galloway I will go back to what Mr. Kelley said the people who called all wanted a commercial property, that tells you what the market is. Since COVID, the Office uses have about died.

Mr. Boris Thomas added, referring to Mr. Galloway’s comments that the property wasn’t necessarily functional on certain returns but just depended upon the profit the owners wanted to make, it has over 47 uses other than a gas station and that can be quite commercial. We are not obstructing the ownership of the property from making a profit by selling the property, that will not stop them from selling the property.

Mr. Galloway responded he acknowledged there are 47 listed permitted uses and 20 conditional uses that are allowed but to get to those what do we have to do?

Mr. Thomas responded that is not our responsibility to make the property okay, but the owner’s responsibility to get the property set up.

Mr. Galloway explained that each one of those uses would require rezoning.

Mr. Danny England commented that they had more convenience store/gas station rezoning in the past 18 months, we approved all of them except for one, which was located at GA 85 S and a lot of the discussion was the same as this one. We voted to reject that proposal because it was surrounded by residential uses. We looked at the character of the area and the surrounding uses. The fact that this is located at a signalized intersection does not mean that a gas station is automatically the best use.

Mr. Culbreth asked for a motion after no further comments. ***Boris Thomas made the motion to deny Petition 1353-24. Danny England seconded the motion. The motion to DENY carried 4-0. Mr. England asked Ms. Sims for the BOC date meeting for follow-up on this petition, Ms. Sims responded on September 26th at 5 O’clock in this room.***

7. Consideration of Petition No. 1354-24, Marion L. Holt, owner; requests to rezone from A-R to R-45 for the purposes of creating additional lots without any new infrastructure. Property is located in Land Lot 148 of the 7th District and fronts on Palmetto Road. Ms. Sims explained the petition is located at 285 Palmetto Road, staff found a problem with this, and staff is recommending being withdrawn, we need the planning commission approval to withdraw so we can refund the applicant's money, it wasn’t going to meet all the requirements needed. Mr. Boris asked staff if the petitioner was aware of the withdrawal? Ms. Sims responded yes; we told them we were going to request withdrawal. ***WITHDRAWN BY PETITIONER, Danny England made a motion to allow the WITHDRAWAL of Petition 1354-24, Jim Oliver seconded the motion. The motion carried 4-0.***

8. Consideration of Petition No. 1355-24, Andrea Pope Camp & Jordan Camp, owners; request to rezone 41.78 acres from A-R to R-75 for the purposes of creating additional lots without any new infrastructure. Property is located in Land Lot 28 of the 7th District and fronts on Davis Road and Huiet Drive.

Ms. Sims explained the petition and said staff recommends conditional approval of this

request that does fit with the future land use plan. The recommended conditions are:

1. The owner/developer shall dedicate land to Fayette County as needed to provide a minimum 40 ft of right of way as measured from the existing centerline of Davis Road. 2. The owner/developer shall dedicate land to Fayette County as needed to provide a minimum 40-ft of right of way as measured from the existing centerline of Huiet Drive. 3. Submittal of all warranty deed(s) and legal descriptions for right-of-way dedications shall be provided to the County within 90 days of the approval of the rezoning request, or prior to the final plat approval, whichever comes first.

4. The owner/developer shall improve the gravel road segments fronting the parcel and extend the improvement north on Huiet Drive to meet existing pavement. The improvement shall meet County Standards for Collector Roads and be designed and constructed in accordance with Fayette County's Development Regulations. Alternatively, the owner/developer may pay Fayette County \$1,105,000 so that Fayette County can make the improvements in the future. The work shall be completed, or the payment made, prior to Final Plat approval.

5. The existing house and barn on the property shall be demolished, with the appropriate demolition permits, within 6 months of the approval of the rezoning; or prior to the submittal of a subdivision plat; or prior to the submittal of any permits, whichever comes first.

6. Prior to submission of any final plat(s) or amendments or revisions thereto, and irrespective of the number of lots in any final plat(s) or revision thereto, the developer shall be required to extend the public water line from adjacent subdivision to provide water service for each lot in the subdivision. The water line extension shall be constructed to the standards outlined in, "Sec. 12-90. - Mandatory connection to public water system, including the installation of fire hydrants."

7. The availability of water is conditioned upon, among other things, Fayette County, Georgia, receiving a recorded permanent easement prior to final plat approval if the Construction Plan review process determines a recorded easement is required. Alternatively, any future water infrastructure the County maintains shall be located within an accessible public right-of-way.

Ms. Sims explained on the map this is located by one side Canoe Club and on the other side they are constructing the new development Hunt Cliff Manor, Davis Road is a gravel, Road. Mr. Culbreth asked if the petitioner was present.

Mr. Randy Boyd, he represented Andrea Pope Camp that is the owner of this property, and her son Jordan Camp is the attorney in fact, Ms. Pope inherited this property back in 2011 her dad originally purchased 40 years ago and my request tonight to have rezoned to R-75 which consist in 2 acre lot with a minimum house size of 2,500 sq ft. To the north and east is a borderline subdivision of an R-40 zoning minimum house size of 1,500 sq ft. To the west and south is A-R and to the southeast is a piece of property that was zoned PUD back in 2016 it ended up going to litigation, there are 212 acres and 91 lots, and I request tonight's for R-75, I read over the recommended conditions, and I have been doing this for 41 years and I was shocked when I saw condition number "4", we agree with condition number 1,2 and 3, we will dedicate the appropriate ROW's for both of those streets, I don't even know where to start with that deal about donating \$1,105,000 million dollars to do what the county should be doing and also punishing this land owner by saying you going to go north 300 feet tying into a subdivision they should it brought down to that point back into 2007 that would it adequate

\$1,105,000 million dollars to it cost addition in our property \$69,000 dollars per lot if this zoning goes through we will put the water line in, I got different prices \$300,000 divided by 16 lots is another \$18,750 dollars if you add it the cost of the land in what their asking for the property it will be about \$10,000 dollars more than you can possible get for, under a current market analysis, it's just surrender that property absolutely where you can't do anything about it.

He explained another case from last month from Davis Road it should have been at right at 69-70K, I don't believe is legal, we'll consult it with an attorney on that, but I think is very improper to ask us one week later to donate over a million dollars for what the county should be doing, staff didn't even suggest that a month ago, they suggested donate ROW on Lester Road and Davis and will have 90 days to turn the deeds in.

We will agree with every bit of that in our street also, so will accept condition 1,2,3 and absolutely ask you to not impose number 4 and number 6 on the extension of the water line I be happy to do that, and we will dedicate ROW or easement whatever is the case but in the second sentence "Prior to submission of any final plat(s) or amendments or revisions thereto, and irrespective of the number of lots in any final plat(s) or revision thereto" I will ask that you eliminate that with the number of lots. He requested that on section 12-90 mandatory connection to the public water system, "is you have 5 lots you don't have to tie to the county water system" I will ask that be taken out to the number of lots and put in if they are "6 or more lots" and be more in compliance of section 12-90 of the existing ordinance. He asked the board to grant the petition without condition 4 and as per his request.

No one else spoke in support or opposition.

Mr. Culbreth brought the petition to the Board.

Mr. Boris Thomas made a comment saying I was going to say in addition to the million dollars there needs to be an extra 10% contingency because all oil prices and vendors changes. The impact in the county to have a paved road there is strong and wide enough for emergency vehicles, that location is going to cost even more at that intersection area and probably will need a traffic light.

Mr. Boyd responded that the staff is asking to go there 300 feet about our site and bring it down to the intersection and go over to the east about 1,500 feet so we wouldn't be paving the entire road we just are paving that section in front of this property, which to me is very demanding.

Mr. Culbreth asked staff if we have a president where we ask for a million dollars.?

Ms. Sims responded this was the first time I am aware that we have requested such funding to pave a road, is it an issue because Davis Road is a gravel road, and I don't believe the county owns enough ROW and this was the recommendation from the public works director to facilitate having this many homes, even though this goes along with the future land use plan it will put a lot more on Davis Road.

Mr. Culbreth asked Ms. Sims, is the county asking the developer to pave its road.? Ms. Sims responded, I am not sure the county owns all of the ROW, so part of is going to be to acquire all of that ROW so it could be paved and that's why they gave the alternative that they could pay the county and the county would do that they wouldn't have all their responsibility were they were offering those options.

Mr. Culbreth added he opposed to that, and Mr. Oliver asked why are you paying taxes for.? This is the responsibility of the county.

Ms. Allison Cox responded currently the county is not require paving or upgrade this

road at all and it's been asked in other to go through requires an upgrade and we just don't have in the county's budget. Mr. Oliver asked Ms. Cox why wasn't asked to Canoe Club.? I don't think I was here for the Canoe Club.

Mr. Boyd responded the Canoe Club is on the north side but even closer than that why wasn't even asked to the PUD that was taken to court, last month the same road at another intersection they didn't ask a penny for that, their assessment based on these values should be \$69,000 dollars for that one lot exactly what our is, so there is consistency here.

Ms. Cox responded that single lot doesn't cost the same impact than 16.

Mr. Boyd responded but if you take one lot at the time it does cost the same impact that a ridiculous argument.

Mr. Oliver said I was just trying to figure it out about the consistency.

Ms. Cox replied that with a single lot we have a house full of people who came in to tell you about the problems when they disrupt, that gravel road barely supports what's there so the single lot that was being to be put in is not going to add but one more car, 16 lots significantly increases the traffic and the area in front of the subdivision to be paved to support that sort of road where the county is not currently planning to invest in that infrastructure, so if this is the plan and the county is not planning to invest can't be developed until there is an infrastructure to support it.

Mr. Danny England state it that the rest of us has seen where that development has occurred without that infrastructure or investment, so is this going to be the policy coming forward? Every time someone develops something on a dirt road will have to pull out the checkbook?

Ms. Cox responded she thinks that is probably where you are as far as supporting something of this size.

Mr. England responded you can incrementally develop more than 16 lots on this road and be on the same boat that we ran last month where we didn't require funds, so 16 lots isn't a lot we have seen way more than that.

Mr. Thomas added that his neighborhood is considered private and got to pay \$3,000,000 dollars to get the road pave and we paid the millage rate as the sounding areas, but we are told that we use the main road so that why your millage will stay the same. We can't get any help from the county in repaving the roads or doing any of the infrastructure underneath sewage or anything like that.

Mr. Oliver asked Mr. Boyd about the other conditions, you said number 1,2,3...we are good, what about number 5.? Mr. Boyd responded that 5 is good, the only thing I would like to be more in line with the ordinance that exists and change it to prior to submission of any final plat(s) the developer shall be required to extend the public water line from adjacent subdivision to provide water service for each lot in exits in six lots in the subdivision.

Jim Oliver made the motion to recommend CONDITIONAL APPROVAL of Petition 1355-24 subject to amended conditions. The conditions are as follows:

Recommended the following AMENDED CONDITIONS:

1. The owner/developer shall dedicate land to Fayette County as needed to provide a minimum 40-ft of right of way as measured from the existing centerline of Davis Road.

2. The owner/developer shall dedicate land to Fayette County as needed to provide a minimum 40-ft of right of way as measured from the existing centerline of Huiet Drive.

3. Submittal of all warranty deed(s) and legal descriptions for right-of-way dedications shall be provided to the County within 90 days of the approval of the rezoning request, or prior to the final plat approval, whichever comes first.

4. OMIT NUMBER 4 - “~~4. The owner/developer shall improve the gravel road segments fronting the parcel and extend the improvement north on Huiet Drive to meet existing pavement. The improvement shall meet County Standards for Collector Roads and be designed and constructed in accordance with Fayette County’s Development Regulations. Alternatively, the owner/developer may pay Fayette County \$1,105,000 so that Fayette County can make the improvements in the future. The work shall be completed, or the payment made, prior to Final Plat approval.~~”

5. The existing house and barn on the property shall be demolished, with the appropriate demolition permits, within 6 months of the approval of the rezoning; or prior to the submittal of a subdivision plat; or prior to the submittal of any permits, whichever comes first.

6. [Amended Condition #6] Prior to submission of any final plat(s) the developer shall be required to extend the public water line from adjacent subdivision to provide water service for each lot in excess of six lots in the subdivision. The water line extension shall be constructed to the standards outlined in, “Sec. 12-90. - Mandatory connection to public water system, including the installation of fire hydrants.”

7. The availability of water is conditioned upon, among other things, Fayette County, Georgia, receiving a recorded permanent easement prior to final plat approval if the Construction Plan review process determines a recorded easement is required. Alternatively, any future water infrastructure the County maintains shall be located within an accessible public right-of-way.

Danny England seconded the motion for conditional approval, subject to amended conditions. The motion for CONDITIONAL APPROVAL, subject to amended conditions, carried 3-1. Boris Thomas abstained.

9. Consideration of Amendments to Chapter 110. Zoning Ordinance, regarding Article V.- Conditional uses, nonconformances, and transportation corridor overlay zone. Sec.110-175.- Special Use of Property.

Ms. Cox explained that the next item three items kind of go together but we need three separate votes, did you remember Detox facility, not long ago in the last legislative session there was a new law passed it removed detox facilities from those items that require special use permit, we just need to amend our code to follow state law. And what we are doing here in number one, is removing it from the special use section entirely and replacing it with a small section that says reserved because we might have special uses in the future, that’s number 9.

Danny England made the motion to recommend approval of Consideration of Amendments

to Chapter 110. Zoning Ordinance, regarding Article V.- Conditional uses, nonconformances, and transportation corridor overlay zone. Sec.110-175.- Special Use of Property. Jim Oliver seconded the motion. The motion to APPROVE carried 4-0.

- 10. Consideration of Amendments to Chapter 110. Zoning Ordinance, regarding Article V.- Conditional uses, nonconformances, and transportation corridor overlay zone. Sec.110-169.- Conditional use approval. Number 10 - is to be as going taking those detox facilities and making them conditional uses in the O-I section on our zoning ordinance.

Danny England made the motion to recommend approval of Consideration of Amendments to Chapter 110. Zoning Ordinance, regarding Article V.- Conditional uses, nonconformances, and transportation corridor overlay zone. Sec.110-169.- Conditional use approval Jim Oliver seconded the motion. The motion to APPROVE carried 4-0.

- 11. Consideration of Amendments to Chapter 110. Zoning Ordinance, regarding Article IV.- District use requirements. - Sec.110-142.- Office institutional district. Number 11- We will remove them from our special use section and our O-I zoning ordinance.

Danny England made the motion to recommend approval of Consideration of Amendments to Chapter 110. Zoning Ordinance, regarding Article IV.- District use requirements. - Sec.110-142.- Office institutional district. Boris Thomas seconded the motion. The motion to APPROVE carried 4-0.

ADJOURNMENT:

Danny England moved to adjourn the meeting. Boris Thomas seconded. The motion passed 4-0.

LETTER OF INTENT

Mr. Sudesh Dhingra (“Applicant”) submits this Letter of Intent in support of the above-styled Rezoning Application (the “Application”) in compliance with the Fayette County, Georgia Zoning Ordinance (the “Zoning Ordinance”), Section 110-296 seeking rezoning of certain real property located at the northeast corner of the intersection of Georgia Highway 54 and Banks Road, consisting of 4.86 acres located in the 5th Land District, Land Lot 151, and identified as parcel number: 0532 023, according to the current system of numbering used by the Fayette County Tax Assessor (the “Subject Property”) from Agricultural-Residential District (A-R) to Community-Commercial District (C-C).

The proposed development will consist of an approximate 6,600 square feet retail building located on a 2-acre portion of the Subject Property for the operation of a convenience store with gasoline service.

The proposed development on the Subject Property is not permitted in A-R zoning. C-C zoning, as requested, is intended for convenient community shopping and allows a wide variety of stores and services. This includes most retail stores expected in a community based shopping center like grocery stores, restaurants, and clothing stores. There are also a number of professional service uses allowed such as banks, medical and dental offices, and dry cleaners. The zoning district allows for some other uses with a conditional permit process, such car washes, gas stations, and childcare facilities. A site plan showing the proposed improvements on the Subject Property and concept buildings renderings are included with the Application and show the compatibility of the development with the surrounding community.

Pursuant to Zoning Ordinance, Section 110-143(C)(3), the proposed development is permitted in the C-C zoning district as a conditional use. Upon rezoning, conditional use approval is governed by Zoning Ordinance, Section 110-169(2)(h), subject to approval of the zoning administrator upon compliance with the requirements of the conditional use.

CONSTITUTIONAL OBJECTION TO RESTRICTIONS IN THE
ZONING ORDINANCE OF FAYETTE COUNTY, GEORGIA

As applied to the following property:

Tax Parcel No.: 0532 023; 4.86 acres
Estate of Richard N. Cates, Owner
Sudesh Dhingra, Contract Purchaser/Applicant

located in unincorporated Fayette County, Georgia and as identified pursuant to the current parcel number assigned by the Fayette County Tax Assessor (the "Subject Property"), being zoned Agricultural-Residential (A-R), subject of the above-referenced Rezoning Application, the Fayette County, Georgia Zoning Ordinance ("Zoning Ordinance") is unconstitutional in that the Owner's and Contract Purchaser's (cumulatively, "Applicants") property rights in and to the Subject Property have been destroyed without first receiving fair, adequate and just compensation for such property rights. As applied to the Subject Property, the Zoning Ordinance deprives the Applicants of constitutionally protected rights in violation of Article I, Section I, Paragraph 1 of the Constitution of the State of Georgia of 1983, Article I, Section III, Paragraph 1 of the Constitution of the State of Georgia of 1983, and the Due Process Clause of the Fourteenth Amendment to the Constitution of the United States.

Application of the Zoning Ordinance to the Subject Property is unconstitutional, illegal, arbitrary, capricious, null and void, constituting a taking of the Subject Property in violation of the

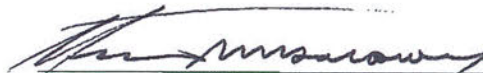

Just Compensation Clause of the Fifth Amendment and the Due Process Clause of the Fourteenth Amendment to the Constitution of the United States, Article I, Section I, Paragraph 1, and Article I, Section III, Paragraph 1 of the Constitution of the State of Georgia of 1983, and the Equal Protection Clause of the Fourteenth Amendment to the Constitution of the United States thereby denying the Applicants an economically viable use of the Subject Property while not substantially advancing legitimate state interests.

Inasmuch as it is impossible for the Applicants to use the Subject Property and simultaneously comply with the Zoning Ordinance, the Zoning Ordinance constitutes an arbitrary, capricious, and unreasonable act by Fayette County, Georgia without any rational basis therefore and constitutes an abuse of discretion in violation of Article I, Section I, Paragraph 1 of the Constitution of the State of Georgia of 1983, Article I, Section III, Paragraph 1 of the Constitution of the State of Georgia of 1983, and the Due Process Clause of the Fourteenth Amendment to the Constitution of the United States.

Application of the Zoning Ordinance to the Subject Property is unconstitutional and discriminates against the Applicants in an arbitrary, capricious, and unreasonable manner between the Applicants and others similarly situated in violation of Article I, Section I, Paragraph 2 of the Constitution of the State of Georgia of 1983 and the Equal protection Clause of the Fourteenth Amendment to the Constitution of the United States.

WHEREFORE, Applicants request that Fayette County, Georgia approve this Rezoning Application and rezone the Subject Property to Community Commercial (C-C) as specified and requested herein.

EVIDENTIARY OBJECTIONS TO ZONING HEARING BASED ON
YORK V. ATHENS COLLEGE OF MINISTRY, INC.

As applied to the following property:

Tax Parcel No.: 0532 023; 4.86 acres
Estate of Richard N. Cates, Owner
Sudesh Dhingra, Contract Purchaser/Applicant

located in unincorporated Fayette County, Georgia and as identified pursuant to the current parcel number assigned by the Fayette County Tax Assessor (the "Subject Property"), being zoned Agricultural-Residential (A-R), subject of the above-referenced Rezoning Application, Applicants give notice of the following evidentiary objections based on *York v. Athens College of Ministry, Inc.*, 348 Ga. App. 58, 632, 821 S.E.2d 120 (2018):

Simultaneously herewith, Applicants filed a Constitutional Objection to the denial of the above referenced Application which is incorporated herein by reference as if fully set forth.

Applicants object to comments provided by any and all members of the public presented before the Board of Commissioners of Fayette County, Georgia ("BOC") in opposition to the Rezoning Application to the extent that (but not limited to) such individuals lack standing to challenge the Rezoning Application because they: (a) do not satisfy the substantial interest-aggrieved citizen test; (b) are not under oath; (c) are not subject to cross-examination; (d) lack sufficient training or expertise to present evidence on and/or make statements that would otherwise require presentation by witness(es) constituting expert opinion without such individuals being

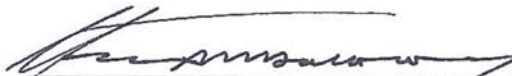

qualified as experts; (e) present evidence on and/or make statements that are irrelevant and/or immaterial to the factors for approval of rezoning under the Zoning Ordinance; and/or (f) present evidence and/or make statements that are founded, wholly or in part, upon inadmissible, unreliable, nonprobative, insubstantial and/or lay, nonexpert opinion and hearsay evidence.

Additionally, Applicants object to any action of the BOC that does not approve the Rezoning Application or approves rezoning subject to unreasonable conditions to the extent that (but not limited to) the same are: (a) in violation of O.C.G.A. § 50-13-19(h); (b) in violation of constitutional, statutory or ordinance provisions; (c) in excess of the statutory or constitutional authority of either the BOC; (d) made upon unlawful procedure; (e) affected by other error of law; (f) clearly erroneous in view of the reliable probative, and substantial evidence on the whole record; or (g) arbitrary or capricious or characterized by abuse of discretion or clearly unwarranted exercise of discretion; (h) founded, wholly or in part, upon inadmissible, unreliable, nonprobative, insubstantial, unsubstantiated and/or lay, nonexpert opinion evidence; and/or (i) contrary to the exclusive factors for approval of a variance set forth in the Zoning Ordinance.

By and through this *York* Objection, Applicants preserve all the above and incorporated Objections and assert them on and within the record before, and for consideration and resolution by, the BOC of Fayette County, Georgia.

WHEREFORE, Applicants request that Fayette County, Georgia approve the Rezoning Application set forth above.

OPPOSITION LETTER TO RE-ZONING REQUEST, PETITION 1353-24 HWY 54 & BANKS RD

Arnold L. Martin, III
 130 Deer Glen Drive
 Fayetteville, GA 30214

August 29, 2024,

Dear Planning Commissioners;

My name is Arnold Martin and my family has resided on Deer Glen Drive, within the Deer Glen Forest subdivision for 26 years. Our community is filled with almost one hundred families, ranging from being brand new residents to those who have resided for over 40 years. Our community shares the border at the back of this land.

This letter is to represent the Deer Glen Forest residents' opposition to the re-zoning request of the 4.86 acres from A-R to C-C , for the development of a convenience store at the corner of Banks Rd and Hwy 54 in Fayetteville.

We oppose this request, because a convenience store, at this location, among many reasons would be harmful and completely disruptive to this residential area and neighborhoods. These additional reasons below are further reasons why we feel that this request should be denied.

- This property has always been zoned A-R and all owners who purchased this land were quite aware of the zoning.
- This request does not meet the Comprehensive and Future Land Use Plan of Fayette County.
- All of the surrounding neighborhoods are zoned for Residential R-40 or R-45
- The Comprehensive Plan/ Land Use Element on page L-11 states the following **Commercial**
 This category identifies all property where business and trade are conducted, both retail and wholesale, and accessory use areas, such as parking. The Land Use Plan Map seeks to provide necessary commercial activity within a reasonable distance to unincorporated county residents. However, county policy recognizes that major commercial facilities should be located within incorporated areas where infrastructure is available and population densities are most concentrated. The county should attempt to discourage additional commercial development along major roadways, as strip commercial development is neither desirable from a safety standpoint nor attractive.
- The issues of Traffic and Safety- The traffic light at the corner of Hwy 54 and Banks Road is a continual bottleneck of traffic especially in the morning and evening traffic

- This bottleneck has caused cars to cut through Deer Glen Forest, usually at high rates of speed, of which we have complained to county officials.
- Daily traffic on Hwy 54 is 16,660 and on Banks Road it is 12,751. A convenience store and gas station, trying to handle the traffic of almost 30,000 cars would be an absolute nightmare and total disruption to the quality of life of all neighboring residents
- Crime- We are highly concerned of crime coming to our very safe neighborhoods that has never been there. Convenience Stores and Gas Stations attract crime and criminal element. A recent example is the Circle K being held up at gun point . See the attached article. We don't want this crime coming to our neighborhoods.

In summary, we are asking that you deny this change of zoning request, for all of the reasons I have identified and that this is a residential area that must remain this way. A similar request occurred in 2003 and it was denied 5-0 by the Commissioners. We ask that you do the same.

Man demands convenience store's money, walks away with roll of bills, is arrested for robbery

By Ben Nelms - March 21, 2022

Mark F. Miller. Photo/Fayette County Jail.

A Morrow man has been charged with robbery after demanding money from the store clerk at a gas station on Fayetteville's west side. He was detained by officers a short distance from the store while walking along Ga. Highway 54 West.

Fayetteville officers on March 12 were dispatched to a reported robbery at the Circle K gas station on Hwy. 54 West at Ginger Cake Road.

The dispatcher described the alleged suspect as an older white male wearing a blue coat, according to Fayetteville Police Department spokesperson Ann Marie Burdett.

Burdett said a Fayetteville police officer patrolling in the area observed a subject walking eastbound on Hwy. 54 West near Marquis Drive, fitting the description of the alleged suspect.

The officer stopped and detained the subject to conduct a brief investigation. The officer confirmed the subject he detained fit the description of the subject that robbed the Circle K gas station, Burdett added.

"The officer obtained the subject's name and date of birth, a search was conducted and a roll of U.S. currency was found on his person. The subject was identified as Mark F. Miller, 59, of Morrow," Burdett said.

Though Miller said the money was his, the complainant/store clerk told police that Miller demanded money from her, and she gave it to him, Burdett noted.

"Miller was returned to Circle K gas station, and the store clerk identified that he was the offender that robbed Circle K gas station," Burdett said.

RE: Concerns regarding the rezoning request at the Banks Road/GA Hwy 54 intersection.

Dear Fayette County Planning Commissioners,

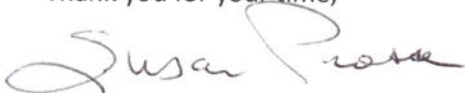

My name is Susan Prosser and my husband and I reside in the subdivision/area known as "Ponderosa" located on the north side of Banks Road near the proposed rezoning request. We do not have an HOA, so I am writing on behalf of my family and my neighbors with whom I have spoken, and those that signed the petition (also attached). We all oppose the proposed rezoning of the property located in Land Lot 151 of the 5th District and fronts on Banks Road and GA Hwy 54; (Petition No. 1353-24, The Estate of Richard N. Cates/Carol Denise Cates Mercer, Executrix) and the request to rezone the 4.86 acres from A-R (Agricultural-Residential) to C-C (Community Commercial) for the purposes of constructing a convenience store with fuel pumps.

Although our subdivision/neighborhood is not physically adjacent to this property, our neighborhood will be impacted. I know that several neighborhood HOA representatives have reached out and provided, with detailed accounts, their concerns regarding this rezoning. To save time, I will not duplicate/reiterate those concerns here, but will just say, that we, too, agree with those concerns that have been stated/discussed:

- environmental impact;
- noise/light pollution;
- health concerns;
- property values;
- traffic and safety. I will add additional information regarding traffic. Regarding our subdivision, the first entrance (Ponderosa Court) is 3/10 of a mile from the intersection and the second entrance (Ponderosa Trace) is 7/10 of a mile. Traffic along Banks is already heavy and people tend to speed. (I have had cars pass me ignoring the double lines.) When you exit Ponderosa Trace there are "blind spots" which include a curve east of the subdivision entrance and a hill west of the entrance both impacting your sight as you try and get onto Banks Road. This is definitely a safety issue.

Finally, in reading the current Fayette County Land Use Plan, this rezoning would totally go against it. We in the Ponderosa Neighborhood respectfully urge the Commission to adhere to our county's existing land use plan and reject this proposed rezoning.

Thank you for your time,

Susan Prosser

Dear Ms. Bell and Ms. Sims,

My name is Susan Prosser and my husband and I reside in the subdivision/area known as "Ponderosa" located on the north side of Banks Road. Our neighborhood does not have an HOA, so I am writing on behalf of my family and neighbors with whom I have spoken, and those that signed the petition against the rezoning for the Banks Road/GA Hwy 54 parcel of land.

Attached to this email, please find a letter to the Fayette County Planning Commission explaining our concerns and opposition to the rezoning request for the above mentioned parcel of land. Also attached are signatures of neighbors/residents that signed our petition to oppose this rezoning. Please share this information with the Planning Commission and allow it to be entered into the official record.

Thank you so much,

Re: Formal objection to rezoning Petition No. 1353-24 Banks Road and GA 54

August 31, 2024

Dear Commission Members and Staff:

As residents of Smokemont Subdivision we feel compelled to reach out to you. The Banks Road/GA 54 corridor is and has always been agricultural/residential, in accordance with the Comprehensive and Future Land Use Plan of Fayette County. It is comprised of five subdivisions with homes numbering in the hundreds, and custom built homes numbering in the dozens.

We strongly object to a proposal to rezone less than five acres at the corner of Banks Road and GA 54 to allow for a gasoline station and convenience store. Smokemont is the smallest and most humble of the neighborhoods in the corridor, but we are in very close proximity to this parcel. While there are many problems with this petition the related health concerns come top of mind.

Gasoline stations are documented producers of volatile organic compounds that attack by air and runoff. Some of them are heavier than air and would collect in the low lying area of the parcel which abuts homes in Deer Glen Forest. One, benzene, is a known carcinogen which attacks our cells and then our blood. The NIH has determined that there is no safe level of exposure to it. Naturally occurring ethyl benzene is a suspected carcinogen. Tuolene has not been linked to cancer but can damage the brain, heart, muscles and kidneys with repeated exposure. And of course there is carbon monoxide which is a pulmonary threat to us all, and particularly so to sensitive groups.

While the government and industry have tried to mitigate gaseous emissions there is evidence that Stage I vapor recovery systems and automobile onboard vapor recovery systems are less than ideal. Stage 1 systems are NOT effective the 99% of the time that the underground tanks are NOT being filled. And automobile OVRS have been shown in recent testing to leak around 88% of the time. Moreover, the virtual certainty of runoffs from refueling assures that these compounds, which dissolve only slightly in water, will be in the ditches, soil, grass and waterways of the surrounding area.

Ladies and gentlemen, I am not a pioneer resident of Smokemont. But in my 34 years here I have enjoyed watching two generations of kids at the bus stops. Won't you help us

SANDRA LEE QUIRY

keep this area safe for them and us? We don't need another gas station here. We need peaceful enjoyment of our homes. Please stick to the Comprehensive Plan and vote AGAINST this petition.

Thank you for your consideration.

Re: Rezoning Request
Banks Road & Highway 54

August 30, 2024

Dear Planning Commissioners,

I am reaching out to you on behalf of the members of our Homeowners Association for The Oaks of Fayetteville. We oppose the rezoning of the property at Banks Road & Highway 54 from A-R to C-C. This property has always been zoned residential, and allowing commercial development, such as a gas station, would have a detrimental impact on our community in the following ways:

- **Traffic and safety:** The addition of a gas station at this location will increase traffic congestion in an already very dangerous intersection. There are many automobile accidents happening there already.
- **Environmental impact:** Gas stations have the potential to cause environmental harm through soil and groundwater contamination, air pollution, and hazardous waste. Given the proposed site's proximity to residential homes and parks, we are deeply concerned about the long-term environmental impact on our community.
- **Property values:** The presence of a gas station can negatively affect property values in the surrounding area. As homeowners, we are concerned about the potential devaluation of our homes, which represents a significant investment for many of us.
- **Noise and Light Pollution:** Gas stations typically operate late into the night or even 24/7, which can introduce unwanted noise and light pollution into the neighborhood, disrupting the quiet residential character of our community.
- **Health Concerns:** The emission of volatile organic compounds (VOCs) and other pollutants associated with gas stations can pose health risks to nearby residents, particularly children, the elderly, and those with pre-existing health conditions.
- **Land Use Plan:** The current land use plan states that this parcel has been designated as residential even back in 2003 when the last request was made by the landowners.

For these reasons, we oppose the rezoning request along with our neighboring HOAs and respectfully urge the Commission to reject it and adhere to the existing Land Use Plan.

Sincerely,

The Oaks for Fayetteville Homeowners Association

Good morning. My name is Kimberly Hearn and I live at 589 Banks Road East. It is my understanding there will be a meeting on September 5, 2024 regarding rezoning property at the intersection of Hwy 54 and Banks Road East.

I want to express my opposition to the construction of a gas station at the above intersection. My son was hit by a car on this street several years ago. The driver was cutting through the neighborhood. I live half-way down Banks Road East and I can see when people are just cutting through or live here. We've had speed bumps put in place (one was gone for a year, replaced about 2 months ago, and already torn up) and my next-door-neighbor's mailbox has been hit 3 times in the last few months.

I have to pick up trash out of my yard nearly every day.

A gas station will likely lead to congestion at an intersection that already has a long line of traffic at times.

I urge you to not allow the zoning for a gas station.

Thank you.

Good morning Ms. Bell.

My name is Charles Wicker and I am a member and resident of the Wellington Place neighborhood.

I want to start by thanking you for serving as Fayette County's Planning and Zoning Director and also that I am praying for you as well as all of our other elected officials.

I am contacting you today to express my concern and strong objection to the proposed plan to rezone the property on the corner of Highway 54 and Banks Road from Agricultural/Residential to Commercial with the purpose of constructing a gas station.

As a Father of 4 very young children I am very concerned for the safety of my family and absolutely do not want the extra traffic, auto accidents, light and noise pollution or potential crime to jeopardize my young family.

We also have 2 gas station's within 2 miles in either direction from my home, simply put we do not need another gas station in this location.

Thank you for your time and consideration Ms. Bell.

Charles Wicker.

Good afternoon Ms. Bell and Ms. Sims;

Attached is our letter, from the residents of the Wellington Place HOA subdivision, in opposition to the re-zoning request for the Hwy 54 and Banks Rd parcel of land to be reviewed by the Planning Commissioners on September 5th. We have also included images of the current petition we have circulated amongst our residents opposing same, and expect to have additional signatures prior to the BOC meeting on 26SEP24.

We respectfully request you please share the attached with the Planning Commissioners, for it also to be entered into the official record.

Should you have any questions or concerns, please do not hesitate to reach out.

Thank you for your assistance and consideration and we appreciate your attention to this matter.

Re: Rezoning Request

Banks Road & Highway 54

August 30, 2024

My name is Griffin Root, my family resides on Banks Rd East, and we have been part of the Wellington Place subdivision for 13 years. Our community is filled with almost 45 families, ranging from some being brand new residents, to others who have lived here for over 35 years.

This letter is to represent the Wellington Place HOA residents' concern to the re-zoning request of the 4.86 acres at the corner of Banks Rd. and HWY 54 in Fayetteville from A-R to C-C , for the development of a gas station/convenience store. This property has a long history of being consistently zoned as residential, and in so being greatly assists in the promotion of the peaceful quality of life within our neighborhoods, which is precious to all of the members within the WPHOA.

We strongly oppose the request to rezone this property to C-C as a gas station/convenience store, at this location, would be undoubtably both physically/psychologically harmful and completely disruptive to this residential area and our associated neighborhoods. While there are many specific reasons, we would like to express our concerns based on:

- **Noise and Light Pollution:** Gas stations typically operate late into the night or even 24/7, which will introduce unwanted noise and light pollution into the neighborhood, disrupting the quiet residential qualities of our community. These aspects of pollution are a virtual certainty, and will have a significant negative impact on the tranquility that we hold dear to us here in the WPHOA. This would be most impactful on evenings and weekends, when our residents are working to unwind after that long day at work, or spending the weekend with family and friends. A loud brightly lit gas station adjacent to our development is not supportive to these aspects of our lives.
- **Quality of life:** The petitioner has stated that the creation of a convenience store would “bring much needed fuel and food options to a residential community.” We here at WPHOA disagree with that reasoning, given the fact that there is a gas station with attached convenience store food options within 1 mile on either side of Hwy 54 from the proposed development location. To build a third fuel/convenience store location between the two

existing gas stations ***does not make sense***, and would seriously degrade the peaceful quality of life we hold most dear in our neighborhoods.

For these reasons, we strongly oppose the rezoning request along with our neighboring HOAs and respectfully urge the Commission to reject the rezone request, adhere to the existing Land Use Plan, and protect the quality of life in our neighborhood that makes Fayette County the desirable place to live that it is. We thank the planning commission for taking our perspective into consideration, and hope for your support at the meeting on 05SEP24.

Sincerely,

Griffin Root

Hi

I am sending you this email as a resident of Fayette County who strongly opposes the rezoning of this area. This intersection has enough traffic, in addition and even more importantly there are accidents that take place there often. Adding a gas station to an area like this will only cause more issues. Travelers including myself have two very close options for gas. One at the intersection of Corinth and Hwy 54 and another going in the other direction at the intersection of Hwy 54 and McDonough Rd. This seems to be a bit overkill in regards to adding another gas station in the area.

Please leave this area residential

Thank you

In our neighborhood (Felton Drive and McElroy Road), we are opposed to the zoning change. We have enough gas stations and CONVENIENCE stores within a 5 mile radius.

There is nothing good to be gained by adding a gas station.

I oppose the added traffic congestion at the Banks Road intersection with state route 54, as well as the congested complex of lanes at the end of McElroy Road.

Residents of the neighborhood, sports participants, and folks passing through have numerous stations to select from.

I strongly oppose the developers' request to rezone.

Fayette County Zoning and Planning Director,

I strongly disagree with the development of a proposed gas station at the corner of Hwy 54 and Banks Rd. Here are a few reasons why.

- This is a residential area
- From the location there is already a gas station at the intersection of McDonough Rd, less than a mile away
- In the other direction there is a gas station about a mile away
- This is already a busy intersection
- It will greatly affect property value in this residential area
- There are already enough gas stations in Fayetteville w/o the others mentioned

Meeting Date:

Type of Request:

Wording for the Agenda:

Consideration of Petition No. 1355-24, Andrea Pope Camp & Jordan Camp, owners; request to rezone 41.78 acres from A-R to R-75 for the purposes of creating additional lots without any new infrastructure; property located in Land Lot 28 of the 7th District and fronts on Davis Road and Huiet Drive. Tabled at the October 24, 2024 Meeting.

Background/History/Details:

Applicant proposes to rezone 41.78 acres from A-R (Agricultural-Residential) to R-75 (Single-Family Residential) for the purposes of developing a residential neighborhood of single-family detached homes. As defined in the Fayette County Comprehensive Plan, Rural Residential – 2 (1 unit/2 acres) is designated for this area, so the request for R-75 zoning is appropriate.

On September 5, 2024 the Planning Commission voted 4-0 to recommend CONDITIONAL APPROVAL, with AMENDED CONDITIONS. Please refer to the Staff Report for full set of recommended and PC Amended Conditions.

Note: At the September 26, 2024, Board of Commissioners meeting, petitioner was granted a request to table b/c a full board was not present. The request was tabled until October 24, 2024. Prior to the Oct. meeting, the petitioner requested to table to the November 14, 2024, due to a scheduling conflict. Due to resident concerns regarding the 2:00 PM November meeting time, the Board tabled the petition until January 23, 2025, at 5:00 PM.

Staff recommends CONDITIONAL APPROVAL of the request to rezone from A-R to R-75, with the five(5) amended conditions as listed in the staff report.

What action are you seeking from the Board of Commissioners?

PLANNING COMMISSION RECOMMENDATION

On September 5, 2024, the Planning Commission voted 4-0 to recommend **CONDITIONAL APPROVAL, with the following AMENDED CONDITIONS:**

[Notes: Condition #4 was omitted altogether. Condition #6 was amended to only follow Sec. 12-90., which removes the need for a condition related to installation of water lines. For clarity, staff has

removed this condition, and the County Ordinance Sec. 12-90 shall be applied here.]

1. The owner/developer shall dedicate land to Fayette County as needed to provide a minimum 40-ft of right of way as measured from the existing centerline of Davis Road.
2. The owner/developer shall dedicate land to Fayette County as needed to provide a minimum 40-ft of right of way as measured from the existing centerline of Huiet Drive.
3. Submittal of all warranty deed(s) and legal descriptions for right-of-way dedications shall be provided to the County within 90 days of the approval of the rezoning request, or prior to the final plat approval, whichever comes first.
4. The existing house and barn on the property shall be demolished, with the appropriate demolition permits, within 6 months of the approval of the rezoning; or prior to the submittal of a subdivision plat; or prior to the submittal of any permits, whichever comes first.
5. The availability of water is conditioned upon, among other things, Fayette County, Georgia, receiving a recorded permanent easement prior to final plat approval if the Construction Plan review process determines a recorded easement is required. Alternatively, any future water infrastructure the County maintains shall be located within an accessible public right-of-way.

[Original Staff-Recommended Conditions as presented to the Planning Commission]

STAFF RECOMMENDATION

As defined in the Fayette County Comprehensive Plan, Rural Residential – 2 (1 unit/2 acres) is designated for this area, so the request for R-75 zoning is appropriate. Staff recommends **CONDITIONAL APPROVAL** of the request for a zoning of R-75, Single-Family Residential District.

STAFF RECOMMENDED CONDITIONS FOR PETITION No. 1355-24

1. The owner/developer shall dedicate land to Fayette County as needed to provide a minimum 40-ft of right of way as measured from the existing centerline of Davis Road.
2. The owner/developer shall dedicate land to Fayette County as needed to provide a minimum 40-ft of right of way as measured from the existing centerline of Huiet Drive.
3. Submittal of all warranty deed(s) and legal descriptions for right-of-way dedications shall be provided to the County within 90 days of the approval of the rezoning request, or prior to the final plat approval, whichever comes first.
4. The owner/developer shall improve the gravel road segments fronting the parcel and extend the improvement north on Huiet Drive to meet existing pavement. The improvement shall meet County Standards for Collector Roads and be designed and constructed in accordance with Fayette County's Development Regulations. Alternatively, the owner/developer may pay Fayette County \$1,105,000 so that Fayette County can make the improvements in the future. The work shall be completed, or the

payment made, prior to Final Plat approval.

5. The existing house and barn on the property shall be demolished, with the appropriate demolition permits, within 6 months of the approval of the rezoning; or prior to the submittal of a subdivision plat; or prior to the submittal of any permits, whichever comes first.
6. Prior to submission of any final plat(s) or amendments or revisions thereto, and irrespective of the number of lots in any final plat(s) or revision thereto, the developer shall be required to extend the public water line from adjacent subdivision to provide water service for each lot in the subdivision. The water line extension shall be constructed to the standards outlined in, "Sec. 12-90. - Mandatory connection to public water system, including the installation of fire hydrants."
7. The availability of water is conditioned upon, among other things, Fayette County, Georgia, receiving a recorded permanent easement prior to final plat approval if the Construction Plan review process determines a recorded easement is required. Alternatively, any future water infrastructure the County maintains shall be located within an accessible public right-of-way.

Staff Note from Public Works regarding Condition #4:

The potential traffic load from the parcel under the existing A-R zoning is approximately 72 trips per day. The trip estimate for the proposed zoning is 144 trip per day or greater if an internal local road is provided to increase lot yield beyond 16. This is a 100% increase, or greater. Although there are larger residential developments in the area, they have alternative access points so drivers can avoid travel on a gravel road. Conversely, all traffic for this development would be on one or both gravel roads and the start/destination points concentrated across the Davis Road and Huiet Drive frontages.

The design standard and level-of-service for these existing roads is low. They are gravel, narrow, and often with limited or no right-of-way. This limits Fayette County's ability to clear vegetation for sight distance, remove obstructions, and provide adequate ditches and cross-drains for drainage. In addition, some areas have substandard horizontal and vertical geometries. For these reasons, maintaining gravel roads is on-going challenge even at existing traffic volumes. The increased traffic and curb cuts would exceed what the roads are able to support. Improvements are needed to provide an adequate level-of-service for the proposed change in density.

The recommended dollar value payment is based on Fayette County's cost estimate to design and construct road improvements along the portion of Davis Road (1,403 ft +/-), Huiet Drive (1,495 ft +/-) fronting the parcel, plus an extension north along Huiet Drive to tie in with existing pavement (300 ft +/-). The scope of work includes the design, right-of-way acquisition, utility relocations, and construction work necessary to improve the road from its current condition to a paved Collector Road, that meets Fayette County's Development Regulations.

The cost estimate to improve 2,898 ft of existing gravel road to County Collector Standards is

\$1,105,000.

This estimate includes design, surveying, right-of-way acquisition, and construction. It assumes all the work is outsourced and is based on today dollars (no inflation). It also assumes no stormwater management features beyond culverts and ditches and no grading easements beyond the 80-ft ROW.

INVESTIGATION**A. GENERAL PROPERTY INFORMATION**

The property is a legal lot of record in the A-R zoning district. There is a single-family home and barn on the property. This property is not located in an overlay zone.

B. REZONING HISTORY:

There is no record of a prior rezoning.

C. CURRENT DEVELOPMENT HISTORY:

The property has a single-family home and a barn on it. The house does not meet the minimum requirements for R-75, so staff is recommending a condition for removal. The barn will not meet the minimum requirements for an accessory structure in R-75, so staff is recommending a condition for removal.

D. SURROUNDING ZONING AND USES

Near the subject property is land which is zoned A-R and R-40. See the following table and the attached Zoning Map.

The subject property is bounded by the following adjacent zoning districts and uses:

Direction	Acreage	Zoning	Use	Future Land Use Plan
North	11	R-40	Single-Family Residential	Rural Residential – 2 (1 unit/2 acres)
East	10	R-40	Single Family Residential	Rural Residential – 2 (1 unit/2 acres)
South (across Davis Road)	48	A-R	Single Family Residential & Agricultural	Rural Residential – 3 (1 unit/3 acres)
West (across Huiet Drive)	60	A-R	Single Family Residential & Agricultural	Rural Residential – 3 (1 unit/3 acres)

E. COMPREHENSIVE PLAN

Future Land Use Plan: The subject property lies within an area designated for Rural Residential - 3 on the Future Land Use Plan map. This request **DOES CONFORM** to the Fayette County Comprehensive Plan/Future Land Use Map.

STANDARDS

Sec. 110-300. - Standards for map amendment (rezoning) evaluation.

All proposed map amendments shall be evaluated with special emphasis being placed on the relationship of the proposal to the land use plan and related development policies of the county. The following factors shall be considered by the planning and zoning department, the planning commission and the board of commissioners when reviewing a request for rezoning:

- (1) Whether the zoning proposal is in conformity with the land use plan and policies contained therein;
- (2) Whether the zoning proposal will adversely affect the existing use or usability of adjacent or nearby property;
- (3) Whether the zoning proposal will result in a use which will or could cause an excessive or burdensome use of existing or planned streets, utilities, or schools;
- (4) Whether there are other existing or changing conditions affecting the use and development of the property which give supporting grounds for either approval or disapproval of the zoning proposal.

STAFF ANALYSIS

1. The subject property lies within an area designated for Rural Residential Uses. This request does conform to the Fayette County Comprehensive Plan in terms of the use and the minimum lot size.
2. The area around the subject property is an area that already has various residential uses. It is staff's opinion that the zoning proposal is not likely to adversely affect the existing or future uses of nearby properties.
3. It is staff's opinion that the zoning proposal will not have an excessive or burdensome impact on schools. The project does meet criteria that require extension of public water lines to serve the property. Staff has determined that the development would have an adverse impact on local roads.
4. The proposal is consistent in character and land use with the surrounding uses as low density residential.

ZONING DISTRICT STANDARDS**Sec. 110-131. R-75, Single-Family Residential District.**

(a) *Description of district.* This district is composed of certain lands and structures, having a low density single-family character and is designed to protect against the depreciating effects of small lot development and those uses incompatible with such a residential environment.

(b) *Permitted uses.* The following uses shall be permitted in the R-75 zoning district:

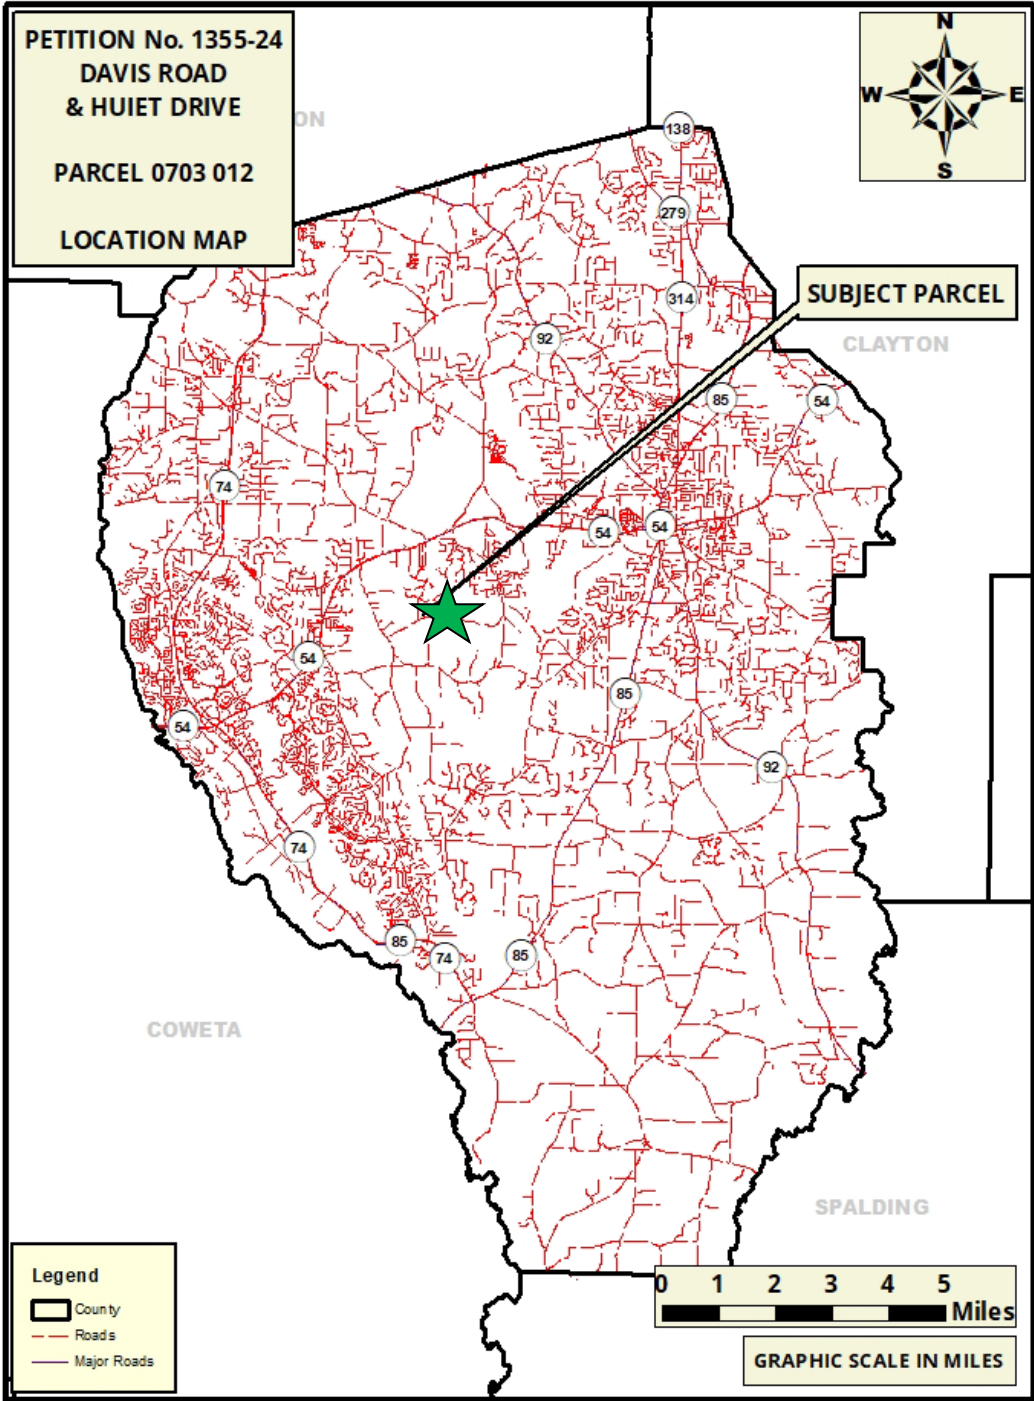

- (1) Single-family dwelling;
- (2) Residential accessory structures and uses (see article III of this chapter); and
- (3) Growing crops, gardens.

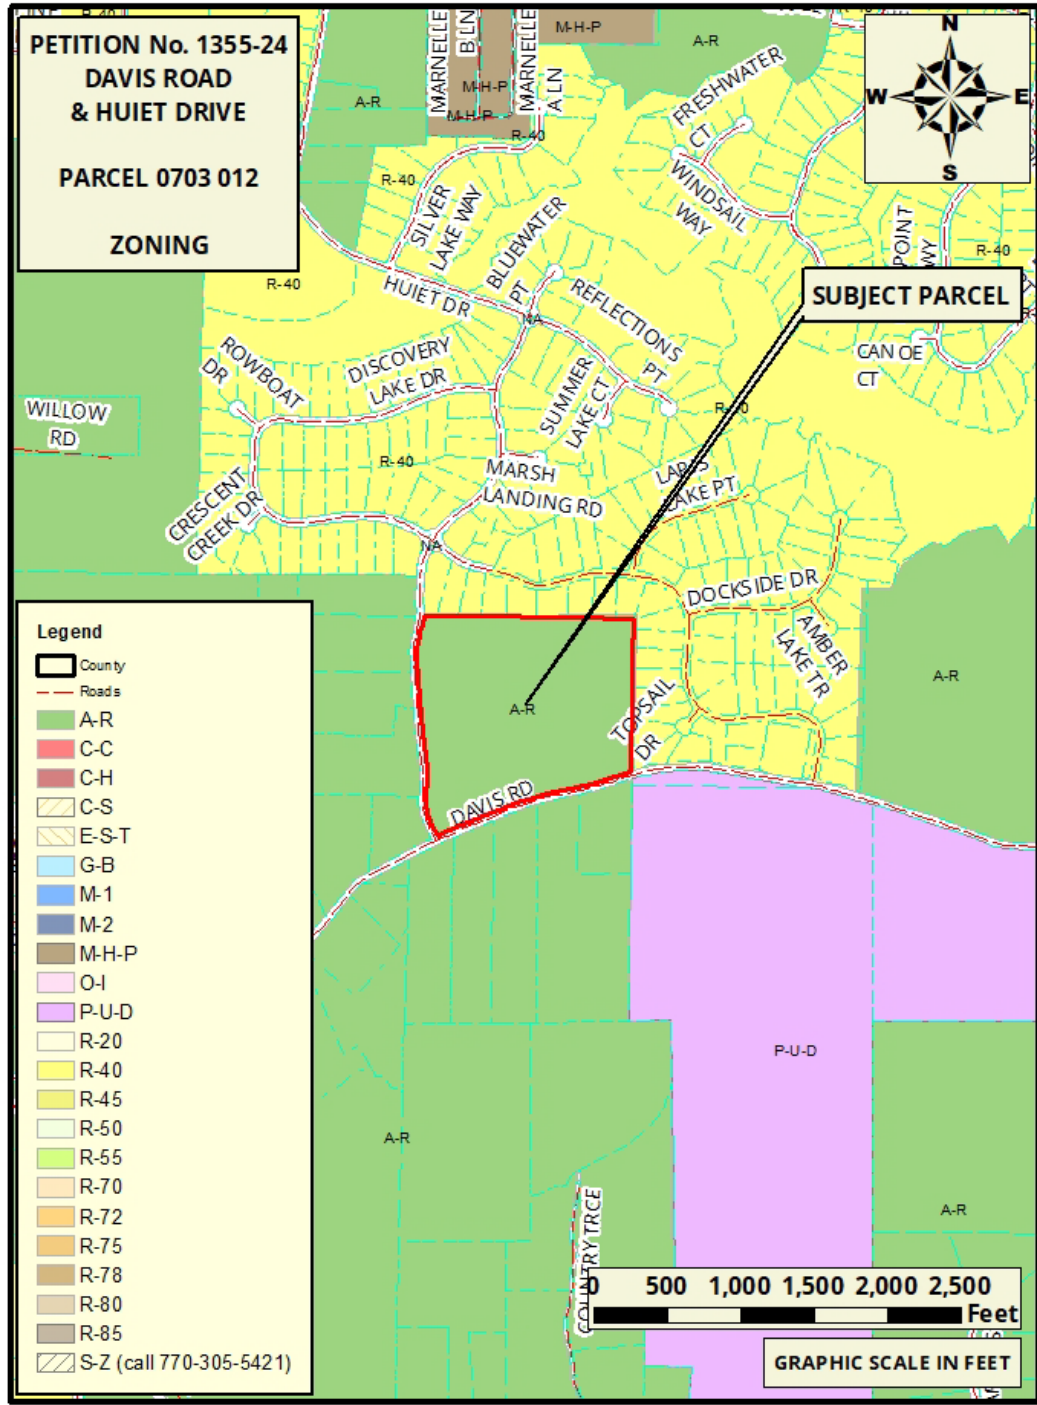

(c) *Conditional uses.* The following conditional uses shall be allowed in the R-75 zoning district provided that all conditions specified in article V of this chapter are met:

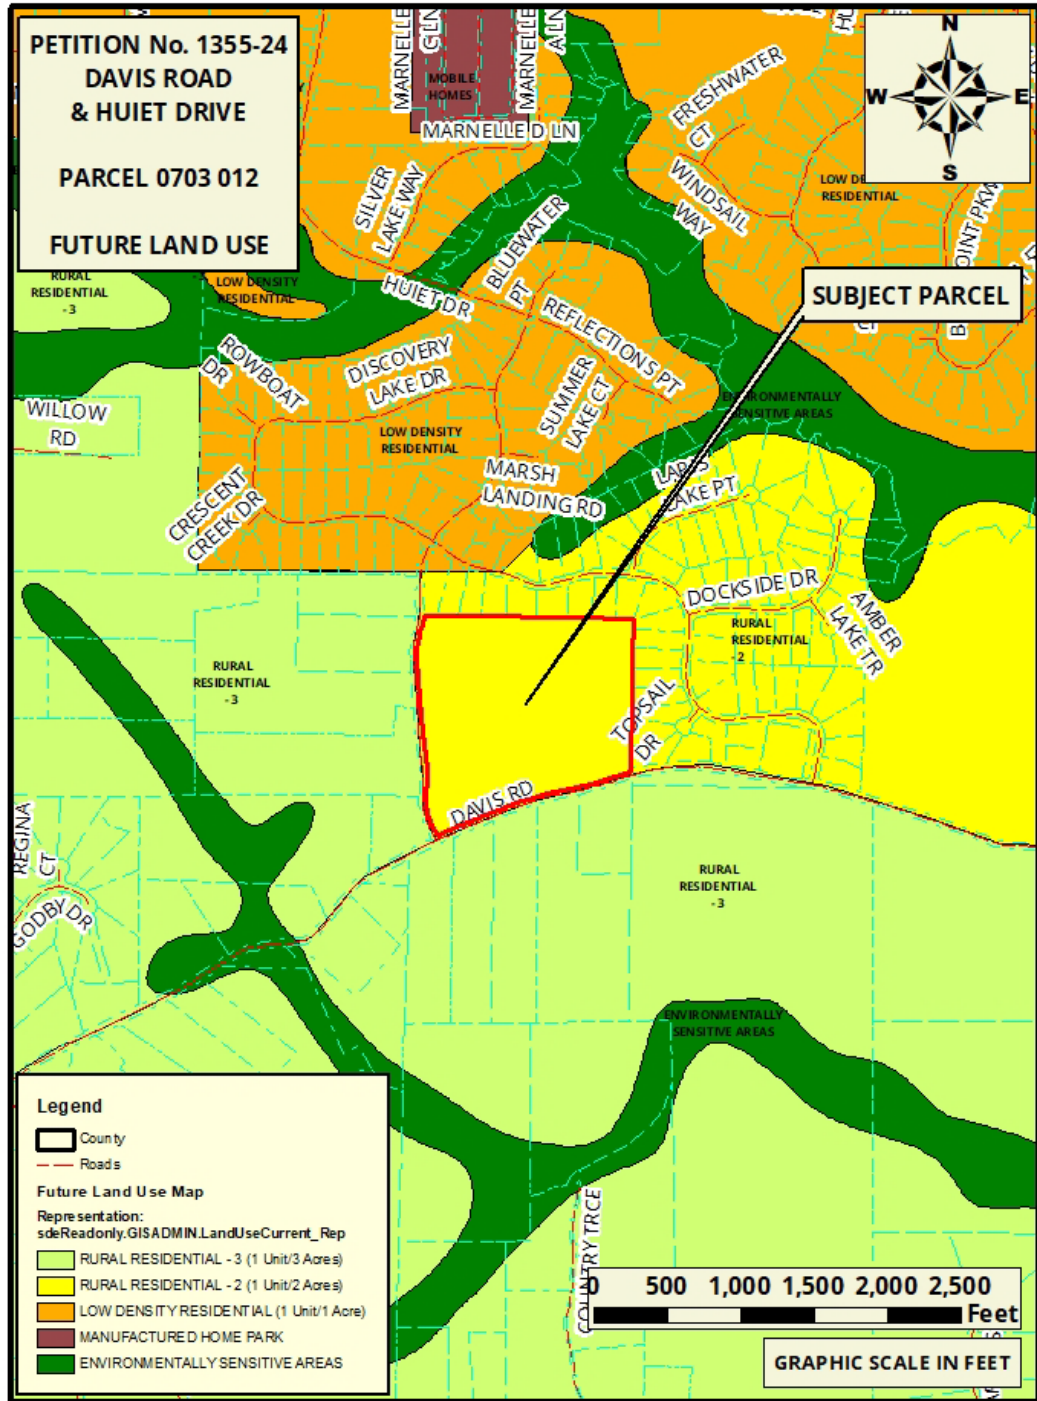

- (1) Church and/or other place of worship;
- (2) Developed residential recreational/amenity areas;
- (3) Home occupation;
- (4) Horse quarters; and
- (5) Private school, including, but not limited to: classrooms, administration, playground, housing, athletic fields, gymnasium, and stadium.

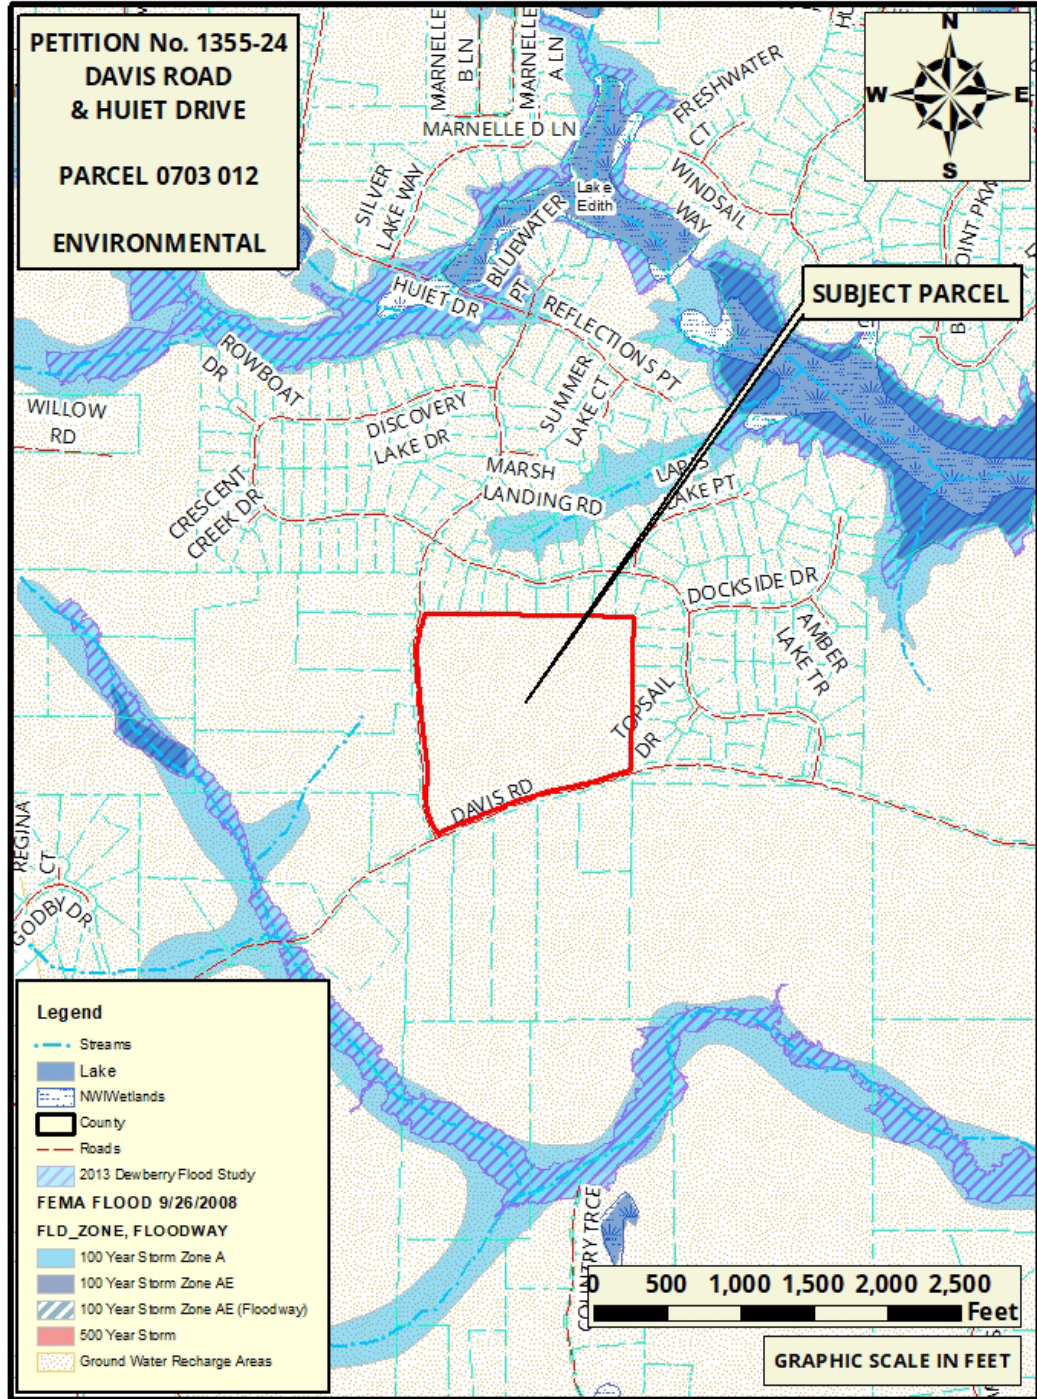

(d) *Dimensional requirements.* The minimum dimensional requirements in the R-75 zoning district shall be as follows:

- (1) Lot area per dwelling unit: 87,120 square feet (two acres).
- (2) Lot width: 125 feet.
- (3) Floor area: 2,500 square feet.
- (4) Front yard setback:
 - a. Major thoroughfare:
 1. Arterial: 100 feet.
 2. Collector: 75 feet.
 - b. Minor thoroughfare: 50 feet.
- (5) Rear yard setback: 50 feet.
- (6) Side yard setback: 25 feet.
- (7) Height limit: 35 feet.

NEW BUSINESS

1. Call to Order.
2. Pledge of Allegiance.
3. Approval of Agenda. *Ms. Deborah Sims requested the board to amend the agenda to add item (d) Minor Final Plat for Liberty North. Danny England made a motion to approve the agenda with the addition of item (d) Minor Final Plat for Liberty North on the September 5th Agenda. Jim Oliver seconded the motion. The motion passed 4-0 John Kruzan was absent.*
4. Consideration of the Minutes of the meeting held on August 1, 2024. *Jim Oliver made a motion to approve the minutes of the meeting held on August 1, 2024. Boris Thomas seconded the motion. The motion carried 4-0.*
5. Plats
 - a. Final Plat for Wright Chancey McBride LLC. Approval of the Final Plat for Wright Chancey McBride LLC. Ms. Sims explained the first final plat is McBride Estates, Mr. Rod Wright is subdividing these lots on McBride Road. It has been reviewed and approved by staff, she showed the plat and explained he is making 5 lots and I think the board approved the rezoning so he could do the neighborhood in that area. Mr. John Culbreth asked the board if they had any questions.? Jim Oliver asked if staff had approved it.? Ms. Sims replied staff had reviewed and approved it. The plat shown on display was not the correct one, she apologized to the board, and they showed the plat before. Mr. Thomas asked if there were any conditions.? Ms. Sims responded no, there were no conditions on the final plat. *Jim Oliver made a motion to APPROVE the Final Plat for Wright Chancey McBride LLC. Boris Thomas*

seconded the motion. The motion carried 4-0.

- b. Minor Final Plat for 385 Snead Road. Approval of the Minor Final Plat for 385 Snead Road. Ms. Sims states the board also reviewed when we had the rezoning and these were discussed before, they had subdivided it into three lots, so you don't have the strangely configured lot, each lot is still the 5-acre. Mr. Culbreth asked what changes were made.? Ms. Sims responded this was one lot and subdivided into three, they just rezoned it, so they have weird lots so the line lots were way back. Mr. Culbreth asked the board for a motion. ***Danny England made a motion to APPROVE the Final Plat for 385 Snead Road. Jim Oliver seconded the motion. The motion carried 4-0.***
- c. Minor Final Plat for Riverbend Overlook Phase III. Ms. Sims commented to the board they already approved Phase I & Phase II; this is Phase III, and it has been reviewed and approved by staff. Mr. Culbreth asked the board if they had any questions.? No one responded. ***Jim Oliver made a motion to APPROVE the Minor Final Plat for Riverbend Overlook Phase III. Danny England seconded the motion. The motion carried 4-0.***
- d. Final Plat for Liberty North. Ms. Sims explained to the board they had seen this plat several times since 2006 with preliminary plats and staff had approved it. Mr. Culbreth asked the board if they had any questions.? No one responded. Then he asked for a motion. ***Danny England made a motion to APPROVE the Final Plat for Liberty North. Jim Oliver seconded the motion. The motion carried 4-0.***

PUBLIC HEARING

- 6. Consideration of Petition No. 1353-24, The Estate of Richard N. Cates/Carol Denise Cates Mercer, Executrix; request to rezone 4.86 acres from A-R (Agricultural-Residential) to C-C (Community Commercial) for the purposes of constructing a convenience store with fuel pumps. Property is located in Land Lot 151 of the 5th District and fronts on Banks Road and Highway 54. Ms. Sims asked the petitioner would like to proceed without a full board present, the petitioner said yes.

Ms. Sims stated that the property is located at the corner of Banks Road and Highway 54 staff is recommended denial. However, should the planning commission decide they would like to approve that, staff recommends the following CONDITIONS:

- 1. The applicant provides a minimum of 40 feet of ROW as measured from the existing road centerline or at least 10 feet beyond payment for acceleration/deceleration lanes whichever is greater.
- 2. Submit all Warranty deeds and Legal descriptions for ROW dedications shall be provided to the county within 90 days of the approval of the rezoning request or prior to the final plat approval whichever comes first.
- 3. Entrance location on Banks Road shall be limited to a right in right out and as recommended by GDOT the driveway shall be a minimum of 200ft from the return radius of Banks Road and SR 54.
- 4. Applicant shall extend the existing sidewalk along Banks Road for

the length of the property.

This is surrounded by residentially zoned properties there is not any floodplain or that concerned, they are asking to go to C-C (Community Commercial) so they can have a convenience store, the lot is located in the eastern part of the county. This is an A-R (Agricultural-Residential) is a legal lot of record, there are no rezonings that have been approved for this property.

Mr. Culbreth asked the petitioner to proceed with his presentation. Mr. Newton Galloway- Attorney, stated he was representing The Estate of Richard N Cates/Denise Mercer's daughter, Owner; Mr. Sudesh Dhingra is the applicant who desires to do the convenience store, and Mr. Jim Kelly, who is a real estate professional. They provided a printed PowerPoint presentation that staff distributed to the board, he said he worked with Ms. Bell in Spalding County with her before she came to work for Fayette County, but Ms. Bell was not present at tonight's meeting.

He explained in the presentation that the first page shows where the proposed store will be; the next page is a picture shown on qpublic.net lot diagram this is a request to go to Community Commercial from A-R on 4.6 acres and at its corner on Highway 54 and Banks Rd., which is a key element in this zoning. He explained how and where the building would be located, this is a triangular piece of property. Mr. Galloway said it is surrounded by residential zonings and it's been sitting there ever since Fayette County had a zoning ordinance. You condemn property, and the state condemns property, for the expansion of Highway 54 and also improvements on Banks Rd., so what started as a 5 acres tract it's now a 4.8 acre tract, a significant reduction.

He stated a real problem with this property is the traffic, it is at the corner of a thoroughfare. Traffic is a problem for a piece of property that has a funny shape and is sitting undeveloped in the middle of a residential developments around it. He stated another problem is the A-R zoning; everything else around changed except for that lot. He doesn't think you will be allowed to build since the lot doesn't have the A-R zoning acreage. You might be able to rezone to R-20 or R-40 one-acre lots, but people will not buy houses on a busy intersection. He states that the property in 2003 requesting a change in zoning to an R-20 or R-40; it went up to the BOC and they said no, they keep it as A-R. How long it has been zoned undeveloped? 21 years. Ms. Bell has covered some conditions if approved but there are other things you can do such as lighting, and the rear buffer and we will be open to discussion with staff in order to get this property functional and useful.

Mr. Jim Kelly has been with TrueMark Realty, the listing broker for the property since 2023 spoke. He stated when they listed the property over 300 prospects contacted them for commercial and were able to narrow it down to two offers. Both were convenience store operators and chose the lower offer amount. They chose someone local, Sam, owner of BP station west of town on Veterans Highway and Highway 54. We want to present this to the community and the neighbors to make the best attempt and best effort. He explained how they contracted to present the plans for this meeting and went to the neighbors on that street offering a copy of the plans and letting them know if they had any questions regarding the plans to contact him or the owners, they were very approachable.

Ms. Denise Mercer states she is the oldest daughter of Richard Cates, and she was born and raised in this county. She spoke about the property expansions, and they are left with a little bit over 4 acres, she said they will secure a 60-foot natural wooded buffer for the adjacent

homeowners, a buffer that will be lost if they do not develop this property and will be forced to sell off the timber in order to do so, that will eliminate that natural buffer.

Mr. Culbreth asked if anyone was in opposition.?

Arnold Martin has lived in the Deer Glen subdivision for over 20 years. He states he sent opposition letters, and that this convenience store will be very disruptive, this proposed zoning is not in the comprehensive plan, and the future land use plan and it's surrounded by residential zones. He spoke about traffic in the area and it's very dangerous for the community if they allow this convenience store.

Mr. Darryl Hicks lives at Oak Manor and he represents The Oaks HOA. He spoke about the environmental harm through soil, groundwater contamination, and air pollution given the proximity of the site to residential homes. He stated they are deeply concerned about the long-term impact on our community.

Mr. Griffin Root he is the secretary and treasurer for Wellington Place HOA. He has resided here for about 13 years, and he states they have 45 families in the subdivision. He has two concerns about this rezoning request. The first is the noise and light pollution we know if we put a gas station in that corner will be a lot more traffic, making it a lot noisier and a lot of light pollution in the evenings, especially for the neighbors across the street from where this property supposed to be built. Mr. Root added that if you look around there are already gas stations near our residential neighborhoods. It doesn't make any sense to add another one.

Ms. Sandra Lee Quiry lives 500 or 600 feet from the subject property. She talked about health concerns about living near a gas station. Ethanol is a compound in petroleum which is a solvent used to turn petroleum into something to use in your car to use gasoline and another associated with it and is carcinogenic. She explained different types of substances that will harm your health and the air. She asked the board to deny the petition to the danger to the people to reside in these homes.

Mr. Leroy Brown lives in Deer Glen Forrest subdivision, they own two of the 7 lots in the neighborhood, he states the value of the properties will devalue and the pace they have now will not be there anymore, and there will be a lot more foot traffic and crime concerns the neighbors.

Mr. Culbreth asked Mr. Galloway if he wanted to say anything in rebuttal. He said the owner has to be able to have that opportunity to use the property and have the use and have a reasonable economic return and there are no uses on that property that has developed as zoned in 21 years, which sends the signal that the zoning isn't appropriate. This is a difficult piece of property because of its size and location.

Anonymous opposition speaker stated that he has lived in Deer Forest Road since 2011 and explained if this petition is granted it will destroy this person's driveway. There is water that flows down the area where this will be located.

Mr. Culbreth stated to the public present that the planning commission's vote is a recommendation to the Board of Commissioners for final adoption, and they will need to follow up with the next meeting. Mr. Culbreth asked the board for any questions.

Mr. Jim Oliver asked Mr. Galloway how he would address the fact that the property presently doesn't comply with the comprehensive land use plan? Mr. Galloway responded that the comp plan is used as a guide and that there are sometimes oversights between what the comp plan should provide for a piece of property and what it does provide. The comp plan is not subject to constitutional standards; they apply to zoning because is it an action of the local government to affect land uses.

Mr. Oliver responded he did think no one is denying the use of the property and I have been on both sides, of the commissioners and attorneys. The comprehensive plan many times has been used as a sword both ways, “don’t come here and ask us to rezone this because it doesn’t apply” or “it’s only a guide.” There are, perhaps, other reasonable uses for the property, not necessarily C-C; O-I it comes to mind, some other less invasive less disrupted use. Mr. Galloway I will go back to what Mr. Kelley said the people who called all wanted a commercial property, that tells you what the market is. Since COVID, the Office uses have about died.

Mr. Boris Thomas added, referring to Mr. Galloway’s comments that the property wasn’t necessarily functional on certain returns but just depended upon the profit the owners wanted to make, it has over 47 uses other than a gas station and that can be quite commercial. We are not obstructing the ownership of the property from making a profit by selling the property, that will not stop them from selling the property.

Mr. Galloway responded he acknowledged there are 47 listed permitted uses and 20 conditional uses that are allowed but to get to those what do we have to do?

Mr. Thomas responded that is not our responsibility to make the property okay, but the owner’s responsibility to get the property set up.

Mr. Galloway explained that each one of those uses would require rezoning.

Mr. Danny England commented that they had more convenience store/gas station rezoning in the past 18 months, we approved all of them except for one, which was located at GA 85 S and a lot of the discussion was the same as this one. We voted to reject that proposal because it was surrounded by residential uses. We looked at the character of the area and the surrounding uses. The fact that this is located at a signalized intersection does not mean that a gas station is automatically the best use.

Mr. Culbreth asked for a motion after no further comments. ***Boris Thomas made the motion to deny Petition 1353-24. Danny England seconded the motion. The motion to DENY carried 4-0. Mr. England asked Ms. Sims for the BOC date meeting for follow-up on this petition, Ms. Sims responded on September 26th at 5 O’clock in this room.***

7. Consideration of Petition No. 1354-24, Marion L. Holt, owner; requests to rezone from A-R to R-45 for the purposes of creating additional lots without any new infrastructure. Property is located in Land Lot 148 of the 7th District and fronts on Palmetto Road. Ms. Sims explained the petition is located at 285 Palmetto Road, staff found a problem with this, and staff is recommending being withdrawn, we need the planning commission approval to withdraw so we can refund the applicant's money, it wasn’t going to meet all the requirements needed. Mr. Boris asked staff if the petitioner was aware of the withdrawal? Ms. Sims responded yes; we told them we were going to request withdrawal. ***WITHDRAWN BY PETITIONER, Danny England made a motion to allow the WITHDRAWAL of Petition 1354-24, Jim Oliver seconded the motion. The motion carried 4-0.***

8. Consideration of Petition No. 1355-24, Andrea Pope Camp & Jordan Camp, owners; request to rezone 41.78 acres from A-R to R-75 for the purposes of creating additional lots without any new infrastructure. Property is located in Land Lot 28 of the 7th District and fronts on Davis Road and Huiet Drive.

Ms. Sims explained the petition and said staff recommends conditional approval of this

request that does fit with the future land use plan. The recommended conditions are:

1. The owner/developer shall dedicate land to Fayette County as needed to provide a minimum 40 ft of right of way as measured from the existing centerline of Davis Road. 2. The owner/developer shall dedicate land to Fayette County as needed to provide a minimum 40-ft of right of way as measured from the existing centerline of Huiet Drive. 3. Submittal of all warranty deed(s) and legal descriptions for right-of-way dedications shall be provided to the County within 90 days of the approval of the rezoning request, or prior to the final plat approval, whichever comes first.

4. The owner/developer shall improve the gravel road segments fronting the parcel and extend the improvement north on Huiet Drive to meet existing pavement. The improvement shall meet County Standards for Collector Roads and be designed and constructed in accordance with Fayette County's Development Regulations. Alternatively, the owner/developer may pay Fayette County \$1,105,000 so that Fayette County can make the improvements in the future. The work shall be completed, or the payment made, prior to Final Plat approval.

5. The existing house and barn on the property shall be demolished, with the appropriate demolition permits, within 6 months of the approval of the rezoning; or prior to the submittal of a subdivision plat; or prior to the submittal of any permits, whichever comes first.

6. Prior to submission of any final plat(s) or amendments or revisions thereto, and irrespective of the number of lots in any final plat(s) or revision thereto, the developer shall be required to extend the public water line from adjacent subdivision to provide water service for each lot in the subdivision. The water line extension shall be constructed to the standards outlined in, "Sec. 12-90. - Mandatory connection to public water system, including the installation of fire hydrants."

7. The availability of water is conditioned upon, among other things, Fayette County, Georgia, receiving a recorded permanent easement prior to final plat approval if the Construction Plan review process determines a recorded easement is required. Alternatively, any future water infrastructure the County maintains shall be located within an accessible public right-of-way.

Ms. Sims explained on the map this is located by one side Canoe Club and on the other side they are constructing the new development Hunt Cliff Manor, Davis Road is a gravel, Road. Mr. Culbreth asked if the petitioner was present.

Mr. Randy Boyd, he represented Andrea Pope Camp that is the owner of this property, and her son Jordan Camp is the attorney in fact, Ms. Pope inherited this property back in 2011 her dad originally purchased 40 years ago and my request tonight to have rezoned to R-75 which consist in 2 acre lot with a minimum house size of 2,500 sq ft. To the north and east is a borderline subdivision of an R-40 zoning minimum house size of 1,500 sq ft. To the west and south is A-R and to the southeast is a piece of property that was zoned PUD back in 2016 it ended up going to litigation, there are 212 acres and 91 lots, and I request tonight's for R-75, I read over the recommended conditions, and I have been doing this for 41 years and I was shocked when I saw condition number "4", we agree with condition number 1,2 and 3, we will dedicate the appropriate ROW's for both of those streets, I don't even know where to start with that deal about donating \$1,105,000 million dollars to do what the county should be doing and also punishing this land owner by saying you going to go north 300 feet tying into a subdivision they should it brought down to that point back into 2007 that would it adequate

\$1,105,000 million dollars to it cost addition in our property \$69,000 dollars per lot if this zoning goes through we will put the water line in, I got different prices \$300,000 divided by 16 lots is another \$18,750 dollars if you add it the cost of the land in what their asking for the property it will be about \$10,000 dollars more than you can possible get for, under a current market analysis, it's just surrender that property absolutely where you can't do anything about it.

He explained another case from last month from Davis Road it should have been at right at 69-70K, I don't believe is legal, we'll consult it with an attorney on that, but I think is very improper to ask us one week later to donate over a million dollars for what the county should be doing, staff didn't even suggest that a month ago, they suggested donate ROW on Lester Road and Davis and will have 90 days to turn the deeds in.

We will agree with every bit of that in our street also, so will accept condition 1,2,3 and absolutely ask you to not impose number 4 and number 6 on the extension of the water line I be happy to do that, and we will dedicate ROW or easement whatever is the case but in the second sentence "Prior to submission of any final plat(s) or amendments or revisions thereto, and irrespective of the number of lots in any final plat(s) or revision thereto" I will ask that you eliminate that with the number of lots. He requested that on section 12-90 mandatory connection to the public water system, "is you have 5 lots you don't have to tie to the county water system" I will ask that be taken out to the number of lots and put in if they are "6 or more lots" and be more in compliance of section 12-90 of the existing ordinance. He asked the board to grant the petition without condition 4 and as per his request.

No one else spoke in support or opposition.

Mr. Culbreth brought the petition to the Board.

Mr. Boris Thomas made a comment saying I was going to say in addition to the million dollars there needs to be an extra 10% contingency because all oil prices and vendors changes. The impact in the county to have a paved road there is strong and wide enough for emergency vehicles, that location is going to cost even more at that intersection area and probably will need a traffic light.

Mr. Boyd responded that the staff is asking to go there 300 feet about our site and bring it down to the intersection and go over to the east about 1,500 feet so we wouldn't be paving the entire road we just are paving that section in front of this property, which to me is very demanding.

Mr. Culbreth asked staff if we have a president where we ask for a million dollars.?

Ms. Sims responded this was the first time I am aware that we have requested such funding to pave a road, is it an issue because Davis Road is a gravel road, and I don't believe the county owns enough ROW and this was the recommendation from the public works director to facilitate having this many homes, even though this goes along with the future land use plan it will put a lot more on Davis Road.

Mr. Culbreth asked Ms. Sims, is the county asking the developer to pave its road.? Ms. Sims responded, I am not sure the county owns all of the ROW, so part of is going to be to acquire all of that ROW so it could be paved and that's why they gave the alternative that they could pay the county and the county would do that they wouldn't have all their responsibility were they were offering those options.

Mr. Culbreth added he opposed to that, and Mr. Oliver asked why are you paying taxes for.? This is the responsibility of the county.

Ms. Allison Cox responded currently the county is not require paving or upgrade this

road at all and it's been asked in other to go through requires an upgrade and we just don't have in the county's budget. Mr. Oliver asked Ms. Cox why wasn't asked to Canoe Club.? I don't think I was here for the Canoe Club.

Mr. Boyd responded the Canoe Club is on the north side but even closer than that why wasn't even asked to the PUD that was taken to court, last month the same road at another intersection they didn't ask a penny for that, their assessment based on these values should be \$69,000 dollars for that one lot exactly what our is, so there is consistency here.

Ms. Cox responded that single lot doesn't cost the same impact than 16.

Mr. Boyd responded but if you take one lot at the time it does cost the same impact that a ridiculous argument.

Mr. Oliver said I was just trying to figure it out about the consistency.

Ms. Cox replied that with a single lot we have a house full of people who came in to tell you about the problems when they disrupt, that gravel road barely supports what's there so the single lot that was being to be put in is not going to add but one more car, 16 lots significantly increases the traffic and the area in front of the subdivision to be paved to support that sort of road where the county is not currently planning to invest in that infrastructure, so if this is the plan and the county is not planning to invest can't be developed until there is an infrastructure to support it.

Mr. Danny England state it that the rest of us has seen where that development has occurred without that infrastructure or investment, so is this going to be the policy coming forward? Every time someone develops something on a dirt road will have to pull out the checkbook?

Ms. Cox responded she thinks that is probably where you are as far as supporting something of this size.

Mr. England responded you can incrementally develop more than 16 lots on this road and be on the same boat that we ran last month where we didn't require funds, so 16 lots isn't a lot we have seen way more than that.

Mr. Thomas added that his neighborhood is considered private and got to pay \$3,000,000 dollars to get the road pave and we paid the millage rate as the sounding areas, but we are told that we use the main road so that why your millage will stay the same. We can't get any help from the county in repaving the roads or doing any of the infrastructure underneath sewage or anything like that.

Mr. Oliver asked Mr. Boyd about the other conditions, you said number 1,2,3...we are good, what about number 5.? Mr. Boyd responded that 5 is good, the only thing I would like to be more in line with the ordinance that exists and change it to prior to submission of any final plat(s) the developer shall be required to extend the public water line from adjacent subdivision to provide water service for each lot in exits in six lots in the subdivision.

Jim Oliver made the motion to recommend CONDITIONAL APPROVAL of Petition 1355-24 subject to amended conditions. The conditions are as follows:

Recommended the following AMENDED CONDITIONS:

1. The owner/developer shall dedicate land to Fayette County as needed to provide a minimum 40-ft of right of way as measured from the existing centerline of Davis Road.

2. The owner/developer shall dedicate land to Fayette County as needed to provide a minimum 40-ft of right of way as measured from the existing centerline of Huiet Drive.

3. Submittal of all warranty deed(s) and legal descriptions for right-of-way dedications shall be provided to the County within 90 days of the approval of the rezoning request, or prior to the final plat approval, whichever comes first.

4. OMIT NUMBER 4 - ~~"4. The owner/developer shall improve the gravel road segments fronting the parcel and extend the improvement north on Huiet Drive to meet existing pavement. The improvement shall meet County Standards for Collector Roads and be designed and constructed in accordance with Fayette County's Development Regulations. Alternatively, the owner/developer may pay Fayette County \$1,105,000 so that Fayette County can make the improvements in the future. The work shall be completed, or the payment made, prior to Final Plat approval."~~

5. The existing house and barn on the property shall be demolished, with the appropriate demolition permits, within 6 months of the approval of the rezoning; or prior to the submittal of a subdivision plat; or prior to the submittal of any permits, whichever comes first.

6. [Amended Condition #6] Prior to submission of any final plat(s) the developer shall be required to extend the public water line from adjacent subdivision to provide water service for each lot in excess of six lots in the subdivision. The water line extension shall be constructed to the standards outlined in, "Sec. 12-90. - Mandatory connection to public water system, including the installation of fire hydrants."

7. The availability of water is conditioned upon, among other things, Fayette County, Georgia, receiving a recorded permanent easement prior to final plat approval if the Construction Plan review process determines a recorded easement is required. Alternatively, any future water infrastructure the County maintains shall be located within an accessible public right-of-way.

Danny England seconded the motion for conditional approval, subject to amended conditions. The motion for CONDITIONAL APPROVAL, subject to amended conditions, carried 3-1. Boris Thomas abstained.

9. Consideration of Amendments to Chapter 110. Zoning Ordinance, regarding Article V.- Conditional uses, nonconformances, and transportation corridor overlay zone. Sec.110-175.- Special Use of Property.

Ms. Cox explained that the next item three items kind of go together but we need three separate votes, did you remember Detox facility, not long ago in the last legislative session there was a new law passed it removed detox facilities from those items that require special use permit, we just need to amend our code to follow state law. And what we are doing here in number one, is removing it from the special use section entirely and replacing it with a small section that says reserved because we might have special uses in the future, that's number 9.

Danny England made the motion to recommend approval of Consideration of Amendments

to Chapter 110. Zoning Ordinance, regarding Article V.- Conditional uses, nonconformances, and transportation corridor overlay zone. Sec.110-175.- Special Use of Property. Jim Oliver seconded the motion. The motion to APPROVE carried 4-0.

- 10. Consideration of Amendments to Chapter 110. Zoning Ordinance, regarding Article V.- Conditional uses, nonconformances, and transportation corridor overlay zone. Sec.110-169.- Conditional use approval. Number 10 - is to be as going taking those detox facilities and making them conditional uses in the O-I section on our zoning ordinance.

Danny England made the motion to recommend approval of Consideration of Amendments to Chapter 110. Zoning Ordinance, regarding Article V.- Conditional uses, nonconformances, and transportation corridor overlay zone. Sec.110-169.- Conditional use approval Jim Oliver seconded the motion. The motion to APPROVE carried 4-0.

- 11. Consideration of Amendments to Chapter 110. Zoning Ordinance, regarding Article IV.- District use requirements. - Sec.110-142.- Office institutional district. Number 11- We will remove them from our special use section and our O-I zoning ordinance.

Danny England made the motion to recommend approval of Consideration of Amendments to Chapter 110. Zoning Ordinance, regarding Article IV.- District use requirements. - Sec.110-142.- Office institutional district. Boris Thomas seconded the motion. The motion to APPROVE carried 4-0.

ADJOURNMENT:

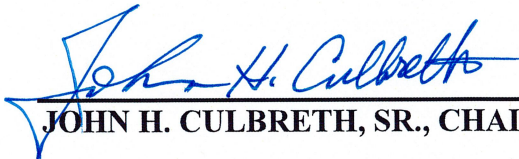

Danny England moved to adjourn the meeting. Boris Thomas seconded. The motion passed 4-0.

The meeting adjourned at 8:37 p.m.

DURABLE POWER OF ATTORNEY FOR FINANCIAL MATTERS

IMPORTANT INFORMATION REGARDING THIS DOCUMENT:

This power of attorney is consistent with and in compliance with the Georgia Standard form provided in O.C.G.A. §10-6B, the "Georgia Power of Attorney Act".

This power of attorney authorizes another person (your agent) to make decisions concerning your property for you (the principal). Your agent will be able to make decisions and act with respect to your property (including your money) whether or not you are able to act for yourself. The meaning of authority over subjects listed on this form is explained in O.C.G.A. §10-6B.

This power of attorney does not authorize the agent to make health care decisions for you.

You should select someone you trust to serve as your agent. Unless you specify otherwise, generally the agent's authority will continue until you die or revoke this power of attorney or the agent resigns or is unable to act for you.

Your agent is not entitled to any compensation unless you state otherwise in the Special Instructions. Your agent shall be entitled to reimbursement of reasonable expenses incurred in performing the acts required by you in your power of attorney.

This form provides for designation of one agent. If you wish to name more than one agent, you may name a successor agent or name a co-agent in the Special Instructions. Co-agents will not be required to act together unless you include that requirement in the Special Instructions.

If your agent is unable or unwilling to act for you, your power of attorney will end unless you have named a successor agent. You may also name a second successor agent.

This power of attorney shall be durable unless you state otherwise in the Special Instructions.

This power of attorney becomes effective immediately unless you state otherwise in the Special Instructions.

If you have questions about this power of attorney or the authority you are granting to your agent, you should seek legal advice before signing this form.

PART ONE

DESIGNATION OF AGENT(S)

I, ANDREA CAMP, name the following person as my agent:

My son, JORDAN CAMP

If my agent is unable or unwilling to act for me, I name as my successor-agent:

To exercise in person or by proxy, or enforce by litigation or otherwise, a right, power, privilege, or option I have or claim to have as the holder of stocks and bonds. To initiate, participate in, submit to alternative dispute resolution, settle, oppose or propose or accept a compromise with respect to litigation to which I am a party concerning stocks and bonds. With respect to an entity or business owned solely by me, to continue, modify, renegotiate, extend and terminate a contract made by or on behalf of me with respect to the entity or business before execution of this power of attorney; to determine the location of its operation, the nature and extent of its business, the methods of manufacturing, selling, merchandising, financing, accounting and advertising employed in its operation, the amount and types of insurance carried, and the mode of engaging, compensating and dealing with its employees and accountants, attorneys or other advisors; to change the name or form of organization under which the entity or business is operated and enter into an ownership agreement with other persons to take over all or part of the operation of the entity or business; and to demand and receive money due or claimed by me or on my behalf in the operation of the entity or business and control and disburse the money in the operation of the entity or business. To put additional capital into an entity or business in which I have an interest. To join in a plan of reorganization, consolidation, conversion, domestication or merger of the entity or business. To sell or liquidate all or part of an entity or business. To establish the value of an entity or

business under a buy-out agreement to which I am a party. To prepare, sign, file and deliver reports, compilations of information, returns or other papers with respect to an entity or business and make related payments. To pay, compromise or contest taxes, assessments, fines or penalties and perform any other act to protect me from illegal or unnecessary taxation, assessments, fines or penalties, with respect to an entity or business, including attempts to recover, in any manner permitted by law, money paid before or after the execution of this power of attorney. To exercise any fiduciary powers granted to me as they relate to any associated ownership interest, provided those powers are expressly and clearly identified in the Special Instructions herein and provided I specifically identify the individual(s), estate(s), trusts(s), or other legal or commercial entity or entities for whom I act as a fiduciary.

____ (Initials) 7. **Insurance and Annuities.** To continue, pay the premium or make a contribution on, modify, exchange, rescind, release or terminate a contract procured by me, or on behalf of me, which insures or provides an annuity to either me or another person, whether or not I am a beneficiary under the contract. To procure new, different and additional contracts of insurance and annuities for me and my spouse, children and other dependents, and select the amount, type of insurance or annuity, and mode of payment. To pay the premium or make a contribution on, modify, exchange, rescind, release or terminate a contract of insurance or annuity procured by my agent. To apply for and receive a loan secured by a contract of insurance or annuity. To surrender and receive the cash surrender value on a contract of insurance or annuity. To exercise an election. To exercise investment powers available under a contract of insurance or annuity. To change the manner of paying premiums on a contract of insurance or annuity. To change or convert the type of insurance or annuity with respect to which I have or claim to have authority described in O.C.G.A. §10-6B-49. To apply for and procure a benefit or assistance under a law or regulation to guarantee or pay premiums of a contract of insurance on my life. To collect, sell, assign, hypothecate, borrow against or pledge my interest in a contract of insurance or annuity. To select the form and timing of the payment of proceeds from a contract of insurance or annuity. To pay, from proceeds or otherwise, compromise or contest, and apply for refunds in connection with, a tax or assessment levied by a taxing authority with respect to a contract of insurance or annuity or its proceeds or liability accruing by reason of such tax or assessment.

____ (Initials) 8. **Estates, Trusts and Other Beneficial Interests.** To accept, receive, receipt for, sell, assign, pledge or exchange a share in or payment from an estate, trust, or other beneficial interest. To demand or obtain money or any other thing of value to which I am, may become or claim to be, entitled by reason of an estate, trust or other beneficial interest, by litigation or otherwise. To exercise for my benefit a presently exercisable general power of appointment held by me. To initiate, participate in, submit to alternative dispute resolution, settle, oppose or propose or accept a compromise with respect to litigation to ascertain the meaning, validity or effect of a deed, will, declaration of trust or other instrument or transaction affecting my interest. To initiate, participate in, submit to alternative dispute resolution, settle, oppose or propose or accept a compromise with respect to litigation to remove, substitute, or surcharge a fiduciary. To conserve, invest, disburse or use anything received for an authorized purpose. To create, amend, and/or

revoke a revocable trust so long as the terms of the trust only authorize distributions that would be allowable under a power of attorney if I held the trust assets outright and so long as the terms of the trust provide for the distribution of all trust assets to my estate upon my death. To transfer an interest of mine in real property, stocks and bonds, accounts with financial institutions or securities intermediaries, insurance, annuities and other property to the trustee of a revocable trust created by me as grantor or settlor. With respect to a bona fide dispute, to consent to a reduction in or modification of a share in or payment for an estate, trust or other beneficial interest.

____ (Initials) 9. **Claims and Litigation.** To assert and maintain before a court or administrative agency a claim, claim for relief, cause of action, counterclaim, offset, recoupment or defense, including an action to recover property or any other thing of value, recover damages sustained by me, eliminate or modify tax liability, or seek an injunction, specific performance, or other relief. To bring an action to determine adverse claims or intervene or otherwise participate in litigation. To seek an attachment, garnishment, order of arrest or other preliminary, provisional or intermediate relief and use an available procedure to effect or satisfy a judgment, order or decree. To make or accept a tender, offer of judgment or admission of facts; submit a controversy on an agreed statement of facts; consent to examination; and bind me in litigation. To submit to alternative dispute resolution, settle and propose or accept a compromise. To waive the issuance and service of process upon me; accept service of process; appear for me; designate persons upon which process directed to me may be served; execute and file or deliver stipulations on my behalf; verify pleadings; seek appellate review; procure and give surety and indemnity bonds; contract and pay for the preparation and printing of records and briefs; receive, execute and file or deliver a consent, waiver, release, confession of judgment, satisfaction of judgment, notice, agreement or other instrument in connection with the prosecution, settlement, or defense of a claim or litigation. To act for me with respect to bankruptcy or insolvency, whether voluntary or involuntary, concerning me or some other person, or with respect to a reorganization, receivership or application for the appointment of a receiver or trustee which affects an interest of mine in property or any other thing of value. To pay a judgment, award or order against me or a settlement made in connection with a claim or litigation. To receive money or any other thing of value paid in settlement of or as proceeds of a claim or litigation.

____ (Initials) 10. **Personal and Family Maintenance.** To perform the acts necessary to maintain my customary standard of living and the customary standard of living of my spouse and the following individuals, whether living when this power of attorney is executed or later born: my minor children, my adult children who are pursuing a postsecondary school education and are under twenty-five (25) years of age, my parents or my spouse's parents or my minor dependents who are not also my children, if I had established a pattern of such payments, my adult descendants who are not also my children who are pursuing a postsecondary school education and are under twenty-five (25) years of age provided I had established a pattern of such payments, and any other individuals legally entitled to be supported by me. To make periodic payments of child support and other family maintenance required by a court or governmental agency or an agreement to which I am a party. To provide living quarters for the individuals described

in this paragraph by purchase, lease or other contract; or paying the operating costs, including interest, amortization payments, repairs, improvements and taxes, for premises owned by me or occupied by those individuals. To provide normal domestic help, usual vacations and travel expenses, and funds for shelter, clothing, food, appropriate education, including postsecondary and vocational education, and other current living costs for individuals described in this paragraph to enable such individuals to maintain their customary standard of living. To pay expenses for necessary health care and custodial care on behalf of the individuals described in this paragraph. To act as my personal representative pursuant to the Health Insurance Portability and Accountability Act, §§1171-1179 of the Social Security Act, 42 U.S.C. §1320d, in effect on February 1, 2018, and applicable regulations in effect on February 1, 2018 (the "Act"), in making decisions related to the past, present or future payment for the provision of health care consented to by me or anyone authorized under the laws of this state to consent to health care on my behalf. To continue any provision made by me for automobiles or other means of transportation, including registering, licensing, insuring and replacing them, for the individuals described in this paragraph. To maintain credit and debit accounts for the convenience of the individuals described in this paragraph and open new accounts. To continue payments incidental to my membership or affiliation in a religious institution, club, society, order or other organization or to continue contributions to those organizations. Authority with respect to personal and family maintenance shall be neither dependent upon, nor limited by, authority that the agent may or may not have with respect to gifts under O.C.G.A. §10-6B-56.

_____ **(Initials) 11. Benefits from Governmental Programs or Civil or Military Service.**

To execute vouchers in my name for allowances and reimbursements payable by the United States or a foreign government or by a state or political subdivision of a state to me, including allowances and reimbursements for transportation of the individuals described in paragraph (1) of subsection (a) of O.C.G.A. §10-6B-52, and for shipment of their household effects. To take possession and order the removal and shipment of property of mine from a post, warehouse, depot, dock or other place of storage or safekeeping, either governmental or private, and execute and deliver a release, voucher, receipt, bill of lading, shipping ticket, certificate or other instrument for such purpose. To enroll in, apply for, select, reject, change, amend or discontinue, on my behalf, a benefit or program. To prepare, file, and maintain a claim of mine for a benefit or assistance, financial or otherwise, to which I may be entitled under a law or regulation. To initiate, participate in, submit to alternative dispute resolution, settle, oppose or propose or accept a compromise with respect to litigation concerning any benefit or assistance I may be entitled to receive under a law or regulation. To receive the financial proceeds of a claim described in paragraph (4) of O.C.G.A. §10-6B-53 and conserve, invest, disburse or use for a lawful purpose anything so received.

_____ **(Initials) 12. Retirement Plans.** To select the form and timing of payments under a retirement plan and withdraw benefits from a plan. To make a rollover, including a direct trustee-to-trustee rollover, of benefits from one retirement plan to another. To establish a retirement plan in my name. To make contributions to a retirement plan. To exercise

investment powers available under a retirement plan. To borrow from, sell assets to, or purchase assets from a retirement plan.

_____ **(Initials) 13. Taxes.** To prepare, sign and file federal, state, local, and foreign income, gift, payroll, property, Federal Insurance Contributions Act and other tax returns, claims for refunds, requests for extension of time, petitions regarding tax matters and any other tax-related documents, including receipts, offers, waivers and consents, including consents and agreements under I.R.C. §2032A, 26 U.S.C. §2032A, in effect on February 1, 2018, closing agreements, and any power of attorney required by the Internal Revenue Service (the "IRS") or other taxing authority with respect to a tax year upon which the statute of limitations has not run and the following twenty-five (25) tax years. To pay taxes due, collect refunds, post bonds, receive confidential information and contest deficiencies determined by the IRS or other taxing authority. To exercise any election available to me under federal, state, local or foreign tax law. To act for me in all tax matters for all periods before the IRS, or other taxing authority.

_____ **(Initials) 14. All Preceding Subjects.**

PART THREE

GRANT OF SPECIFIC AUTHORITY

My agent SHALL NOT have the power to do any of the following specific acts for me UNLESS I have INITIALED the specific authority listed below:

(CAUTION: Granting any of the following powers will give your agent the authority to take actions that could significantly reduce your property or change how your property is distributed at your death. INITIAL ONLY the specific authority you WANT to give your agent. You may give your agent specific instructions in the Special Instructions when you authorize your agent to make gifts.)

_____ **(Initials) 1. Inter Vivos Trust.** To create, fund, amend, revoke, or terminate an inter vivos trust.

_____ **(Initials) 2. Gifts.** To make a gift, subject to the limitations of O.C.G.A. §10-6B-56 and any Special Instructions in this power of attorney. To make outright to, or for the benefit of, a person, a gift of any of my property, including by the exercise of a presently exercisable general power of appointment held by me, (a) in an amount per donee not to exceed the annual dollar limits of the federal gift tax exclusion under I.R.C. §2503(b), 26 U.S.C. §2503(b), in effect on February 1, 2018, without regard to whether the federal gift tax exclusion applies to the gift, or (b) in the event that my spouse agrees to consent to a split gift pursuant to I.R.C. §2513, 26 U.S.C. §2513, in effect on February 1, 2018, in an amount per donee not to exceed twice the annual federal gift tax exclusion limit; and to consent, pursuant to I.R.C. §2513, 26 U.S.C. §2513, in effect on February 1, 2018, to the

splitting of a gift made by my spouse in an amount per donee not to exceed the aggregate annual gift tax exclusions for both spouses.

____ (Initials) 3. **Rights of Survivorship.** To create or change rights of survivorship.

____ (Initials) 4. **Beneficiary Designation.** To create or change a beneficiary designation.

____ (Initials) 5. **Authorization to Another Person.** To authorize another person to exercise the authority granted under this power of attorney.

____ (Initials) 6. **Beneficiary Waiver.** To waive my right to be a beneficiary of a joint and survivor annuity, including a survivor benefit under a retirement plan.

____ (Initials) 7. **Electronic Communications.** To access the content of electronic communications.

____ (Initials) 8. **Fiduciary Powers.** To exercise fiduciary powers that I have authority to delegate and that are expressly and clearly identified (including the identity of the each person for whom I act as a fiduciary) in the Special Instructions herein.

____ (Initials) 9. **Interest in Property.** To disclaim or refuse an interest in property, including a power of appointment.

PART FOUR

LIMITATION ON AGENT'S AUTHORITY

An agent who is not my ancestor, spouse or descendant SHALL NOT use my property to benefit the agent or a person to whom the agent owes an obligation of support unless I have included that authority in the Special Instructions.

PART FIVE

SPECIAL INSTRUCTIONS

(You may give special instructions on the following lines. You may add lines or place your special instructions in a separate document and attach it to this power of attorney):

Certain Policies of Life Insurance. Notwithstanding any other provision herein, no powers stated or granted herein and conferred on my agent shall be construed to grant or transfer to said attorney any "incidents of ownership" within the meaning of that phrase under I.R.C. §2042 in a policy or policies of life insurance owned by me on said agent's life.

Additional Powers. In addition to the special instructions and powers granted in the preceding paragraphs of this page and in the preceding pages of this Durable Power of Attorney for Financial Matters, I expressly and specifically grant my agent the following powers. These powers are granted in addition to any powers conferred by the provisions of this Durable Power of Attorney for Financial Matters, by Georgia statutes and/or by general rules of law, and with the direction that a grant of a specific power shall not be construed as a limitation of any general power granted herein, by statute or by law, all of which may be exercised by my agent.

1. **Lend or borrow money.** To loan or borrow money and to give or take collateral therefor on such terms as my attorney may deem best, and to evidence the same by notes or other agreements containing such terms and conditions as my attorney may think fit.

2. **Exercise Limited Powers of Appointment.** To exercise any and all limited powers of appointment granted to me under any trust or trusts, without regard to whether the trust agreement or other governing instrument for such trust was executed before or after the date of this Durable Power of Attorney for Financial Matters, and to exercise any powers exercisable by me as the grantor of any trust, including, but not limited to, powers pursuant to I.R.C. §675(4)(C).

3. **Waiver of attorney-client privilege.** For me and in my name, place and stead, to seek and compel any attorney retained by me at anytime and on any matter whatsoever to release any information prepared for me or on my behalf or to divulge any communications by and between myself and said attorney which are protected by the attorney-client privilege, and to receive, retain and protect said information or communications under the attorney-client privilege.

4. **Waiver of physician-patient privilege.** For me and in my place and stead, to seek and compel any physician retained by me at anytime or on any matter whatsoever to release any information prepared for me or on my behalf or to divulge any communications by and between myself and said physician which are protected by the physician-client privilege, and to receive, retain and protect such information under the physician-client privilege. It is my intent that my attorney be treated as if said attorney were me with respect to my rights regarding the access, use and disclosure of my medical records or other health information. Specifically, my attorney shall be considered my personal representative to access, use and disclose any information governed by the Act. I authorize all medical personnel, health care providers, insurance companies and health care information clearing houses covered by the Act to release and disclose to my attorney without any restriction and without limitation all of my health information and medical records.

PART SIX

EFFECTIVE DATE

This power of attorney is effective immediately unless I have stated otherwise in the special instructions.

PART SEVEN

NOMINATION OF CONSERVATOR

If it becomes necessary for a court to appoint a conservator of my estate, I nominate my agent, as named herein, to be appointed as conservator.

PART EIGHT

RELIANCE ON THIS POWER OF ATTORNEY

Any person, including my agent, may rely upon the validity of this power of attorney or a copy of it unless that person has actual knowledge it has terminated or is invalid.

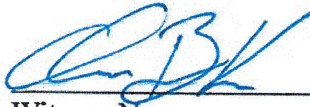

[SIGNATURES AND ACKNOWLEDGEMENTS ARE CONTAINED ON THE FOLLOWING PAGE.]

IN WITNESS WHEREOF, this Durable Power of Attorney for Financial Matters is executed under seal this 30 day of October, 2023.

WITNESSETH:

The First Party is the duly qualified and acting Executor of the Estate of **MILDRED MERONEY POPE**, who died seized and possessed of the property hereunder described. Said executor was appointed in the Probate Court of Fayette County, Georgia. The Order of the Probate Court admitted the Will to record in solemn form on July 19, 2011. Under the terms of the appointment the Executor is authorized to transfer said property to Party of the Second Part.

NOW THEREFORE, under and pursuant to the authority conferred upon her, and in consideration of the sum of One Dollar (\$1.00) and other good and valuable consideration, the First Party hereby grants, bargains, sells and conveys unto the Second Party, her heirs and assigns, the deceased's interest in the following described real property situated in Fayette County, Georgia:

ALL THAT TRACT or parcel of land lying and being in Land Lot 28 of the 7th District of Fayette County, Georgia and being more particularly described as follows:

BEGINNING at an iron pin found marking the Northeast intersection of Davis Road and Huiet Road; running thence Northerly along the Easterly side of Huiet Road and following the curvature thereof, 1554.4 feet to an iron pin found; thence North 89 degrees 16 minutes East, 1432 feet to an iron pin found; thence 0 degrees 59 Minutes East, 1045.7 feet to an iron pin found on the Northerly side of Davis Road; thence Southwesterly along the right of way of Davis Road, 1387.5 feet to Huiet Road and the point of beginning; containing 41.78 acres as per survey of Richard T. Conner, dated November 3, 1970.

TO HAVE AND TO HOLD the same unto the Party of the Second Part, her heirs and assigns.

And the Party of the First Part does warrant that the deceased had good title to said property and does hereby warrant the title unto the Party of the Second Part, and will defend the same against the claims of all persons whomsoever.

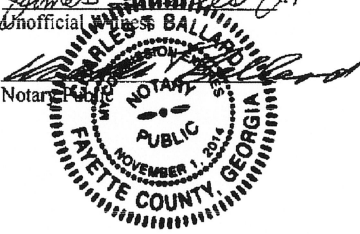

IN WITNESS WHEREOF, the said Party of the First Part has caused these presents to be executed and has hereunto set her hand and seal, the day and year first above-written.

COUNTY AGENDA REQUEST

Department:

Presenter(s):

Meeting Date:

Type of Request:

Wording for the Agenda:

Approval of Board of Assessors' recommendation to approve a disposition of tax refund, as requested by James M. Ivey, in the amount of \$77.22 for tax year(s) 2022 and 2023.

Background/History/Details:

When a taxpayer believes that an error has occurred, with respect to taxes paid to Fayette County on Real Estate and Personal Property tax bills, they have the right to request a refund under O.G.G.A. 48-5-380. This request is given to the Assessors' Office for review of the details. Appropriate recommendation(s) are then forwarded to the Board of Commissioners' for final consideration of said requests.

Request made by James M. Ivey for residential property parcel 07-11-016. On November 8, 2024, a request for a partial refund of taxes was received. The request was based upon the taxpayer stating his pool was filled in approximately 10 years ago. Staff verified via aerial photography that the pool was in fact filled in for tax year(s) 2022, 2023, and 2024. The 2024 tax bill was corrected before payment. Taxpayer is eligible under the refund statute for a refund for tax year(s) 2022 and 2023.

Board of Assessors recommend approval.

What action are you seeking from the Board of Commissioners?

Approval of Board of Assessors' recommendation to approve a disposition of tax refund, as requested by James M. Ivey, in the amount of \$77.22 for tax year(s) 2022 and 2023.

If this item requires funding, please describe:

The funding required will be for those refund requests where the overpayment of taxes (voluntarily or involuntarily) was a direct result of property that had previously been erroneously assessed and taxes have already been collected from the taxpayer(s).

Has this request been considered within the past two years?

Meeting Date:

Type of Request: #6

Wording for the Agenda:

Approval of Board of Assessors' recommendation to approve a disposition of tax refund, as requested by Randy Johnson, in the amount of \$4,860.05 for tax year(s) 2022, 2023, and 2024.

Background/History/Details:

When a taxpayer believes that an error has occurred, with respect to taxes paid to Fayette County on Real Estate and Personal Property tax bills, they have the right to request a refund under O.G.G.A. 48-5-380. This request is given to the Assessors' Office for review of the details. Appropriate recommendation(s) are then forwarded to the Board of Commissioners' for final consideration of said requests.

Request made by Randy Johnson for residential property parcel 06-0202-030. On December 3, 2024, a request for partial refund of taxes was received. The request is based upon the erroneous removal of the taxpayer's homestead exemption. Taxpayer is requesting refund for tax year(s) 2011 through 2024. Taxpayer is eligible under the refund statute for a refund for tax year(s) 2022, 2023, and 2024.

2011 \$ 69.77	2014 \$ 69.26	2017 \$ 62.60	2020 \$ 60.74	2023 \$1,315.51

Phone: (770) 305-5268

Dear Sonya,

This letter is with reference to my property taxes at 504 Charleston Close. Due to my taxes being paid by escrow, I recently noticed on my 2024 tax statement where the homestead exemption was not being applied.

I applied for the homestead exemption upon purchase of the home in 2009 and obtained reduced taxes at that time. After 2010, the property taxes were incorrectly changed back into the previous owner's name for the years 2011-2014 then back to me in 2015. All of which resulted in me losing my homestead exemption.

I am requesting a full refund for the exemption amount for the years 2011 through 2024 due to this issue brought on by the county office. If there are any issues with this claim and refund desired, I request a conference or hearing before the governing authority in connection with my claim for refund.

Sincerely,

Randy Johnson

Good afternoon, Andrea...

Thank you for taking my call this morning - please see below revised request...

You were so kind to talk to me on Monday. I had reached out because I realized we had paid the 2023 property taxes on a boat we sold in March of 2022. Please see attached bill of sale proving that we did not own the boat (a 2012 SeaRay 360) after March of 2022. If there is anything you can do to get us our money back, we would be most grateful. We would even be willing to accept the overpayment as a prepayment towards our property taxes coming due for our home at 736 Old Greenville Rd, Fayetteville, GA 30215. Any help is much appreciated. Thank you and if I can help petition the Board of Commissioners - please let me know. Thank you again. My cell is [REDACTED].

Please excuse the brevity - this message was sent from my cell phone.

Have a blessed day!

COUNTY AGENDA REQUEST

Department:

Presenter(s):

Meeting Date:

Type of Request:

Wording for the Agenda:

Approval to accept the right-of-way dedication known as "R/W Tract, 0.063 Acres" as shown on the Plat Prepared for Colunteya & Oliver Weems & Geraldine Johnson, dated March 29, 2023, and the Warranty Deed dated October 9, 2023 per Fayette County Code requirements.

Background/History/Details:

Parcel 1301 092 was approved for rezoning in 2006 with the condition that right-of-way, 30 ft. from centerline, be dedicated to Fayette County. The applicants, Colunteya Weems, and Oliver Weems, and Geraldine Johnson, created a new Plat for the property fronting Wagon Wheel Trail, Fayetteville, GA., with the new "R/W Tract" to satisfy that condition.

Per the rezoning conditions, the applicant prepared the Warranty Deed for "R/W Tract, 0.063 Acres" as shown on the Plat Prepared for Colunteya & Oliver Weems & Geraldine Johnson, dated March 29, 2023, dedicated to Fayette County to increase the right of way along the parcel frontage of Wagon Wheel Trail to 30 ft. from centerline.

Commissioner Oddo moved to accept the agenda with the added items as read. Vice Chairman Gibbons seconded. The motion passed 5-0.

PROCLAMATION/RECOGNITION:

1. Recognition of the Fayette County Merry Wreath Decorating Contest winners.

County Administrator Steve Rapson recognized the winners of the 2024 Merry Wreath Decorating Contest. Third Place - Assessor's Office; Second Place – Information Technology; First Place – Public Works Department.

Public Works Director Phil Mallon accepted on behalf of Public Works. He thanked Mr. Rapson and the Board, stating that it was a fun activity, and it brought different people within the departments, that did not get to work together, a chance to work together and show their creativity. He thanked Leslie, Paola, the Sign Department, Fleet and the Road department.

2. Presentation for discussion related to HB 581, Statewide Floating Homestead Exemption and Floating Local Option Sales Tax (FLOST), and the impacts to Fayette County.

Finance Officer Sheryl Weinmann gave a presentation regarding House Bill 581. She stated that in 2024 the legislative session decided there were issues in rising property values, assessments and increase in property taxes. The legislators wanted to control the increases in property taxes and to expand sales tax options. Ms. Weinmann stated that the Bill was signed on April 18, 2024, however, it was contingent on the November 5 referendum that added the section for local government to opt out of the exemption and to give the option of a floating local option sales tax (FLOST). The voters voted and the law passed and became effective on January 1, 2025. There are some portions of the Bill that did not directly impact Fayette County. Ms. Weinmann presented the portions pertaining to Fayette County.

In accordance with the Americans with Disabilities Act, accommodations are available for those who are hearing impaired. The Board of Commissioners Agenda and supporting material for each item is available on-line through the County's website at www.fayettecountyga.gov. This meeting will be telecast on Comcast Cable Channel 23 and on the internet at <https://vimeo.com/user133262656>.

included after the floating homestead was completed. Note: Homestead exemptions are not transferable unless it is a surviving spouse.

Ms. Weinmann continued the presentation. She stated that if the government elected to opt-out they must advertise and conduct three public hearings between January 1 and February 28, a resolution must be submitted to the Secretary of State by March 1, and if a government opted-out, there was no future opportunity to opt back in. However, there was an opportunity to come up with a different exemption. The local delegation can pass a local act of the General Assembly to implement its own local floating homestead, and each municipality and school board can decide to opt in or out separately. She stated that if the city opted-out, then the resident would have a different set of values. One for the county and one for the city.

Ms. Weinmann explained there were two changes. One revised the increased percentage of the local sales tax that a jurisdiction may levy and the other created the possibility of a new local options sales tax, contingent on the jurisdiction having a base year homestead value. She stated that the jurisdiction would have to "stay in" to take advantage of the next part.

Vice Chairman Gibbons stated that the legislators have imposed a cap on property tax assessments by local governments.

Ms. Weinmann stated that the cap was on the taxable value. This meant the Assessors were not limited to assessing a real market value. She did not want anyone to think that it capped the market value because it did not.

Vice Chairman Gibbons stated that essentially local governments were no longer relying on cost-of-living increases that go up or assessment values that go up because of good things happening in the community. The legislators have left the County with the option to levy a 1% sales tax on the citizens which was "absolutely regressive".

Ms. Weinmann stated yes, however, in this instance the 1% sales tax was not to make up for the money the County would lose. If the County decided to opt-in and do the FLOST (the 1% sales tax), then the money would go toward reducing the millage rate on the bill. The citizen would be getting an even lower tax bill. For example, the County would collect \$10M but would have to adjust the millage rate to reduce the property tax bill by \$10M.

Vice Chairman Gibbons stated, so the County would tell the voters we are lowering the property tax a little but implement a 1% sales tax. He sarcastically stated, "Oh, ok. Great. Thanks."

Ms. Weinmann stated that the FLOST could be a-half-percent or a full one percent and in order to move forward with the FLOST, the County and all the cities within the county must agree to have the floating homestead exemption and must have a property tax millage rate. The School Board's choice to opt-out would not matter because they would not be part of the FLOST collections. She stated that the Cities and County must enter into an Intergovernmental Agreement (IGA) which would be distributed with the same percentages as the SPLOST (Special Local Option Sales Tax) and LOST (Local Option Sales Tax), the duration would be five years, and the IGA would include how it would be allocated. It would also have to go on a ballot. She reiterated that FLOST proceeds were not to be used to make up loss revenues for local governments. This, in no way, would be used to make up for loss due to the floating homestead.

The estimated rollback rate was new. Ms. Weinmann stated that it would have to be on the assessment bills that went out to residents in May. She stated that the calculation would be the estimated rollback rate, less (-) the millage rate equivalent of the total net assessed value and added (+) by reassessments. She stated that this was asking the County to make a "guesstimate" in May. If the adopted millage rate, approved in August, exceeded what was placed on the assessment, then the County would have to include a disclaimer on the tax bill of the increase in the taxes owed, because the County had a millage rate that was lower than what was approved. It also removed the provision that the sale prices were the maximum allowable fair market value in the next taxable year because the tax was the CPI. It also made changes to the appeal process, modified the three-year lock

statue so taxpayers can only receive an appeal benefit if they received a value reduction. This was designed to prevent frivolous appeals. It would remove the tax estimate from the assessment notice, require every parcel in the county be appraised every three years, which the County's appraisals take place every year, and if the taxpayer did not participate in good faith, then the taxpayer would not get the 15% temporary reduction in millage rate.

Ms. Weinmann showed a sample assessment notice for informational purposes. She stated that HB 581 rewarded homeowners that resided in the community for a long period after implementation. The taxable value, multiplied by the millage rate, provided the property tax revenue to meet local budgets and service delivery to citizens. She stated that with these changes it may not. Since the floating homestead exemption showed the growth and value for residential homestead properties, it would create upward pressure on the millage rate due to loss revenue. FLOST was an option and not required, it was not available if the County or any municipalities opt-out and it would affect all millage rates.

Commissioner Oddo stated that this applied mainly to residential properties and not the commercial or industrial properties. He asked if the County could only have one millage rate.

Ms. Weinmann stated that there are different millage rates for Fire, EMS, 911.

Commissioner Oddo stated excluding those.

Ms. Weinmann stated that the millage rate would be the same for everyone. The residential had the floating homestead so the taxable value would be less so commercial would not be reduced. She stated that however, if the County did the FLOST there would be a reduction in the millage rate and the commercial properties would be included and receive the benefits of the FLOST collections.

Commissioner Rousseau asked why we did not change the millage rate in 2021, 2022 and 2023.

Ms. Weinmann stated that the Board did not change the millage rate because of the demand for public safety and public safety salary increases.

Commissioner Oddo stated that there could be a situation where the residential values could not be adjusted more than 3%, but commercial could go up. He stated that the millage rate could affect businesses and commercial and create a situation where there was a lot of animosity between the commercial establishments and residential. He stated that the Board had to find a balance.

Mr. Rapson stated that if there was a 10% increase, then the commercial / industrial properties would fill that increase associated with a higher millage rate if there was an adjustment for residential because it would impact everyone the same.

Ms. Weinmann stated that it did not make up for the loss revenue. She stated that if the House Bill did not exist, the County would receive the additional money from residential and commercial.

Vice Chairman Gibbons stated that he wanted to echo the point, he believed Commissioner Rousseau was making about 2020, 2021 and 2022. The potential increase in property taxes was governed by the CPI. He stated that there are other inflationary pressures that are placed on local governments, like recruitment and retention of public safety, that could also drive-up cost, not associated with CPI.

Commissioner Rousseau stated service delivery strategies. How will local government serve the citizens?

Vice Chairman Gibbons stated absolutely. The inflationary pressures exist outside of what the government says are the CPI and the County must provide funds to recruit and retain employees for services our citizens expect.

Mr. Rapson stated that the Bill was pushing the County back to the 2024 digest. When it was first released it was going to be pushed back two or three years before 2024. He stated that it would have immediately created a situation for the County that the School Board was in, which was an inflationary reduction in what they can do, and the solution to let teachers go, for the County it would have been letting employees go.

Commissioner Rousseau stated that our children are getting ready to suffer and have teachers dealing with larger classroom sizes. For a \$40 savings. Five Starbucks coffees.

Commissioner Oddo stated that the County would be manipulating how revenues would come in, but it would not change how the expenses come. He stated that there will be a lot of counties that will have to raise millage rates, and the taxpayers will be upset, when in reality, the expense had to be covered one way or another.

Mr. Rapson stated that this was taking something that had been complicated and made it extremely complicated. The Assessor's Office will have to track individual sales as well as timings. He stated that now residents, at homeowner's association meetings, can no longer talk about their property tax bills because they may be radically different from their neighbors if they have been in their home for a while.

He stated that staff was not recommending to opt-out, but if the Board wanted to do something there was a very limited timeframe to do so. He stated that if there was something the Board wanted to do it needed to happen quickly.

Commissioner Rousseau stated that he heard it two ways. The will of the voters have spoken, and the Board needed to respect it. He stated that he was not sure that the voters were properly educated about the vote. He stated that the Board had the opportunity to have three public hearings to evaluate what the Board wanted to do as a body. He stated that a decision needed to be made because of the short window. He stated that he did not hear any projections. He did not know if the Board wanted to entertain a motion for public hearings.

Commissioner Oddo stated that the legislators can make the County do this. If there was a reasonable situation where the Board decided to opt-out and stay opted-out, he would entertain it.

Chairman Hearn stated that he would like some time to digest this information and reach out to some of his colleagues in other counties and then direct staff on what direction to take.

No vote was taken.

PUBLIC HEARING: None.

PUBLIC COMMENT:

Speakers will be given a five (5) minute maximum time limit to speak before the Board of Commissioners about various topics, issues, and concerns. Speakers must direct comments to the Board. Responses are reserved at the discretion of the Board.

Lotta Commerford, Alexa St. Julien, Alice Jones, State Representative Derrick Jackson, Steve Sappington, Laura Line, Elaine Kilgore, Mariam, and Paul made comments of various topics to include, conditions at the Fayette County Animal Shelter, working together as a community, the passing of Charles Persons, taxes, the impact HB 581, zoning code changes, changing the Board meeting time, and increasing the number of members on the Election Board.

In accordance with the Americans with Disabilities Act, accommodations are available for those who are hearing impaired. The Board of Commissioners Agenda and supporting material for each item is available on-line through the County's website at www.fayettecountyga.gov. This meeting will be telecast on Comcast Cable Channel 23 and on the internet at <https://vimeo.com/user133262656>.

Commissioner Maxwell stated he wanted to make a few comments. He apologized that Representative Jackson was not recognized in the previous comments. He stated that he happened to see him, but he did not jump in to say anything to Chairman Hearn, and he should have. He stated that he did not think the Chairman intended to exclude Representative Jackson.

He addressed Steve Sappington, who made comments. He stated that he received his email and spoke to the County Administrator. He stated that he thought it was an awful position he was in, and he wished there was an administrative way to fix the problem. He continued that he thought the amendment was creating a huge problem and that it would impact all five acre lots that would turn into nonconforming lots. He questioned why the Board was not informed that Mr. Sappington was so far along in the project. He stated that he did not have a clue and next time he would ask questions. He liked the suggestion to have projects this far along, grandfathered in. He stated that next time he would ask the county attorney about grandfathering the project in. He stated that he could make a motion that the start date would not go into effect until a certain number of days. He stated that he thought the Board put Mr. Sappington in a horrible position. He stated that he would support a motion to help Mr. Sappington out.

Vice Chairman Gibbons stated that he did not think that everyone understood the ramifications of what Commissioner Maxwell was asking the Board to do. The unintended consequences.

Commissioner Maxwell stated that Mr. Sappington had maps drawn and he did not know how much money had been placed in the project and this Board changed the ordinance that had a dramatic impact to his project. He stated that he did not think that was the intent of the Board.

Vice Chairman Gibbons stated that it was not, and he did not appreciate being put on the spot particularly. He stated that Commissioner Maxwell was asking the Board to consider this without any staff analysis on what the impact might be. He stated that he would love to help Mr. Sappington but he did not appreciate being put on the spot.

Commissioner Maxwell stated that it was easy to fix for Mr. Sappington.

Commissioner Rousseau stated that he did not agree. He stated that was "singular" and he did not operate on singular issues such as this.

Commissioner Maxwell stated that he did what he could, and he thought Mr. Sappington was in a terrible position.

The Board agreed.

Commissioner Rousseau stated that the decision of the Board was made based on staff recommendations. He stated that the Board only voted on the information that was before the Board. He stated that it was unfair to suggest that the Board put staff in a predicament.

Chairman Hearn asked Mr. Rapson and the County Attorney Davenport if there was an alternate way to handle this. He stated that he was not asking for an answer at this moment.

Mr. Davenport stated that there was nothing the Board could do prior to the meeting date of the Zoning Board of Appeals on February 24.

Mr. Rapson stated that staff did look at alternatives to see if he could be grandfathered in and it was not.

Commissioner Rousseau stated that was what his email response suggested. "Where was this in the process?" He stated that he was open to the conversation that when there are these type changes, to have a window of when it would take effect.

Commissioner Oddo reminded the Board that the amendment came about to help. He stated that unless the Board could really study a situation and understand what was being done, it needed to wait. He stated that if the Board started to become a compulsive Board and get caught up, that the Board would be trying to help a different situation and create another problem. He stated that the Board needed to be careful.

requesting the Board to accept the grant through Atlanta Regional Commission (ARC) and Georgia Department of Transportation (GDOT) for the construction funds, approval of the construction agreement with GDOT, and the approval of payment to GDOT for construction oversight.

Attorney Dennis Davenport stated that this was a tabled item and that a motion was on the floor.

Vice Chairman Gibbons moved to approve the 2019 Transportation Improvement Program (TIP) grant award for the construction phase of the FY 2022 Fayette County Resurfacing SPLOST project 21TAC (GDOT PI 0017812) in the amount of \$3,742,256.30, to digitally execute the Construction Agreement with Georgia Department of Transportation (GDOT), and to issue a check payment for GDOT Construction Oversight. Commissioner Rousseau seconded. The motion passed 5-0.

13. Consideration of Option #1, to have the Fayette County Marshal's Office to occupy the Old Courthouse or Option #2, to enter an agreement to have the Fayette County Historical Society occupy the additional space on the 2nd and 3rd floors. This item was tabled at the December 12, 2024 Board of Commissioners Meeting.

Vice Chairman Gibbons moved to withdraw his original motion to allow Commissioner Maxwell to make a motion for the purpose of discussion. Commissioner Rousseau withdrew the second.

Commissioner Maxwell moved to grant the Historical Society to occupy the additional space in the Old Courthouse, 2nd and 3rd floors. Motion died for lack of second.

Vice Chairman Gibbons moved to approve Option #1, to have the Fayette County Marshal's Office to occupy the Old Courthouse. Commissioner Rousseau seconded.

Commissioner Oddo stated that there was more to this decision than it seemed. There are ramifications for changing policies. When a policy was changed for one, it changed for all. He stated that the Board had to be careful in situations such as this one. He stated that both options were good, but the Board had to choose the one with the least potential harm.

Commissioner Rousseau stated that this discussion gave the Board the unique opportunity to revisit something he offered some years ago to have an evaluation completed on how the County supported the non-profit service providers that fill the gap and void where the County did not offer that service delivery. He stated that while the Historical Society found itself as a non-profit because of their status, there are others working on behalf of the community with food insecurities, lack of healthcare options, as examples, and to not have a process for those non-profit organizations that might want to use the space, and selection one over the other, presented the current challenges. He stated that he was disappointed that when the decision was made to not take on non-profits, there was still an entity using space with no fees and without giving others the opportunity to say they would like to use the space. He stated that he had serious issues with that. He expected staff, that when the Board said that was the position to take, that staff would take that position fully to avoid ambiguity and possible tension with other service providers. He stated that he would like staff to revisit looking at a process or policy because the space was taxpayer space and if a dollar amount was assigned per square foot, this organization would be getting it when others would not. He stated that as a history major, he valued the Historical Society and understood their importance, however, he wanted the County's process and procedures to be fair and clear when making decisions. He stated that the Historical Society currently occupied the first floor, Starr's Mill, and the Lee Street building. He stated that his final point was that he would like to revisit putting something in place to safeguard the Board the next time something like this happened.

Vice Chairman Gibbons moved to approve Option #1, to have the Fayette County Marshal's Office to occupy the Old Courthouse. Commissioner Rousseau seconded. The motion passed 5-0.

NEW BUSINESS:

- 14. Request to approve a recommendation from the Selection Committee comprised of Fayette County Staff, to reappoint Dr. William Yarde to the Fayette County Water Committee for a term beginning January 1, 2025 and expiring December 31, 2028.**

Dr. Yarde thanked the Board for the reappointment. He also thanked the Water Committee for their support.

Commissioner Oddo moved to approve to reappoint Dr. William Yarde to the Fayette County Water Committee for a term beginning January 1, 2025 and expiring December 31, 2028. Vice Chairman Gibbons seconded. The motion passed 5-0.

- 15. Request to award Bid #2475-B Justice Center HVAC Roof Top Units (RTU) Replacements in the amount of \$676,477.00 to Wright Brothers, Inc.**

Mr. Rapson stated that there was an award for the roof top replacement at the Justice Center. The funds from the Special Purpose Local Option Sales Tax (SPLOST) were budgeted for this purpose.

Vice Chairman Gibbons moved to approve to award Bid #2475-B Justice Center HVAC Roof Top Units (RTU) Replacements in the amount of \$676,477.00 to Wright Brothers, Inc. Commissioner Oddo seconded. The motion passed 5-0.

ADMINISTRATOR'S REPORTS:

Mr. Rapson updated the Board on the projects including the Parks and Recreation Multi-Use Facility, Starr's Mill tunnel, Coastline Bridge Improvements, Cedar Trail Culvert Replacement, Public Health building, and Water System Update on the AMI project.

He stated that he would make a decision about closing due to the threat of inclement weather at 10 p.m. tonight or by morning. He mentioned that he sent the Board information on staffing during inclement weather and about warming stations.

ATTORNEY'S REPORTS:

Notice of Executive Session: County Dennis Davenport stated that there were eight items for Executive Session. Seven items involving threatened litigation, and the review of the December 12, 2024, Executive Session Minutes.

COMMISSIONERS' REPORTS:

Commissioner Rousseau extended the invitation to attend the King Day Parade on Monday, January 20.

He stated that he wanted to salute the library on including books with the Meals-On-Wheel program. He stated that he really liked that and to keep up the good work.

He stated that the article in the newspaper may have caused confusion on when the health building will be open and operational. He stated that he wanted to have the ribbon cutting in February.

He sent condolences to the family and friends of Mr. Charles Persons, who was one of the youngest members of the Freedom Riders. He thanked Mr. Persons for standing in the gap, for him, someone he did not know, so many years ago.

He offered prayers for those in California dealing with the wildfires. He mentioned that he had family there and all were safe. He stated that so many lost so much.

He stated that he was open to changing the meeting times back to 6:00 p.m. He stated that he was open to entertaining that. He stated that it was true that some residents did not have time to get to the meetings in the evenings. He stated that he would speak to the Board, if open to discuss.

He congratulated Chair and Vice Chair on the appointments and stated that he looked forward to continuing to work with them.

Commissioner Oddo stated that he did his swearing-in, and he wanted to say he appreciated the privilege of serving. He stated that this was not a job he did for the fun of it, because some of the decisions take a lot of thought and he did not make them lightly or could make everyone happy. He stated that he appreciated being elected for another term.

He stated that this was the 22nd anniversary of his wife, Pily, coming from Columbia to the United States to marry him.

Chairman Lee Hearn thanked the Board for reappointing him as Chairman and he promised to continue to be fair in all his dealings. He stated that it was an honor to be the Chairman, and he did not take it lightly, but with humbleness.

Regarding public comments, he stated that he and Mr. Rapson spoke about the commercial washing machines at the Animal Shelter.

Chairman Hearn apologized for not recognizing Representative Jackson during the meeting. He stated that he did not mean to omit him.

Commissioner Rousseau also wanted to recognize Phil Frieder on his retirement.

EXECUTIVE SESSION:

Seven items involving threatened litigation, and the review of the December 12, 2024, Executive Session Minutes.

Commissioner Oddo moved to go into Executive Session. Vice Chairman Gibbons seconded. The motion passed 5-0.

The Board recessed into Executive Session at 6:59 p.m. and returned to Official Session at 7:20 p.m.

Return to Official Session and Approval to Sign the Executive Session Affidavit: Commissioner Oddo moved to return to Official Session and for the Chairman to sign the Executive Session Affidavit. Vice Chairman Gibbons seconded. The motion passed 5-0.

Approval of the December 12, 2024 Executive Session Minutes: Commissioner Oddo moved to approve December 12, 2024, Executive Session Minutes. Vice Chairman Gibbons seconded the motion. The motion passed 5-0.

ADJOURNMENT:

Vice Chairman Gibbons moved to adjourn the December 12, 2024, Board of Commissioners meeting. Commissioner Oddo seconded. The motion passed 5-0.

The January 9, 2025, Board of Commissioners meeting adjourned at 7:21 p.m.

COUNTY AGENDA REQUEST

Department:

Presenter(s):

Meeting Date:

Type of Request: #25

Wording for the Agenda:

Request to amend Fayette County Code, Chapter 104 - Development Regulations, Article VII. Watershed Protection.

Background/History/Details:

The Fayette County Watershed Protection Ordinance, first adopted in 1987, was established to meet the Georgia Environmental Protection Division's prerequisites for developing water supply reservoirs in Fayette County. This ordinance safeguards both streams and floodplains while complying with Georgia's Environmental Planning Criteria for the protection of publicly owned large and small water supply watersheds. In 2010, the ordinance was updated to align with the buffer model ordinance requirements of the Metropolitan North Georgia Watershed Planning District.

These amendments update the definition of a utility to include path and trails which are publicly utilized with access from county right-of-way and to update the requirements for utilities to be located outside the buffers unless they will not adversely affect the water quality.

What action are you seeking from the Board of Commissioners?

Sec. 104-180. - Definitions.

Existing:

Utility means a public or private water or sewer piping systems, water or sewer pumping stations, electric power lines, fuel pipelines, telephone lines, roads, driveways, bridges, river/lake access facilities, stormwater systems and railroads or other utilities identified by a local government.

Proposed:

Utility Any public or private water or sewer piping systems, water or sewer pumping stations, electric power lines, fuel pipelines, telephone lines, roads, driveways, bridges, river/lake access facilities, stormwater systems, **trails/paths for public use with access from the county right-of-way**, railroads or other utilities identified by a local government.

Sec. 104-182. - Minimum watershed protection requirements. (a) The following watershed buffer and setback requirements shall be required on all state waters requiring a buffer within the unincorporated county:

- (1) No sewage treatment facility, dumping, discharging, releasing, spraying, distributing of any toxic or other pollutant is allowed onto the watershed buffer and setback.
- (2) Watershed buffer areas may be hand thinned or hand trimmed of vegetation in accordance with the county's soil erosion and sedimentation control ordinance (article IX of this chapter).
- (3) Pervious hiking trails, four feet wide or less, and pervious picnic areas, 100 square feet or less and with standard-size picnic tables, will be allowed within the watershed buffer and setback, but not within the 25 foot state water buffer unless all federal permits and state variances have been granted. Any land disturbance activities are subject to articles IV and IX of this chapter.
- (4) The watershed buffer shall only constitute 50 percent of a livestock containment area.
- (5) The watershed buffer shall only extend for 1,000 feet from the wrested vegetation of state waters requiring a buffer. If the watershed buffer exceeds the said 1,000 feet then the 1,000 feet will become the watershed buffer and watershed setback will not be applied.
- (6) For subsections (c), (d) and (e) of this section only the watershed buffer may be reduced to 100 feet for activities that do not require grubbing or tilling, such as tree harvesting without stump removal, if and only if, a copy of documentation submitted to the Georgia Forestry Commission is submitted to the environmental management department prior to requesting a reduction in the watershed buffer.

ADD

- (7) With the exception of trails/paths for public use with access from the county right-of-way, utilities shall not be located within these buffers if they can feasibly be located outside these areas. All disturbances to these buffers shall require prior approval by the County and such approval shall be based on a determination that the disturbance will not adversely affect water quality**

Type of Request:

Wording for the Agenda:

Request to approve Contract #2000-P, Badger Meter, Change Order No. 07 Meters, Endpoints and Additional Components, with a not-to-exceed amount of \$250,790.50, to provide additional adjustments for meters, endpoints and retrofit components.

Background/History/Details:

The Badger Advanced Metering Infrastructure project began full deployment mid-January 2024. FCWS has surpassed the 50% complete milestone. As a result of identified conditions and usage trends, various changes have been identified as necessary to support continued project operations.

1) The original contract prescribed 29,340 meters and 31,000 endpoints to be replaced during this project. Based on identified conditions in the field and usage trends, an additional 1,499 meters are needed, 2 retrofit components and a reduction of 100 endpoints totaling \$250,790.50.

What action are you seeking from the Board of Commissioners?

**Subject: Contract 2000-P: Advanced Metering Infrastructure
 Change Order 7: Meters, End Points, and Additional Components**

On March 9, 2023, the Board of Commissioners awarded contract 2000-P to Badger Meter, Inc. for Advanced Metering Infrastructure (AMI). Change Orders 1 through 6 approved the addition of 1.5" and 2" E-Series meters to the project Schedule of Values, the addition of spool charges and 4: flange adapter kits for large meters to the project Schedule of Values, additional spool charges and flange adapters, rate tables and scope of work standardized solutions, meters, lids, and additional parts, and the use of extra boxes and labor.

Change Order 7 requests the addition of \$250,790.50 for meters, end points, and additional components. The project has surpassed the 50% complete progress milestone and existing conditions were identified. As a result of identified conditions, changing the quantities better reflects the scope of the infrastructure based on what is known at this stage of the project.

This Change Order displays the quantity changes in meters, end points, and additional components (Attachment 1).

Specifics of the proposed contract change order are as follows:

Description of Change Requested	The AMI project for the Fayette County Water System (FCWS) has surpassed the 50% complete progress milestone and variable or existing conditions are being identified during that process. As a result of identified conditions and usage trends, Badger Meter is proposing a change to quantities referenced in Exhibit 1 (Schedule of Values) to the contract between Badger Meter and FCWS in order to better reflect the scope of the infrastructure based on what is known at this stage of the project. Once accepted, the quantities represented in Exhibit B will be applied to the project scope documents, including the monthly pay application. Quantities will be represented as a stand-alone column on the pay app for change management purposes.
Reason Change is Required	The year-to-date total account service quantities provided from FCWS exceed total account service quantities outlined in the original contract. FCWS has acknowledged some account data duplicity and has indicated that Badger Meter should continue to assume that final account totals will be congruent with the original contract.
