

Where Quality Is A Lifestyle

Residential Demolition Permits (\$200.00 fee):

1. Demolition of Single Family Residence.
2. Demolition or partial demolition of fire damaged residence.
3. Demolition of in-ground Swimming Pool.
4. Partial Demolition/Reconstruction where structural elements are potentially compromised. (This will be determined during our Plan Review process.)
5. Demolition of detached accessory structures which includes habitable space. (To insure proper Electrical, HVAC, or Plumbing terminations.)
6. Double fees associated with Stop Work Order posted for demolition previous to permit issuance shall not be charged.
7. If homeowner asks for inspections to insure proper termination of electrical, plumbing, HVAC or gas (when structure has been demolished without a permit), issue stand-alone permit for inspections with \$100.00 being the maximum fee charged.

Commercial Demolition Permits (\$200.00 fee):

1. Demolition of Commercial Structure.
2. Demolition or partial demolition of a commercial structure damaged by fire.
3. Demolition of accessory structures which include habitable space. (To insure proper termination of Electrical, HVAC, or Plumbing).
4. Demolition of Commercial Swimming Pool.
5. Partial Demolition/Reconstruction where structural elements are potentially compromised. (This will be determined during our Plan Review process.)
6. Double fees associated with Stop Work Order posted for demolition previous to issuance of demolition permit shall be assessed.
