DIRECTOR'S REPORT:

Georgia Government Transparency & Campaign Finance Commission: Director Jones reported that the Georgia Government Transparency & Campaign Finance Commission has tabled their discussion about proposed new rules pertaining to ethics reporting. Reportedly, the commission is weighing whether reporting agencies "shall" report at the end of each month or whether they "may" report at the end of each month.

Staff Training on Balotar Equipment: Director Jones reported that ES&S was at the county earlier today training staff on the Balotar System and how to produce provisional ballots.

Early Voting Dates and Times: Director Jones reminded the Board and audience that the Absentee In-Person election begins on Monday, October 16 and extends through Friday, November 3.

Discussion on Opening the Municipal and Special Election for Saturday Voting: Director Jones stated that an email had been sent from Mr. Neil Sullivan asking for early voting to include a Saturday for those who are unable to vote throughout the week. He added that the email pointed out some of the issues involving two elections held simultaneously- particularly with some voters having to go to two different locations to vote on the city and county question.

It was pointed out that any additional cost for opening on Saturday would be charged back to the Board of Education as well as to the City of Fayetteville, the City of Peachtree City, and the Town of Tyrone. It was further pointed out that absentee voting by mail was available for 21 days since this involved a municipal election. It was agreed upon that a decision would have to be made at this Board of Elections meeting since the next meeting, held in October, would be too late.

Director Jones stated there had been some consideration about having only one early voting location open for three weeks with the remaining two voting locations being opened for one week. He explained that this consideration was based on expected low-voter turnout. He stated that the reason all three voting locations were opened for all three weeks was due to the ESPLOST question being presented to the voters; meaning- from that perspective- there were two extra weeks available at two separate sites for anyone who wants to vote.

It was understood that if Saturday voting was agreed upon it would likely interfere with events that the City of Fayetteville has already scheduled for the County's Administrative Complex, and it would make voting on that Saturday problematic.

Mr. Wright asked if the early voting hours could be shifted, for instance, from 10 a.m. until 7 p.m. Considerable discussion followed about this matter but it was understood that early voting had to occur during normal business hours from 8 a.m. until 5 p.m., but that the hours could be extended should the Board decide to do so. It was further understood that extending hours would involve overtime for staff.

Mr. Wright asked County Attorney Dennis Davenport if this a decision that Mr. Jones could make or was it a Board decision. Mr. Davenport replied this is a Board decision.

Chairman Hicks stated he wanted to give staff the latitude to decide on how to provide greater access. Mr. Wright added that whatever decision is made it would have to be consistent on a go-forward basis for future elections. Chairman Hicks pointed out that extending hours could provide greater than one day for people to vote outside of normal business hours. Considerable discussion continued.

Mr. Wright stated that a broad conversation was in order for this matter, but he was not necessarily in favor to have Saturday voting this time. He said he thought the topic would have to be thoroughly researched and that it would have greater impact at larger elections. Chairman Hicks added this was an opportunity to take this step in order to serve the people. Mr. Wright stated he wanted to know what the changes involved before making the change.

Chairman Hicks stated this was an opportunity of being proactive. He asked, if extending hours failed, what would be the cost. He asked Mr. Davenport if it was a proper motion to either shift or extend the voting hours unless staff returns stating it would cause a problem would it be acceptable. Mr. Davenport advised that the motion should not have qualifications. Mr. Davenport stated the motion would need certainty. Director Jones added that if a motion was made to extend hours only for staff to find out that it cannot extend hours, then mixed messages would be sent to the public regarding voting hours.

Chairman Hicks stated that this was a perfect opportunity to make a change. Mr. Wright replied that he was not willing, based on one email, to make a decision on cost and employment issues. He said he wanted to have this conversation, but he wanted to have the information in front of him prior to making the decision. Mr. Wright further pointed out that this election was a relatively small election with the voters having many options to vote. Chairman Hicks disagreed saying there have been discussions about Sunday voting and extending hours for years and that this was not a hasty decision. He concluded that this was another opportunity where the issue goes into how does "it serve us personally rather than the constituents." He said drive needs to be serving the constituents. Chairman Hicks stated that while opening on Saturday may conflict with other events going on in the county there should be other options to consider. He concluded that there needs to be a time when everyone involved in elections from the local level to the federal government will come together to make it easier for people to vote while protecting the integrity of the vote. Mr. Wright agreed that the discussion needs to be had, but the facts are needed before a decision can be made. Chairman Hicks replied that there needs to be change.

(Ord. No. 2016-04, § 1, 2-25-2016)

Sec. 2-203. - Prohibitions.

- (a) No county official shall use or secure confidential information for any purpose other than his/her official duties.
- (b) No county official may participate or vote on any matter before the board of commissioners or other county body where such county official has a substantial interest in the outcome of such matter. For purposes of this code of ethics, a substantial interest is found where the county official receives a pecuniary interest due to the outcome of the vote.
- (c) No county official shall act as an agent or attorney for another in any matter before the board of commissioners or other county body.
- (d) No county official shall enter into any contract with the county except as authorized by state law.
- (e) No county official shall solicit or accept other employment to be performed, or compensation to be received, while still a county official if the employment or compensation could reasonably be expected to impair such county official's judgment or performance of county duties.
- (f) No county official shall disseminate confidential information to someone other than another county official, unless otherwise authorized by law.
- (g) No county official shall solicit or accept gifts, loans, gratuities, discounts, favors, hospitality, or services from any person for himself/herself, or any member of his/her immediate family, under circumstances from which it could reasonably be inferred that a major purpose of the donor is to influence the performance of the county official's duties.

(Ord. No. 2016-04, § 1, 2-25-2016)

Sec. 2-204. - Conflict of interest.

- (a) No county official may participate in a vote or decision on a matter affecting an immediate family member or any person, entity, or property in which the county official has a substantial interest.
- (b) A county official who has a relationship with any entity which receives funding from the county shall disclose such relationship prior to participating in any action for such funding.
- (c) A county official shall never discriminate by the dispensing of special favors or privileges to anyone, whether or not for remuneration.

- (d) No county official shall engage in any business with the county, or allow any member of his/her immediate family to engage in any business with the county which is inconsistent with the conscientious performance of his/her governmental duties.
- (e) Notwithstanding anything contained herein to the contrary, a county official shall disclose, prior to discussing or taking any action on any matter involving the donor, any gift or campaign contribution (cash or in kind) received by him/her, or any member of his/her immediate family, greater than \$100.00. Receipt of gifts and campaign contributions within the current election cycle valued at \$250.00 or more by a county official, or member of his/her immediate family, will prohibit the county official from participating or taking action on any matter involving the donor.

(Ord. No. 2016-04, § 1, 2-25-2016)

Sec. 2-205. - Enforcement and administration.

- (a) All allegations of violations of the code of ethics must be filed with the county clerk, in writing, signed by the complainant, no later than 45 days after the alleged act occurred unless the complainant, by exercising reasonable diligence, failed to discover the alleged violation of the code of ethics within such 45-day period. In such case, a complainant must file an ethics complaint with the county clerk no later than 45 days after the complainant discovered the alleged violation.
- (b) In no event shall an ethics complaint be filed with the county clerk more than six months from the date of the alleged violation of the code of ethics.
- (c) The complainant may withdraw the ethics complaint at any time in writing.
- (d) Within 30 days of receipt of an ethics complaint the board of commissioners will review the ethics complaint to determine whether same is on its face unjustified, frivolous, patently unfounded or fails to state facts sufficient to invoke disciplinary jurisdiction. A majority of the full board of commissioners must agree that a sufficient basis has been given to warrant a public hearing. Certain violations alleged against county officials who are employees may be referred through the proper channels consistent with the employee handbook's disciplinary procedures. A majority of the full board of commissioners shall make the determination of whether or not a review board should be impaneled.
- (e) If a complaint is received by the clerk which alleges a violation of the code of ethics by a member of the board of commissioners, a determination of sufficiency of the complaint will not be forwarded to the board of commissioners. The county attorney of any county within the Griffin Judicial Circuit, or any circuit abutting the Griffin Judicial Circuit, other than the county attorney for the county, shall make the determination of whether or not a review board should be impaneled.
- (f) If a review board is needed, three county attorneys, other than the county attorney for Fayette County, within reasonably close geographic proximity of the county will be requested to conduct a public hearing based upon the complaint. A majority vote based upon clear and convincing evidence will determine the existence of the violation or lack thereof. Should the review board find a violation has occurred, the review board will assess the commensurate penalty for the violation. A written decision shall be issued within 15 days of the conclusion of the public hearing. County officials are subject to the following penalties and action for violations of the code of ethics:
 - (1) Written reprimand or public censure;
 - (2) Recovery of value transferred from or received by the county;
 - (3) Cancellation of the contract or rejection of the bid or offer;
 - (4) A monetary fine not to exceed \$1,000.00; and
 - (5) Demotion or termination.
- (g) Any county official adversely affected by any final decision of the board of ethics may appeal as provided in this subsection.

(h) An appeal by certiorari may be commenced in the superior court of the county within 30 days after the decision becomes final.
