# Fayette County Public Works Driveway Sight Distance Assessment Form

# Development / Plat Name: \_\_\_\_\_

Lot Number(s):

## Sight Distance Assessment By:

Company

Individual (printed name)

Contact number and email

Individual (signature and PE or RLS number)

### Intersection Sight Distance (ISD) Requirement for Road

Posted Speed Limit (mph)	25	30	35	40	45	50
Minimum Required Sight Distance (ft)	280	335	390	445	500	555
Road Name						

Mark the appropriate column for the road. The indicated ISD is required to the left and right of driveway.

## Conclusion

- \_\_\_\_\_ The lot meets or exceeds minimum ISD along its entire road frontage
- \_\_\_\_\_ The lot meets or exceeds minimum ISD for a portion of its road frontage (i.e., the location of the driveway must be restricted)
  - The lot does not meet minimum ISD due to:
- \_\_\_\_ Horizontal curve
- \_\_\_\_\_ Vertical curve
- \_\_\_\_\_ Vegetation in right-of-way
- \_\_\_\_\_ Vegetation on private property
- \_\_\_\_ Other (explain) \_\_\_\_\_

\_\_\_\_ Unable to determine (explain) \_\_\_\_\_

#### Method

Field measurement using AASHTO criteria with eye and object height of
3.5 ft and a driver location 15 feet from edge of travel lane

Other (explain) \_\_\_\_\_

#### **Notes and Instructions**

- 1. The intent of this form is to help ensure all new lots created along existing roads may have driveways that provide safe ingress and egress.
- 2. This form to be completed for:
  - a. all lots proposed by a preliminary plat on existing roads; and
  - b. all new lots proposed by a minor final plat.
- 3. This form is not required for existing lots.
- 4. This form is not required for proposed lots along proposed roads.
- 5. The form shall be submitted directly to the Fayette County Environmental Management Department at time of Preliminary Plat or Minor Final Plat submittal.
- 6. Revised forms may be required at Final Plat submittal if significant changes are made to lot configuration between the approved preliminary plat and final plat.
- 7. The form is to be completed by, or under the direct supervision, of a Georgia Registered Land Surveyor or Professional Engineer.
- The method for field measurements shall be in accordance with guidelines and procedures set forth by the American Association of State Highway and Transportation Officials (AASHTO) and the Georgia Department of Transportation (GDOT).
- Questions? Contact Fayette County at <u>emd@fayettecountyga.gov</u> or 770-305-5410.
