Donna Thompson worked with County staff to secure traffic barricades for the Fayetteville chalk event. Heather Cap said with regard to the budget we should only need about \$150 to replenish consumables and possibly some advertising. Heather is going to make contact with Peachtree City to see if they have an event we can partner with. Donna said they have designated Drake Field as the preferred location to have chalk. Heather referenced the budget that was previously approved and asked if all of that had been spent. Donna will check, but said she did not believe all the funds were spent. Heather will prepare an overview of the chalks events.

There was discussion concerning how to put tags on any birdhouses that will be completed and the need to have all birdhouses donated for public spaces come through the Committee as the cities will need to determine where they are placed.
