Subject: IFB #1206-B: Lee's Mill Culvert Replacement – Addendum #1

Gentlemen/Ladies:

Included herein is additional information and clarification for the above referenced invitation for bids. Please consider all of this information when preparing your bid.

- 1. On the second page of the contractor experience form where the signatures are required, it states "I certify the above information is true and accurate...for the Emerald lake dam project" Would you like responders to line through with correct project?** Attached please find corrected page.
- 2. Can you please verify that the culvert, wing walls, and parapet are all pre-cast for this project? The detail in the drawings show pre-cast but there is a note on sheet 104 that all concrete formwork and rebar must be inspected by field representative? There will be none of that in the field with all items being pre-cast?** Both precast and cast-in-place culvert, wing walls, and parapets will be acceptable alternatives for the project. The project must be completed within the 168 days after work commences per the Additional Terms and Conditions specification section. Also, note that the Contractor shall be a Prequalified Prime Contractor, per the Georgia Department of Transportation (GDOT), Office of Contract Administration. Provide copies of all applicable GDOT prequalifications.
- 3. Will the county accept a GDOT standard cast in place culvert in lieu or a precast box culvert?** Yes, see answer to above question.
- 4. Reviewing the plans and specifications I did not see a detour plan or any time table for a road closure. Can you provide a detour plan showing the signage that will be required and advise as to the length of time we will be allowed to close the road?** A road closure will be acceptable for the project and will be coordinated with the County. Per specification section 01 33 00, Submittal Procedures, a road closure plan shall be submitted for review for the project.

Received by _____ Company _____

Note: If this addendum is not returned to the Fayette County Purchasing Department or if it is returned not signed, all responders shall still be responsible for the requirements of this addendum and the specifications or changes herein.

The opening date for this invitation for bids has not changed. **The opening date is: 3:00 p.m., Wednesday, March 29, 2017.** Bids must be received in the Purchasing Department at the address above in Suite 204 on or before the opening date and time.

Thank you for your attention to this matter.

Sincerely,

A handwritten signature in blue ink, appearing to read "Ted L. Burgess", is written over a faint circular stamp or watermark.

Ted L. Burgess
Director of Purchasing
