 Subject: Invitation to Bid #1516-B: Broom Blvd. Culvert Replacement

In the December 2015 flood event, the culvert at 104 Broom Blvd. was damaged. The headwall and pipe entrance on the 36" metal pipe were crushed. The pipe must be replaced. The 2017 Special Purpose Local Option Sales Tax (SPLOST) list of projects included this as a Category I (Flooding and Safety) project.

Tetra Tech, Inc., Public Works' Engineer of Record, prepared technical specifications for an Invitation to Bid (ITB) for the construction work. Subsequently, the Purchasing Department issued ITB #1516-B for a general contractor.

Emails were sent to 22 contractors who are registered on the county's bidders' list or have bid previously. Another 408 were contacted through the web-based Georgia Procurement Registry, using commodity codes 91339 (Construction, Pipe Culvert) and 91377 (Maintenance & Repair, Pipe Culvert). With potential funding assistance through the Federal Emergency Management Agency, we complied with their requirement by contacting 73 companies on the Small Business Administration's registry for small, minority-owned, or women-owned businesses. Notification was provided via the Fayette News, the county website, Greater Georgia Black Chamber of Commerce, Georgia Local Government Access Marketplace (www.glga.org), and Channel 23.

Nine companies submitted bids (please see attached). Environmental Management recommends award to the low bidder, Ryde Grading, Inc., in the amount of \$249,656.31. There are no records of a previous contract with this company, so a Contractor Performance Evaluation is not provided.

Specifics of the proposed contract are as follows:
