**Subject: RFQ #1763-A: Crosstown Raw Water Pump VFD Replacement
Notice of Cancellation**

Gentlemen/Ladies:

After careful consideration, the county has decided to cancel Request for Quote (RFQ) #1763-A. The initial RFQ did not specifically state the requirement for a utility contractor license issued by the Georgia Construction Industry Licensing Board – Utility Division. Although the requirement was included in an addendum, in the interest of providing equity and equal access to local government contracting opportunities, the county plans to re-issue the RFQ in the near future, possibly with some modifications.

If you have questions, please contact Natasha Duggan, Contract Administrator at (770) 305-5150, fax (770) 719-5534 or email at nduggan@fayettecountyga.gov.

Sincerely,

Ted L. Burgess
Director of Purchasing
