GENERAL TERMS AND CONDITIONS
RFQ #2116-A Asphalt Inspection Services

1. **Definitions:** The term “contractor” as used herein and elsewhere in these Terms and Conditions shall be used synonymously with the term “successful responder.” The term “county” shall mean Fayette County, Georgia.
2. **Quote is Offer to Contract:** Each quote constitutes an offer to become legally bound to a contract with the county, incorporating the request for quote and the responder’s quote. The binding offer includes compliance with all terms, conditions, special conditions, specifications, and requirements stated in the request for quote, except to the extent that a responder takes written exception to such provisions. All such terms, conditions, special conditions, specifications, and requirements will form the basis of the contract. The responder should take care to answer all questions and provide all requested information, and to note any exceptions in the quote submission. Failure to observe any of the instructions or conditions in this request for quote may result in rejection of the quote.
3. **Binding Offer:** Each quote shall constitute a firm offer that is binding for ninety (90) days from the received by date until time of award, unless the responder takes exception to this provision in writing.
4. **References:** Include with your quote a list of three (3) jobs that your company has done that are of the same or similar nature to the work described in this request for quote, on the form provided. Include all information as requested on the form.
5. **Preparation Costs:** The responder shall bear all costs associated with preparing the quote.
6. **More Than One Quote:** Do not submit alternate quotes or options, unless requested or authorized by the county in the request for quote. If a responder submits more than one quote without being requested or authorized to do so, the county may disqualify the quotes from that responder, at the county’s option.
7. **Defects or Irregularities:** The county reserves the right to waive any defect or irregularity in any quote received. In case of an error in extension of prices or totals in the quote, the unit prices shall govern.
8. **Responder Substitutions:** Responders offering substitutions or deviations from specifications stated in the request for quote, shall list such substitutions or deviations on the “Exceptions to Specifications” sheet provided, or on a separate sheet to be submitted with the quote. The absence of such list shall indicate that the responder has taken no exception to the specifications. The evaluation of quotes and the determination as to equality and acceptability of products or services offered shall be the responsibility of the county.
9. **Non-Collusion:** By responding to this request for quote, the responder represents that the quote is not made in connection with any competing responder, supplier, or service

provider submitting a separate response to this request for quote, and is in all respects fair and without collusion or fraud.

10. **Ethics – Disclosure of Relationships:** Before a proposed contract in excess of \$10,000.00 is recommended for award to the Board of Commissioners or the County Administrator, or before the County renews, extends, or otherwise modifies a contract after it has been awarded, the contractor must disclose certain relationships with any County Commissioner or County Official, or their spouse, mother, father, grandparent, brother, sister, son or daughter related by blood, adoption, or marriage (including in-laws). A relationship that must be reported exists if any of these individuals is a director, officer, partner, or employee, or has a substantial financial interest in the business, as described in Fayette County Ordinance Chapter 2, Article IV, Division 3 (Code of Ethics).

If such relationship exists between your company and any individual mentioned above, relevant information must be presented in the form of a written letter to the Director of Purchasing. You must include the letter with any bid, proposal, or price quote you submit to the Purchasing Department.

In the event that a contractor fails to comply with this requirement, the County will take action as appropriate to the situation, which may include actions up to and including rejection of the bid or offer, cancellation of the contract in question, or debarment or suspension from award of a County contract for a period of up to three years.

11. **Evaluation:** Award will be made to the lowest responsive, responsible responder, taking into consideration payment terms, vendor qualifications and experience, quality, references, any exceptions listed, and/or other factors deemed relevant in making the award. The county may make such investigation as it deems necessary to determine the ability of the responder to perform, and the contractor shall furnish to the county all information and data for this purpose as the county may request. The county reserves the right to reject any item, any quote, or all quotes, and to re-solicit for pricing.
12. **Payment Terms and Discounts:** The County's standard payment terms are Net 30. Any deviation from standard payment terms must be specified in the resulting contract, and both parties must agree on such deviation. Cash discounts offered will be a consideration in awarding the quote, but only if they give the county at least 15 days from receipt of invoice to pay. For taking discounts, time will be computed from the date of invoice acceptance by the County, or the date a correct invoice is received, whichever is the later date. Payment is deemed made, for the purpose of earning the discount, on the date of the check.
13. **Trade Secrets – Confidentiality:** If any person or entity submits a bid or proposal that contains trade secrets, an affidavit shall be included with the bid or proposal. The affidavit shall declare the specific included information which constitutes trade secrets. Any trade secrets must be either (1) placed in a separate envelope, clearly identified and marked as such, or (2) at a minimum, marked in the affidavit or an attached document explaining exactly where such information is, and otherwise marked, highlighted, or made plainly visible. See O.C.G.A. § 50-18-72 (A)(34).

14. **Trade Secrets – Internal Use:** In submitting a quote, the responder agrees that the county may reveal any trade secret materials contained in the quote to all county staff and officials involved in the selection process, and to any outside consultant or other third parties who may assist in the selection process. The responder agrees to hold harmless the county and each of its officers, employees, and agents from all costs, damages, and expenses incurred in connection with refusing to disclose any material which the responder has designated as a trade secret.
15. **Contract Execution & Notice to Proceed:** After an award is made, and all required documents are received by the county, and the contract is fully executed with signature of both parties, the county will issue a written Notice to Proceed. The county shall not be liable for payment of any work done or any costs incurred by any responder prior to the county issuing the Notice to Proceed.
16. **Term of Contract:** The term of this agreement shall begin on July 1, 2022 and continue through June 30, 2023. Thereafter, this agreement may be renewed by the county for two additional one-year renewal terms (each a “Renewal Term” and together with the Initial Term, the “Term”), which renewal will be by letter or other written correspondence from the county to the contractor ninety (90) days prior to expiration of the Initial Term or the then-current Renewal Term. If the county fails to provide notice of renewal, this Agreement will terminate at the end of the Initial Term or the then-current Renewal Term. This agreement is subject to the multi-year contractual provisions of O.C.G.A. 36-60-13(a).
17. **Unavailability of Funds:** This contract will terminate immediately and absolutely at such time as appropriated and otherwise unobligated funds are no longer available to satisfy the obligations of the county under the contract.
18. **Insurance:** The contractor shall procure and maintain the following insurance, to be in effect throughout the term of the contract, in at least the amounts and limits as follows:
 - a. **General Liability Insurance:** \$1,000,000 combined single limit per occurrence, including bodily and personal injury, destruction of property, and contractual liability.
 - b. **Automobile Liability Insurance:** \$1,000,000 combined single limit each occurrence, including bodily injury and property damage liability.
 - c. **Worker’s Compensation & Employer’s Liability Insurance:** Workers Compensation as required by Georgia statute.

Before a contract is executed, the Certificates of Insurance for all required coverage shall be submitted. The certificate shall list an additional insured as follows:

Fayette County, Georgia
140 Stonewall Avenue West
Fayetteville, GA 30214

19. **Unauthorized Performance:** The County will not compensate the contractor for work performed unless the work is authorized under the contract, as initially executed or as amended.
20. **Assignment of Contract:** Assignment of any contract resulting from this request for quotes will not be authorized, except with express written authorization from the county.
21. **Indemnification:** The contractor shall indemnify and save the county and all its officers, agents and employees harmless from all suits, actions, or other claims of any character, name and description brought for or on account of any damages, losses, or expenses to the extent caused by or resulting from the negligence, recklessness, or intentionally wrongful conduct of the contractor or other persons employed or utilized by the contractor in the performance of the contract. The contractor shall pay any judgment with cost which may be obtained against the county growing out of such damages, losses, or expenses.
22. **Severability:** The invalidity of one or more of the phrases, sentences, clauses or sections contained in the contract shall not affect the validity of the remaining portion of the contract. If any provision of the contract is held to be unenforceable, then both parties shall be relieved of all obligations arising under such provision to the extent that the provision is unenforceable. In such case, the contract shall be deemed amended to the extent necessary to make it enforceable while preserving its intent.
23. **Delivery Failures:** If the contractor fails to deliver contracted goods or services within the time specified in the contract, or fails to replace rejected items in a timely manner, the county shall have authority to make open-market purchases of comparable goods or services. The county shall have the right to invoice the contractor for any excess expenses incurred, or deduct such amount from monies owed the contractor. Such purchases shall be deducted from contracted quantities.
24. **Inspection and Acceptance of Deliveries:** The county reserves the right to inspect all goods and products delivered. The county will decide whether to accept or reject items delivered. The inspection shall be conclusive except with respect to latent defects, fraud, or such gross mistakes as shall amount to fraud. Final inspection resulting in acceptance or rejection of the products will be made as soon as practicable, but failure to inspect shall not be construed as a waiver by the county to claim reimbursement or damages for such products which are later found to be in non-conformance with specifications. Should public necessity demand it, the county reserves the right to use or consume articles delivered which are substandard in quality, subject to an adjustment in price to be determined by the Purchasing Director.
25. **Termination for Cause:** The county may terminate the contract for cause by sending written notice to the contractor of the contractor's default in the performance of any term of this agreement. Termination shall be without prejudice to any of the county's rights or remedies by law.

26. **Termination for Convenience:** The county may terminate the contract for its convenience at any time with 10 days' written notice to the contractor. In the event of termination for convenience, the county will pay the contractor for services performed. The county will compensate partially completed performance based upon a signed statement of completion.
27. **Force Majeure:** Neither party shall be deemed to be in breach of the contract to the extent that performance of its obligations is delayed, restricted, or prevented by reason of any act of God, natural disaster, act of government, or any other act or condition beyond the reasonable control of the party in question.
28. **Governing Law:** This agreement shall be governed in accordance with the laws of the State of Georgia. The parties agree to submit to the jurisdiction in Georgia, and further agree that any cause of action arising under this agreement shall be required to be brought in proper venue in Fayette County, Georgia.

SCOPE AND SPECIFICATIONS
RFQ #2116-A Asphalt Inspection Services

BACKGROUND

Fayette County is seeking quotes to provide quality material acceptance for GAB and Hot Mix Asphalt placed in Fayette County. The materials can be installed either by the County's internal crews or by outside contractor. Projects will include resurfacing, residential sub-division development, roadway construction projects and or pipe/culvert/bridge projects.

This Request for Quotes also includes Full Depth Reclamation (FDR) mix-design, field testing and on-site inspections.

FIELD INSPECTION SPECIFICATIONS

- The Road Department will give 48-hour advance notice when testing is needed on a resurfacing project. For residential development, roadway construction and pipe/culvert/bridge projects the County will give a 24-hour advance notice for testing. The Department also reserves the right to cancel up to 4 hours before the appointed start time.
- Testing shall include nuclear gauge density testing on asphalt resurfacing and compacted graded aggregate base construction. The County shall receive all moisture readings.
- Gauge shall be calibrated to the different mix types from local asphalt plants producing the mix and local rock quarries supplying the rock. If the gauge has been calibrated to those mix types in the last 12 months, the vendor shall present documents verifying the calibration. The county will accept the calibration.
- All tests or inspections shall be reported in the daily report that will be emailed to the Assistant Road Department Director. All failing tests need to be called into the Assistant Road Department Director immediately. The contact person's phone number and email will be given with the Notice to Proceed (NTP).
- Vendor shall furnish all materials, labor, tools, equipment, specialized equipment, and services required to provide the required testing.
- Each day the vendor is requested to do testing will receive a minimum of 4 chargeable hours.
- If the road is being resurfaced in two or more lifts, each lift shall be tested.
- Traffic Control shall be supplied by the vendor with the following exception:
 - Resurfacing – County will have traffic control on roads being resurfaced by County In-House Crews.
 - Residential Development – will not require flagging due the roads not being open for general public use.
 - Construction Projects – County will supply traffic control for County In-House Crew projects.

- All testing work will be done between normal County resurfacing hours of 8am thru 5pm Monday thru Saturday.

ADMINISTRATION SPECIFICATIONS

- This will cover costs associated with attending pre-construction meetings of County projects where field inspection services will be provided.
- Up to 1 hour of total travel time can be included with the meeting time.

FDR SPECIFICATIONS

- Will perform a FDR mix design by producing a composite sample of similar materials and performing laboratory testing to determine the optimum amendment percentage using Type 1 Portland Cement.
- Obtain bulk samples of pavement materials from various locations within the project pavement limits. Perform visual classification of the materials along the pavement section of each roadway. Materials that are determined to be similar in nature will be combined into a composite sample.
- Traffic control if required will be provided by the County.
- A written report will be prepared including the laboratory tests and soil cement design recommendations.
- Perform field inspections and any required testing to verify that the mix design is being properly installed by the County's approved Contractor on the FDR project and be able to make field recommendation if changes in the field are required.
