**Subject: RFQ 2495-A: Scoreboards  
Addendum #1**

Gentlemen/Ladies:

Below, please find responses to questions, clarification, or additional information for the above referenced Request for Quotes. You will need to consider this information when preparing your quote.

**1. Do you have Union requirements for this project?**

We do not have any local regulations or requirements in our contracts regarding unions.

**2. Do you have a final date that scoreboards need to be installed?**

We would like to have all scoreboards installed and working by February 15, 2025.

**3. Do you have photos of the existing/proposed site location? We like to provide a digital render to our customer of what the signage will look like and if we can "place" it in the desired location that helps tremendously for visual identification.**

See attached for what the existing scoreboards are located and what they should look like. The location will be in the same location as the existing scoreboards.

**4. Does the site have current power and data, or will that be provided prior to sign installation?**

The site currently has power as we are replacing existing scoreboards. We do not have data as the new scoreboards will use the control boxes at first to control the scoreboards.

**5. Can you provide a current logo that you would like to be placed on the top of said LED signage?**

See the attached photograph for how the scoreboard should look.
