Date: June 8, 2016  
Subject: Contract #1122-S: Motorola Maintenance Agreement for Fiscal Year 2017

The county entered into maintenance and support agreements in 2004 with Motorola Corporation for various technology systems within the 911 Communications Department. The agreements include support for the radio system, uninterrupted power source, talk-around channel, weather warning siren system, and 911 phone system. Because of the nature of emergency communications, and the need for compatibility and continuity, the county does not routinely solicit bids from other vendors for the support services.

A display showing the system components covered by the agreement, and their historical costs, is attached. Maintenance services for the 911 phone system appear to be increasing significantly. However, a new, upgraded phone system was installed on February 27, 2015 and warranties were included. The price is increasing to reflect expiration of the warranties.

911 Communications recommends renewal of the agreement with Motorola Corporation for Fiscal Year 2017. Specifics of the proposed contract are as follows:

Contract Name	1122-S: Motorola Maintenance Agreement		
Vendor	Motorola Solutions		
Contract Amount	<del>\$539,196.47</del> after prepayment discount		
	<b>\$526,990.38</b>
