Subject: RFP #1082-P, Road Pavement Consulting Services – Addendum #4

Dear Gentlemen/Ladies:

Included herein is additional information and clarification for the above referenced request for proposal. Please consider all of this information when preparing your proposal.

1. **Does the County have paved width data from each road segment, either in Excel or in GIS?** Currently the county does not have accurate width data.
2. **Approximately how many miles are divided/undivided roads?** There is only 1 road with different divided sections of 790feet, 244 feet and 717 feet of roadway.
3. **How many miles are 2 lanes, 4 lanes, 6 lanes etc.?** All roads are 2 lanes, including the above listed divided road.
4. **Do you want only visual evaluation in accordance with GDOT pavement design manual or you also want pavement cored to determined existing pavement thicknesses at specified intervals (generally one per lane per mile and at selected cracked locations)?** Currently, the focus is using the ASTM D6433-11 guidelines for visual pavement evaluation.
5. **Is pavement design required for these roads?** Please refer to Article III Street Design Standards and Specifications on the following website:
http://www.fayettecountyga.gov/environmental_management/development_regulations.htm.
6. **Can training of county employees be performed in conjunction with our fieldwork or you want separate training sessions?** It is the expectation of the County that our employees with be training in conjunction with the field work being performed.
