Subject: #1139-B, Water Distribution Supply Parts – Addendum #1

Ladies and Gentlemen:

Included herein is additional information and clarification for the above referenced invitation for bids. Please consider all of the information when preparing your bid. Please acknowledge receipt of this addendum by signing in the space provided and returning it with your bid.

- 1. Line items: #35, 39 & 61 all show being 2" Bronze gate valves. Is there any difference in these valves?** Line items 35 and 61 have been removed from the pricing. Attached see revised pricing sheet.
- 2. Lines 56, 57, & 58 reads: brass hex bushing, but the description is backward for a normal bushing, just need to verify that they are standard bushings?** The descriptions have been corrected on the revised pricing sheet under the new numbers of 55 through 57.
- 3. Line #30 reads: 1" poly coupling, but descriptions reads 1-1/4". I need to verify which size and if this is for IPS or CTS size?** The description listed is accurate. The coupling is to be used for 1" poly piping with a 1 ¼" copper tubing.
- 4. Lines 142-150 Valve boxes and lids; would import be allowed for the cast iron items?** Imports will be accepted for cast iron line items updated numbers on the revised pricing sheet 140 through 146 and line item 148.

Received by _____ Company _____

Note: If this addendum is not returned to the Fayette County Purchasing Department or if it is returned not signed, all responders shall still be responsible for the requirements of this addendum and the specifications or changes herein.

The opening date for this invitation for bids has not changed. The opening date will be 3:00pm, Thursday, July 7, 2016. Bids must be received in the Purchasing Department at the address above in Suite 204 on or before the opening date and time.

Thank you for your attention to this matter.

Sincerely,

A handwritten signature in blue ink, appearing to read "Ted L. Burgess", is written over a light blue horizontal line.

Ted L. Burgess
Director of Purchasing
