Subject: ITB #1171-B: Asphalt / Federal Funded Proj. PI0012623 – Addendum #1

Dear Gentlemen/Ladies:

Included herein is additional information and clarification for the above referenced invitation to bid. Please consider all of this information when preparing your bid.

- 1. Why would you take the bid amount and multiply it by a Weighted Factor?**
Fayette County reviews the GDOT Asphalt Cement Price Index (ACPI) trends to determine which index prices will have the highest probability of being experienced in the upcoming months. Based on recent trends, it appears that we will experience billings based on ACPI values in the \$276 - \$400 range. Since the county will most likely pay invoices based on that ACPI range, we would, of course, place more emphasis on the prices within that group. We would naturally want to give less emphasis to bid prices on the high end or low end of the scale, unless there is reason to believe the ACPI will fluctuate that much.
- 2. I have not been able to find the Contract Duration for this ITB? Item 12 on page 5 says "Prices Quoted Shall be firm for the period of the Contract"? As does item 5 on page 14. Is it 6 Month? 1 Year? Sometime in 2017?**
Fayette County goal is to have the project completed in six months.
