**Notes**

- **Authorized Projects** are those in which a Notice to Proceed has been issued and/or work has been started in-house by the County or City.
- **Programmed Projects** are those planned for implementation but have not been started.
- **SPLOST Cost Estimate** is the amount of SPLOST dollars anticipated to be needed for the project. The cost estimate does not necessarily reflect total project cost as additional funding sources may be used. Many of the cost estimates are conceptual and will be revised as design progresses.
- **Sponsor** indicates the County or City responsible for project implementation. Projects sponsored by the Georgia Department of Transportation are not included in these lists.
- **No.** corresponds to the project identifications used in the April 2003 *Fayette County Transportation Plan* and is provided to help cross-reference with the Plan. Projects not in the 2003 Plan do not have a number/ID.
