

# GOT GLASS?®

## RECYCLE IT!

**DROP OFF YOUR GLASS IN THE PURPLE BIN AT:**

**FAYETTE ENVIRONMENTAL  
EDUCATION ANNEX CENTER**

Located in the Nature Center Annex at the Beaugard-Grady Roundabout:

**455 BEAUREGARD BLVD., FAYETTEVILLE, GA 30214**

For additional locations and more information, scan this QR code or visit [www.rippleglass.com/atl](http://www.rippleglass.com/atl). Ripple Glass accepts all colors of food and beverage glass. Labels can stay on. If you can see through it, we can likely recycle it!

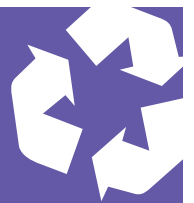

Ripple Glass®

## WHY RECYCLE GLASS?

- Container glass is 100% recyclable and can be recycled endlessly

- Using glass instead of raw materials saves enormous amounts of energy

- Recycling one bottle saves enough electricity to power a 100w light bulb for 4 hours

- Cuts CO2 emissions – For every six tons of recycled glass, a ton of carbon dioxide, a greenhouse gas, is reduced.
